

Mrs. Housewife, You Are Losing \$75.00

Out of every \$100 you spend for coal if you don't use Cole's Original Hot Blast Heater.

WHY? Well, Here's the Reason:

Ordinary soft coal contains from 20 to 25 per cent. burning material and 30 to 50 per cent. gas, the balance is waste. With the ordinary heater you just burn the 20 to 25 per cent. of the coal. With Cole's Original Hot Blast Heaters you not only burn the usual burning material but also the gas part of the coal which gives you 60 to 75 per cent. efficiency.

They Cost \$12.00 to \$18.00. We have them. **TERMS, 10 CENTS A DAY.**

WILEY'S RECIPE FOR A GREAT NATION

MANY recipes for making a nation great have been put forth since it was averred that "righteousness exalteth a nation." There have been ethical recipes, intellectual recipes and materialistic recipes. The moralist suggests virtue, the high-brow thinks that culture is the means the mercantile is sure that it consists in balances of trade in his country's favor and the militarist thinks that occasional bloodletting at the other fellow's expense, with some property as indemnity, is a good method of attaining greatness.

But it has remained for Doc Wiley, guardian of the Yankee's health, to suggest a novel recipe. It consists of soap, sugar and right treatment of women.

Use soap fearlessly and freely, on yourself and the house, and it will bring the cleanliness which is next to godliness. Don't use "soft soap" for that covers instead of removing moral filth, but scour the country with the hard soap of reform.

Eat all the sugar you can digest and afford, for the doctors admit now that it is good food, and buy plenty of pure sugar candy for the children. Sweeten social intercourse with "taffy" and helpfulness and courtesy. Give the women the square deal, both as individuals in the home, and members of society and as citizens of the nation, and they'll push progress forward at double pace.

The doctor proclaims that these three agencies make for the greatness of nations. He justly maintains that America surpasses other countries in these respects. Ergo, Uncle Sam and Miss Columbia excel John Bull and Miss Britannia and all the other members of the human family.

WITH THE TOAST AND TEA

GOOD EVENING.

There is no impropriety in using a spring wagon in the fall.

Money may make some Coos Bay people mad—but it is the lack of it that makes most of us wax warm in the neck-cloth.

Would you like to see the baby? The dotting mother asked.
I'd like to see it paddled.
Said the neighbor as he passed.

Advertising is power just as electricity is power. You can use it for a spot light for your vanity, or hitch

it up and drive the machinery of your business. Use only as much of it as you need, but study its uses.

If we had all the money we have spent foolishly a great big piece of foolishness would be pulled off immediately.

WHEN SHADOWS FALL

The mists are hovering like a pall,
And into shadows spur...
Yet roses on the garden wall,
Are dreaming of the sun.

And though the shadows, dull and gray,
Will never when we're old,
Each yellow sun will bring its day
Of springtime green and gold.

And when the shadows fall, we know,
The dreamers long silent lain,
Will come out from the Long Ago,
To meet us here again. F. D.

POET WANTS RUEF FREE

Joaquin Miller Comments on Efforts of Older.

SAN FRANCISCO, Oct. 31.—Fremont Older, who, after leading a fight of years to send Abraham Ruef to the penitentiary, is now attempting to secure his release, received a letter from Joaquin Miller in which the poet commends Older for his efforts, and urges him to continue.

"What's Christianity for if it doesn't lead you to forgive a foe when you have beaten and humiliated him?" says the poet. "Ruef may have done wrong, but he is now ready to atone for that wrong. This is shown by his plan laid before the prison directors for 'prison reform,' which I have carefully read and studied. It is the most remarkable document along these lines I have ever seen. It is practical; it is needful.

"In prison he is helpless to carry out his plans. Out of prison he is pledged to devote his life to it. Why not give him the chance? If he does not make good he can be returned. Try him, and my word for it, my hand on it, California will yet have occasion to be proud of him and the work he will do."

THAT GYMNASIUM.

Editor Times: The C. A. Smith company say they have received payment in full for all supplies furnished by them for the tabernacle and are to be exonerated from any connection with that gymnasium deal.

Now, the question is who holds the bag for that \$600 he wishes to unload on the public? Can it be a member of the school board that is personally interested?

PLAT OF NEW ADDITION FILED.

A. Y. Meyers, W. F. McEldowney, Fred K. Gettins and E. P. Jones went to Coquille yesterday to submit the plat of First Addition to Marshfield to the county commissioners. The plat was accepted by them and filed for record.

First Addition to Marshfield is the property of Reynolds Development company and comprises a tract of beautiful residence land just south of the city of Marshfield and on the west side of Coal Bank Inlet. This land is now platted into lots each 50 feet wide and 120 feet deep. The streets are 60 feet wide, and these with one exception all run north and south or east and west. Southwest Boulevard, which is a continuation of Fifth street, follows the windings of Coal Bank Inlet.

There has been considerable inquiry for this property from home-builders and investors, and the company is now prepared to complete many sales which have been pending the filing of the plat.

DOCTOR'S PRESCRIPTION FOR ECZEMA

The most advanced physicians of this country and Europe are now prescribing a wash of wintergreen thymol and other soothing and healing ingredients for the cure of Eczema, Psoriasis and all other forms of skin trouble. This compound is known as the D. D. D. Prescription. Dr. Holmes, the well-known skin specialist, writes: "I am convinced that the D. D. D. Prescription is as much a specific for Eczema as is quinine for malaria. We have been prescribing the D. D. D. remedy for years."

We ourselves vouch for the D. D. D. Prescription for Eczema and absolutely guarantee that it will take away the itch the instant you apply it.

A Wise Old Owl

Said Shiftless Sam: "It is easy enough to make money if you have money to make it with. I see chances every day to make money if I only had a little stake to start with, but a fellow that has no capital doesn't have a fair shake in this world."

Said the Wise Old Owl: "You never will have a stake until you start. Stop your spending and try saving. Pinch out a little of your earning and start a bank account no matter how small. Add to it. The longer you put it off the longer opportunity will give you the cold shoulder." Which one was right, Sam or the Owl?

The Impression Carried Away By the Visitor

Writing to his home paper, the Springfield (Ohio) Sun, a man traveling through the south said:

"Mobile is a liberal user of electricity and its streets are well lighted and decorated with many fine signs—an uncontrovertible evidence of conspicuous enterprise."

No doubt our own city has inspired similar comment many times.

Don't you think it pays to send the visitor home feeling that he has seen a live city in which live merchants do business?
