The Guaranteed Cell

If any of our RED SEAL DRY BATTERIES do not give satisfactory service for IGNITION OR OTHER WORK, we will credit account, refund money or replace with new cells. We invite comparative tests with any way the other maker may suggest. QUALITY is what is wanted and is what WE GUARANTEE to give, and a comparative test will demonstrate that we can safely guarantee satisfaction when the results are compared with any other dry cell of the same size.

THE WEATHER.

(By Associated Press.)

OREGON, Oct. 17.—Fair to night and Wednesday.

BORN.

SELLS—To Mr. and Mrs. Geo Sells of Bangor, Monday, October 16, an eight-pound son. Mother and child are doing nicely and the father is overjoyed at the arrival of his first boy.

New Orchestra—Harry Bradfield is organizing a new orchestra in Marshfield.

Dance Tonight—The Coos Bay Concert band will entertain the supporters of the organization at a dancing party at the Odd Fellows hall this evening. It is strictly an invitational affair.

Played With Crandall—R. O. Graves recalls the fact that he used to play second base on an Indiana "bush league" team with Crandall who was on the New York pitchers in the world's championship series yesterday. Marquard also got his start in baseball in Indiana.

Wins Game—Erle Bolt in a letter to his father, Geo. N. Bolt, says that he played on the Willamette University team against the Chemawa Indian school team last Saturday, winning by a big score. Next Saturday, Willamette will play Multnomah Athletic club of Portland.

New Residents—Mr. and Mrs. E. H. Fish and family consisting of four children, Misses Helen and Shirley, and Masters Edward and baby are moving from Bandon to Marshfield where they expect to make their permanent residence. Mr. Fish is now connected with the Bradley Candy Co. of this city.

Kills Bear—Glen Rozelle, Al Nichols and Stanley Oldland killed another big bear on Joe Nay Inlet the other day. The almost got a second one the same day. However, the second one was too much for the dogs and whipped three of them before the hunters could get within shooting distance. A short time ago they killed a bear in the same vicinity.

Kills Many Seals—Al Nichols was up from Empire today and reports that he killed a large number of seals near the bar. Those he didn't kill became frightened and left. As a result, the run of salmon is greater and the nets in the lower Bay are not being molested. He was hired by the Southern Oregon cannery to kill off the seals which kill many hundreds of salmon each season.

Damages Boat—This morning the O'Kelly launch Bonita was badly damaged in a peculiar way. In starting the gasoline engine, the man got in too much of a hurry and turned on too much juice. The result was that it kicked back and threw the crank with such force as to break a hole through the bottom of the launch and she had to be put on the ways to be patched.

Big Day at Library—Last Saturday was the biggest day the Marshfield Public Library has known. During the day, over 100 people visited the library and eighty books were taken out by patrons. The library is having a gradual growth and nearly every family in Marshfield is now availing itself of its benefits. Besides this, many others are availing themselves of its free reading room.

At Huntington—Copies of the Huntington, Ore., Herald received here indicate that Rev. Robert C. Lee, who was formerly pastor of the Marshfield Methodist church, is taking an active part in an anti-gambling crusade there. He is pastor of the Huntington Methodist church and advertises that if anyone will furnish him evidence of losing money at gambling, he will recover it for them.

with a profit. A son of Rev. Lee, Charlton Lee, made his home with Mr. and Mrs. F. M. Friedberg in Marshfield until a few months ago.

Redondo Coming—The Redondo is expected to reach North Bend about 5 o'clock this evening from San Francisco.

Rescues Crew—The David Evans, a steam schooner which was built on Coos Bay in 1901, reached Astoria Saturday with the crew of the schooner William Nottingham, which she rescued. The David Evans is now flying the British flag, her home port being Victoria, B. C.

To Washington—Word has been received here that Frank B. Tichenor who was recently here endeavoring to secure a position as publicity manager of the Chamber of Commerce, has gone to Seattle to become state organizer for the Maccabees in Washington. He has recently been with the W. O. W. lodge.

Mark Reef—The lighthouse service has recommended that a large acetylene and whistling buoy be established off Cape Blanco to mark the Port Orford reef until a light ship can be located there. The reef is dangerous and has caused a number of bad accidents, one of the last being the damage to the Saginaw which was saved by the Redondo.

Goes to Bandon—Roy Rozelle left today for Bandon where he will assist in dynamiting a couple more large rocks out of the harbor there. The Larson dredge Oregon has completed the work on the Coquille project and is now waiting for good weather to be towed over to Coos Bay.

day. He reports that everything is booming at Bandon, as usual.

J. M. NYE, Jr., of Coquille is in Marshfield on business and pleasure.

GUY WARNER, manager of the Lockhart Grocery, and wife and baby, are expected home on the Redondo today from an extended visit at California points.

DAVE ROBERTS brought in a fine five point deer head to be mounted. It was killed by George McCullough and is said to be one of the best specimens seen here in many a day.

WM. TURPEN of Empire was in Marshfield today on business. He reports that his son, W. S. Turpen, who has been spending the summer in Portland, will return here about the first of November.

ED MOHLER, the lumber inspector who recently underwent operation at Mercy hospital, was able to leave the hospital yesterday. He is getting along fine, much to the gratification of his many friends.

MRS. JOHN BUTLER and son, who have been visiting relatives in California, are expected home on the Redondo today and consequently the City Recorder is feeling happier than he has for several weeks.

JAY TOWER returned yesterday from an over Sunday stay at the Glasgow Gun club and he only got nine ducks. Very few of the many hunters out Sunday got many ducks and the reports that the big flight is now on were evidently a little premature.

E. Hinkley, the well known pioneer, is again to be around after being laid up for three weeks as a result of having one of the bones in his right leg cracked by a log rolling on it while at work in a camp on Catching Inlet.
