Marshfield High School Officials Make Statement Concerning Saturday's Game

There has been talk of terminating the socialists supporting their ticket. athletic relations between the High Bend because of the treatment accorded our team, pupils and visitors at North Bend on last Saturday.

diate action is unnecessary. The relationship between the schools has serve, he says. been one of friendly rivalry and is so still and nothing occurred in the game itself that could not have been handled by the officials of the game under the rules of the game. That there was dirty playing by the players cannot be denied, and it would be a safe guess that both sides had a part in it but a guess is unnecessary. We know it.

## EAST AND WEST LINE PLANNED

Harriman System Arranging For New Line Across Oregon-Lovett Talks.

PORTLAND, Ore., Nov. 21 .- After announcing the intention of the Harriman interests to build an east and west line across Central Oregon, providing land owners do not hold their property at figures that will prevent the state from securing desirable settlers, Judge Robert S. Lovett, chairman of the board of directors of all the Harriman roads, predicted the dawn of a bright era of relationship between the people and the railroads.

The east and west line across Oregon is receiving more serious consideration from Mr. Lovett and his associates right now than at any time since the death of Mrs Harriman.
"We are making definite surveys

to determine the final location of that line," said Mr. Lovett. "We have surveyed it several times, but are going over it again to determine what, if any, changes ought to be made in the original.

Attract Settlers Is Plea. "We are doing some construction work on the east end of the line. How fast we will proceed will depend moral support that is needed to enmotion was put.

Kendall as tellers to diswhether they are willing to put their land on the market at prices that | will attract settlers or whether they will prepare to discount railroad faciland from settlement, demanding prices that will prevent the development necessary to justify a railroad.

"I don't mean to say that we will proceed with construction as a rapid rate now, because many other conditions are to be taken into consider-

"It must be remembered that we have a great deal of work in progress which calls out a vast amount of money. We have got to cut our coat according to the cloth."

The cross-state line will connect with the Oregon Short line at Vale on the east, and will pass through Malheur Canyon, the rights of way voters be required to give their for which recently were secured by the Harriman interests by an agreement with the Hill roads, who had some claims in that section. Judge Lovett said that whether this roat will connect with the O.-W. R. & N. system at Bend, as had been reported, has not been determined.
