### Minnesota Grounded Off Coast of Japan But Escapes Serious Damage.

KURUSHIMA, Japan, Nov. 11.—The liner Minnesota was floated today and has continued her voyage to Seattle. She was practically undamaged. She grounded near here yesterday.

### FROM DROUGHT TO RAIN

#### England Suffers from Too Little and Too Much Water.

LONDON, Nov. 11.—The heavy rains which have broken the exceptional drought which has prevailed this year in England may have done more damage than good, according to reports made by numerous landlords.

They assert that the long drought has played the part of a long-sustained earthquake with the heavy rains acting as a final shake. So severe has been the action on many buildings that the repair work will equal the rentals for the next two years.

The shrinkage of the clay and other subsoils has been so great that in some places whole streets of houses have developed threatening cracks, drainage systems have been disorganized, and building inspectors are having the busiest times of their lives and careers. The damage to the London suburbs has been especially severe. There has been a wholesale subsidence in a number of Herfordshire villages, and some of the finest old homes in the clay districts of the Midlands are threatened with destruction. Architects and builders attribute the disturbances solely to the shrinkage of the subsoil, which is much worse on the clay soils which normally hold the most water.

### CHEER UP—THE WORST IS YET TO COME.

Prices of Marshfield real estate are at a level which will seem ridiculously low in a comparatively short time. At the same time, care should be used in selecting purchases; to get the best. We ought to have the best bargains and believe that we have.

- For instance: \$1,575 will now buy two lots on Broadway, just south of Hall.
- \$1,600 will buy two lots on Second, just south of Hall.
- \$1,850 will buy two lots on Second, north of Hall.
- \$2,000 will buy two lots on Second, just south of Golden.
- \$1,600 will buy two lots on Fifth, just south of Ingersoll. (Paved street).

### TODAY A NOTABLE DATE IN HISTORY

Today marks a curious coincidence in the figures on the calendar. It is the eleventh day of the eleventh month of the eleventh year, comprising seven units thus—

"11-11-1911." This cannot occur with any other date and cannot happen again for 100 years. The nearest approach to such a combination of figures will be February 22, 1922, which will be written "2-22-22" but contains only five figures of the same denomination while today, has seven.

### NEW MASTERPIECE

#### Artist Hoffbauer Brings Fine Picture To America

Stevenson, where American art students take after dinner coffee.

### MYRTLE POINT WON.

## SOCIALISTS MAKE GAINS

### New Lieutenant Governor of Mississippi Is a Socialist.

PORTLAND, Nov. 11.—The Oregonian published the following: "Socialist gains mark the elections held yesterday and gave that party power in districts where heretofore it had been able to muster a counting vote.

"Candidates on the Socialist ticket in various states and for various offices were elected. Returns early this morning showed that James T. Lester, a Socialist, had been elected Lieutenant of Mississippi. In rock-bound Massachusetts, a Socialist was elected to the legislature. In nearly every state the Socialist vote showed enormous gains over the previous election.

In Schenectady, N. Y., the Socialists elected a mayor, all other city officials except one and a majority of the County Board. In addition, the Assembly district in which Schenectady is situated returned a Socialist Assemblyman.

Ohio was another winning ground for the Socialists. There they elected 19 mayors and the returns in half a dozen chief cities showed large gains. Besides Schenectady, Cleveland, Columbus and Dayton were the most favorable cities for the younger party.

In the second Kansas Congressional district, where a successor to the late Representative Mitchell was elected, the Socialists made gains.

The Socialists elected a mayor and one Alderman in Crookston, Minn. In Saginaw, Mich., Socialists elected four of the 23 Commissioners chosen to revise the city charter.

In several other states among them New Mexico, where Socialists had a full ticket in the state, further gains were predicted.

Although acknowledging that the vote of the Socialists and labor union element was a potent factor in determining the result of the election in Salt Lake City, the managers of the citizens' campaign give credit in part for their victory to the campaign of the Women's Welfare League in behalf of social purity."

## Business Men Should Observe Golden Rule

By E. H. GARY, Chairman of United States Steel Corporation

THERE should be established and continuously maintained between business competitors a friendship which compels one to feel the same concern for his neighbor that he has for himself.

IT IS NO LESS IN PRINCIPLE THAN THE GOLDEN RULE APPLIED TO BUSINESS. IS IT POSSIBLE? IF IT IS, IT WILL BE CERTAIN TO PAY.

For example, take any two men engaged in competitive business, but who are sufficiently acquainted to have the entire confidence of each other. Is there any doubt that in the daily conduct of their affairs neither would be disposed to do anything unneighborly or unreasonable toward the other or that the acquaintance would bring to both better results than could be realized if they were unfriendly or engaged in bitter and DESTRUCTIVE competition?

If they are in frequent discussion on questions in which they are INTERESTED, freely interchanging opinions and frankly disclosing conditions concerning their business, will not the individual conclusions reached by each naturally be of a higher order and MORE SATISFACTORY in every particular?

Argument, IF SOUND, applies with greater force whenever a large number of persons are in the habit of meeting one another with the same spirit of friendship which exists with reference to a smaller number.

## In Fifteen Years Smoking In Public Will Be Obsolete

By Dr. HARVEY W. WILEY, Food Expert © American Press Association.

WITHIN FIFTEEN YEARS SMOKING AND TOBACCO CHEWING IN PUBLIC WILL BE OBSOLETE.

The crusade against the use of tobacco in public has a double purpose—that of PURIFYING the air and for the RELIEF of persons who do not use the weed and whose nostrils are OUTRAGED by tobacco smoke.

I do not object to a man smoking his head off—IF HE CARES TO—provided he does it at home or in the woods or meadows, but not where other human beings are liable to be. IT IS NOT FAIR.

THOMAS NELSON PAGE, SOUTHERN NOVELIST.

ONE of the most beloved of American authors is Thomas Nelson Page. A Virginian, he knows the old romantic south to the core. He knows the negro and the problems of the south and has written interestingly upon them. Nobody has written more delightfully of the antebellum days in Virginia. Some of Mr. Page's stories of the civil war are masterpieces. "The Burial of the Guns" is accounted one of the most notable pieces of pathos in American literature. Mr. Page began his career as a lawyer and practiced his profession in Richmond for many years, but the success of his early books induced him to abandon the law for literature. For some years he has lived in Washington, where he is a notable figure.
