An Innovation in Oil Heaters

The Perfection Smokeless Oil Heater with its drums enameled in turquoise, is an ornament to any room, whether in the country or city home.

No home is quite complete without a Perfection Oil Heater. It is a necessity in the fall and spring, when it is too warm to start the regular heating apparatus, and too cool to be without heat. In the midst of winter it is often convenient as an auxiliary heater, as there are always some cold corners in a house.

The enameled heater always presents a nice appearance, as the enamel will not tarnish or burn off. It is not an "enamel paint," but it is the same as the enamel of your cooking utensils.

The Perfection is the most reliable and convenient portable heating device you can find. An automatically-locking flame spreader prevents turning the wick high enough to smoke.

SCHOOL NOTES

High School.
The Junior Class in Physics is studying kinetic and potential energy.

The school board last week closed negotiations for the purchase of the Tabernacle for a temporary gymnasium for the schools. They intend putting in a shower bath, new lights, a new floor and making other improvements. In order to secure money for this purpose it may be necessary to circulate a subscription paper.

The seniors are diligently rehearsing their play, "Mr. Bob," a comedy to be given December 8.

The Ninth grade in English are studying "Horatius at the Bridge," the Tenth grade are studying "Idylls of the King," and the Eleventh grade are studying "Julius Caesar."

The High school girls' basketball teams will begin practice in the Tabernacle Monday. Two teams have been organized among the Juniors, sophomores and freshmen. Those playing on the teams are: Harriett Hansen, Bessie Flanagan, Lucy Powers, Bruce Kelly, Ruth Hoagland, Alta Soule, Edna Hansen, Mabel Farley, Joan Fitzgerald, and Clara Sergeant. The colors decided upon for their uniforms were black by the High school and blue by the Eighth grade. There will be a series of practice games between the teams and championship games later on. It is expected there will be a teacher's team organized to enter the contest.

The freshman Latin class has received special commendation from their teacher, Miss Carpenter, who speaks of them as being the ablest beginning class she has ever started in the work. The members of the class are Elsie Hall, Cora Dye, Clara Sergeant, Bessie Douglas, Mary Kruse, Rena Haglund, Harriett Hansen, Horace Rahskopf, Wayne Stead, Arthur Lyon, Wm. McDonald.

The members of the English history class, Ruth Allen, Frances Williams, Duncan Ferguson, Edna Hansen and Noble Pitman, are devoting much time to the study of current events in connection with the work, a certain amount of time each week being devoted to the study of current topics.

Cordelia Lampert, who entered the freshman class recently, has moved with her parents to Portland.

The sophomore class composed of Bruce Kelly, Alta Soule, Bessie Flanagan, Sylvia Davis, Mae Myren, Myrtle Cowan, Lucy Powers, Sydney Clarke, Carl Larson, Guy Stutsman and Torsten Fleisburg will begin their laboratory work in zoology next week. The compound microscopes for use in the laboratory have not arrived yet but the class will take up some preliminary work while waiting.

Ruth Allen has been absent this week on account of illness.

Since the close of the football season, the boys have been turning their attention to basketball, and a great deal of interest is being shown which speaks well for the game this year. Not expecting to be able to duplicate their performance in basketball as in football and win the county championship, still they are satisfied that an advance will be shown and other teams of the league will have to play good ball to keep Marshfield down this year. Not only among the boys is the interest shown in the game but among the girls also, and teams have been organized, and inter-class games will be played during the winter. Guy Stutsman, Chauncey Clarke, Milton Carlson, Leslie Isaacson, Noble Pitman, Lee Byerley and Bartlett Flanagan will probably constitute the team.

The constitution of the Athletic Association was recently amended so as to have a system of awards whereby a member of a team will be entitled to an emblem or monogram providing he has participated in a required number of games in football, basketball, baseball, or won a point in a scheduled track meet. This will eliminate the promiscuous wearing of letters or monograms among those attending school, and who have done nothing to merit that distinction, and will put a value upon a wearer's services to his school, further than simple participation in games. These awards will be given by the Athletic Association, subject to the direction of the executive committee, a candidate's qualifications being passed upon by that body.

Virginia Lyster from Gardner, Ore., who is making her home with her sister, Mrs. Nelg McCulloch, entered the Eighth grade on Monday. Great interest is being taken by the two divisions of the Eighth grade in the tryouts being held this week for selecting pupils for the contest. Thus far the champion spellers of the B division are Isabel Ferguson and Roxie Hall. Of the A division, Herbert Bradley and Anna Russell are the champions.

In a test given this week in grammar

in the A class, excellent work was done by Stella Jutstrom, Lydia Holm, Dora Brown and Adelaide Clarke.

William Horsfall, Dagmar Fliesburg and Ruth Dungan of the B division of the Eighth grade have been absent this week on account of illness.

TO LIBEL WASHINGTON.
Unable to Agree on Salvage For Rescue of Vessel.

The Portland Telegram says: "Unable to arrive at a settlement of salvage due the owners, officers and crew of the tug Tatoosh for the thrilling rescue of the steam schooner Washington and 49 passengers off North Head November 13. Attorney R. E. Moody is drafting the necessary papers, and will file a libel against the Washington and her cargo in the United States Court. As soon as the papers are filed the United States Marshal will take charge of the vessel and her cargo, and she will not be released until a bond has been given both by the firm of Olson & Mahoney, her owners, and the owners of the cargo.

Every effort, it is said, was made to settle the question of salvage out of court, but when Oliver J. Olson, one of the owners, refused to pay more than \$1,500 salvage, and even to execute a bond indemnifying the owners of the Tatoosh if they granted permission for the Washington to be emptied, drydocked and taken elsewhere, he was told that his proposition was "a joke."
