

# FREE-FOR-ALL FIGHT GAME

### Marshfield and North Bend Football Contest Savored of Riot—Marshfield Won.

In the most exciting game of the season, Marshfield High school defeated North Bend Saturday by the score of five to none and thereby won the Coos county championship for 1911. The game from start to finish was a mixture of long brilliant runs, fumbles, flukes, and slugging, with an occasional free for all fight among the spectators or players. Time and again Marshfield worked the ball down to North Bend five and ten yards lines only to lose it on fumbles, or by failing to make yardage, while the North Bend boys electrified the crowd by getting away with several forward passes for big gains. The Marshfield boys seemed tired and over-trained, and after the first quarter were unable to get any life into their plays. The North Bend players showed a great lack of practice and made several bad break fumbles.

Marshfield made the only touchdown of the game in the first few minutes of play. North Bend kicked off, Stutsman getting the ball and running it back ten or fifteen yards before he was downed. Marshfield then started off with a rush, and by a rapid series of plays ran the ball down the field and over the goal, Stutsman making the touchdown. No goal was kicked after this, the teams seemed evenly matched and for the rest of the quarter the ball saw-sawed back and forth, now in Marshfield territory and now in their opponents. The ball was put in play on North Bend's thirty-yard line. Marshfield worked the ball down to within striking distance of North Bend's goal, but lost it on a fumble. North Bend then started in on line bucking tactics and for a time made good gains, but Marshfield finally solved their formation and held them for downs. The rest of the quarter the ball was switched back and forth between the two teams, neither side being able to gain much of an advantage.

In the second half Marshfield kicked off to North Bend. After a few minutes of play, a couple of Marshfield players became enraged at North Bend slugging tactics and started in to "clean up" an equal number of their opponents. A general mixup followed and for a time it looked as though a riot would result. However, the teams were finally separated and play was resumed. Later, a couple of fights started among the spectators and the game had to be stopped until the crowd was quieted. After this, the boys settled down and played better ball than at any time during the game.

The last quarter was a repetition of the former two, neither side being able to solve their opponent's defense and score.

This was the best game of the season and gives Marshfield the Coos county championship for 1911.

The Marshfield team deserves a great deal of credit for the excellent work they have done, and everyone in the High school is more than satisfied with the record. During the season, Marshfield has run up a total of fifty-six points against their opponents' nothing.

The basketball season will be formally launched this week. The first game is with North Bend, December 1, and everyone is urged to lend their support and help the boys have a successful year.

# CITY CAUCUS IS TONIGHT

(Continued from page 1.)

Wm. Grimes, Dr. Mingus and others. Mr. Copple was called into the meeting and expressed a willingness to retire from the race if his friends so decided, provided Mayor Straw was withdrawn. He said that he did not feel that he wished to serve the balance of three-year-term as councilman under Mayor Straw and that he thought there ought to be a change. Mr. Condon objected to this statement as an imputation of Mayor Straw's honor but Mr. Copple told him that it was not questioning Mayor Straw's integrity.

A. H. Powers announced that Mayor Straw would be a candidate for re-election.

It was understood that the meeting was for the purpose of having W. U. Douglas become the harmony candidate between the two factions, and thus eliminate any danger of a Socialist victory.

### Candidates For Council.

According to gossip today, it appears that besides Messrs. Evertsen and Holm on the Socialists ticket, Tom Coke, W. W. Holland, F. E. Allen and John C. Merchant are the strongest candidates for nomination for councilmen in the field. J. O. Langworthy is also regarded as a strong candidate.

Just who is likely to be chosen chairman of the meeting is a question. Hugh McLain, J. Albert Matson and several other names were talked of.

John Butler and A. J. Stephan, the socialist candidate, are likely to be the only candidates for recorder.

The many mayoralty booms go sailing to the sky. We stand in admiration at the way that they can fly.

But we wonder, oh! we wonder as we marvel at the sight. Just where and how the most of them are going to alight.

They are up among the cloudlands where the mighty thunders crash.

'Mid the strange illuminations of the lightnings fitful flash And some of them will glide to earth in safety—but a few Will finish with some awful bumps before the race is through.

## MANY LEAVE ON REDONDO

### Steamer Sails Early Sunday Morning For San Francisco—Large List.

The Redondo sailed yesterday morning for San Francisco with a capacity passenger list. She had a big cargo of lumber from the C. A. Smith mill and considerable miscellaneous freight.

