THE PUBLIC

'What do you think the public's for?' I asked of a trust one day. 'To gouge and to grind, To throttle and bind, To torture in every way; To cheat and to rob By my 'swell mob', To kick all about the floor; To shake by the heels, Till it gasps and squeals— Oh, that's what the public's for!' 'What do you think the public's for?' I asked of a politician. 'To jolly and fool, To be my tool And to keep me in high position; To hark to my speech While flub I preach And promise it more and more; To stand for the gaff As I sneaker and laugh— Oh, that's what the public's for!' 'What do you think the public's for?' I asked of the franchise man. 'To furnish the funds, To go ball for our bonds And on rates ne'er place a ban; To lie to and cheat, To cuff and to beat, To squeeze till its sick and sore, And to take what we give And be glad to live— Oh, that's what the public's for!' 'How long will the public stand all this?' I asked of the trio grand. 'As long as we choose To steal its shoes And rob it with careless hand. It may kick sometimes At our so-called 'crimes', But we laugh at its feeble roar; Then we toss it a crumb And its howl must succumb— For that's what the public's for!'

Has New Invention.—Jack Meehan has completed a new patent electrical saw that promises big things. On the first tests it has demonstrated its success. A new style electrical motor for it has been designed by him. He will make further tests of it and will leave about January 1 for the factory of the Westinghouse Electrical company at Pittsburg where he will superintend the manufacture of some of them. GET PART OF CASH. Coos County Shares In Land Sale Fund. SALEM, Ore., Nov. 18.—Apportionment of the five per cent received from the United States government for the proceeds from land sales in Oregon was made by Secretary Olcott. The total amount received for the year was \$12,785.67 to be apportioned pro rata among the counties according to acreage. There are 60,957,760 acres of land in the state and the apportionment is made on a basis of .00020974635. The apportionment for Coos, Curry counties is as follows: Acreage. Amount. Coos 949,120 199.07 Curry 3,263,360 684.48 TO INCREASE BOUNTY Several Changes in Oregon Bounty and Game Law Planned. PORTLAND, Ore., Nov. 16.—Several important policies decided on by the Oregon Game and Fish Commission are announced as the result of painstaking work on the part of the members. The Legislature will be asked to increase the bounty on cougars, lynxes, wolves and other predatory animals. The present bounty on cougars is only \$10, a figure which hardly would induce the rancher or woodsman to train and keep 'varmint' hounds. No decision has been reached as to the amount to be recommended as a bounty for cougars, but the lower limit will not be less than \$25, and it may be double that figure. While there may be some difficulty in convincing a majority of the Legislature of the fact, practical men know that payment of \$50 for every cougar killed would be economy, while the bounties on wolves and similar marauders should be correspondingly increased. Hereafter young salmon and trout will not be liberated from the hatcheries until they are 8 months or a year old and able to escape the onslaughts of predatory fishes. This plan will cost more money, but it necessarily must result in all good streams of the state once more teeming with trout.

RAISE LUMBER RATE. Asiatic Steamship Line Boasts Freight Charges to Orient. ASTORIA, Ore., Nov. 20.—Statter and Company agents for the Waterhouse fleet, announce an increase in rates for lumber to the Orient of from \$1.00 to \$2.50, effective immediately. The Japanese rate will be \$2 and the Hong Kong rate will be increased proportionately. The Kumeric, sailing this month will carry a half million feet of lumber, but the old rates will obtain, as the shipment was under contract before the news rates were announced. AFTER HARVESTER TRUST Dissolution of Big Company Now Up to its Officers. (By Associated Press to the Coos Bay Times.) WASHINGTON, Nov. 17.—The next move looking to voluntary disintegration of the International Harvester Company rests with that corporation. Negotiations between the Department of Justice and the company have been temporarily suspended, pending the action of the officials of the so-called 'Harvester Trust' upon the department's objections to the plan of dissolution submitted by the representatives of the company.