Capt. Will Magee sent a wireless message back that he was unable to get sight of the Sausalito which was supposed to be in near the breakers Sacchi's cove.

Among those sailing on the Redondo were the following:

Mrs. R. Jones, Mrs. W. E. Higley, Mrs. E. T. Walker, A. E. Polson, Mrs. A. E. Polson, Dorothy Polson, Herbert Lockhart, Mrs. Herbert Lockhart, D. Coffery, J. P. Morris, W. D. Clark, Wm. Stauff, James Richardson, A. F. Estabrook, Mrs. A. F. Estabrook, Mrs. Ella J. Morse, Mrs. R. H. Olson and child, Anna Polson, Harold Polson, Helen Polson, J. P. Thompson, Mrs. J. P. Thompson, A. H. Flynn, Theodore Jones, Bert Rush, P. H. Brewer, A. McDams, E. B. McLevel, A. Christensen, O. F. Irons, Fred Arfinson, Fong Sing, Toni Rocomish, Laise Rocomish, Ed. Burrell, O. Gray, W. Mildrum, Penny Brewer, Geo. Rumber, L. Hanlon, G. Kindson, H. M. Axtell.

## LIKELY SCRAP OVER TUNNEL

(Continued from page 1.)

Johnson, and Jos. Fellman, are also named as defendants, Mr. Yorlan because he claims an interest in the property as mortgagee, and the others as directors of the Asset company.

The Southern Pacific company wanted to buy the Asset company's right-of-way through this pass, but terms could not be agreed upon, and the deal was given up some time ago. The Pacific Great Western railway company, known as the Hunt line, has since been negotiating for the property.

### Busy Near Gardiner.

The Roseburg Review says: "The Willamette-Pacific Railroad company filed a suit in the circuit court against J. B. Thorpe and wife, who own considerable property in the vicinity of Gardiner. The plaintiffs allege that the company is incorporated under the laws of Oregon, and they contemplate the construction of a railroad from Eugene, Lane county, to Marshfield. In order to procure the necessary right-of-ways they appeal to the courts to fix the assessment against the land owned by Thorpe, which the plaintiffs consider to be worth \$3,000 or less."

### ENGINEER HOEY TALKS

#### Southern Pacific Official Gives Facts About Coos Bay Road.

The Eugene Register says: "From Engineer H. P. Hoey, first assistant to William Hood, Chief Engineer of Southern Pacific, who has established offices in the annex of the First National Bank, some very interesting information has been obtained in connection with the Eugene-Coos Bay extension for which the contract was let last Tuesday to Twoby Bros., and also about the work on the Naton extension."

"Mr. Hoey stated that the Twoby Bros. had received information about the letting of the contract in advance of him and came up from Portland again to look over the work. They were in the country most of the day yesterday, but have arranged to get to work with the least possible delay. Their outfit of machinery is being loaded at Portland and it will commence arriving any day and as soon as the work has been laid out and the machinery is on the ground grading the supplies to the various parts of the line. In looking over the road they find it will need much repairing before it is fit for the heavy travel that must go over it. There will have to be much gravel handled for the low places and the bridges are very light and in poor condition and many of them will have to be repaired. It will be impossible to haul large steam shovels over these roads bodily and they will have to be dismantled, knocked down and hauled out by piece meal in heavy wagons."

"Mr. Hoey says if the weather were good and work could be prosecuted without any unforeseen delay, it would take only about 90 days to finish the work from Eugene to the Nott pass tunnel or within a couple of miles of it. This tunnel, however, is fully 2,400 feet in length and it will probably take a full year to drive it. Work on it will be started at once, and a good force kept at it steadily."

"When asked what was being done about securing right-of-way on west from the tunnel, Mr. Hoey said: "The survey has not yet been definitely determined and we have two or three outfits still in the field there so that until it is fully settled we can take no steps to secure right-of-way from the tunnel to the coast."

### REASONS WHY "Twin" Pedestal Extension Tables Are Superior to All Others

- 1—They have two pedestals, each complete in itself.
- 2—Pedestals are oval or oblong, therefore legs are symmetrical.
- 3—Two pedestals are stronger than two halves that divide.
- 4—The unsightly drop-legs at ends of some tables entirely eliminated.
- 5—The troublesome locks unnecessary.
- 6—No unfinished surfaces, locks, bolts, etc., exposed when extended.
- 7—More rigid, having three casters under each "Twin" or six under the table.
- 8—Allows insertion of several fillers before spreading pedestals. Prevents marring of finish on legs.
