

LOCAL FIGHT IS CALLED OFF

Small Crowd and Henderson Not Feeling Well Reputed Causes.

The twenty-round bout between Earl Henderson and "Roughhouse Charley" Burns which was to have been pulled off at the Marshfield Skating Rink, last evening was called off. The announced reason was that Henderson was not feeling well but the general understanding was that the small gate receipts was the real cause.

The crowd was small. A special train was run from Coquille but it brought over only four people. The train was chartered at an expense of \$100 so that it made a big dent in the gate receipts and owing to the bout called off, will fall on the promoters.

Billy Wilson of Marshfield and Mike McConnell fought a four-round draw. Kid Gillen was the referee. McConnell outweighed Wilson considerably but the latter by his cleverness and training made up for the handicap.

After a long wait, Henderson's manager announced that owing to Henderson not feeling well, he would not go on for the twenty-round bout but offered to go on for ten rounds. This was unsatisfactory to the crowd and finally it was decided to refund the money to the holders of tickets and call the whole thing off.

Happy Holbrook, a new pug on the Bay, offered to meet any and all comers at 105 pounds.

Joe Coach of Bandon, manager of Burns, joshingly offered to meet Mayor Simpson of North Bend Christmas Day at 107 pounds.

Owing to the small number to be accommodated, no return train was run to Coquille last night. This reduced the expense \$25.

Following the dismissal of the affair at the Skating Rink, several unscheduled bouts are reported to have occurred. One was between a relative of Henderson and Manager Pressler, starting from the allegation of the former that Pressler had over-trained Henderson.

HEAVY TOLL OF FOOTBALL.

Many Injured or Killed In Games This Season.

CHICAGO, Nov. 29.—Nine dead and 177 injured is the toll football has collected from the gridirons of the country in the 1911 season.

With but one exception, 1901, when seven players were killed, have there been fewer calamities in 11 years. This season's sacrifice of life stands out in hopeful contrast to that of 1910, when 22 fatalities were recorded and the list of injured totaled 499 names.

The deaths of Bruce Adams, a student at the Fairmont, Ind., Academy, and Charles Lange, at Montana Agricultural College, brought about the abolishment of the sport at the institutions in which the victims were enrolled.

Three Wisconsin cities dropped the game, Wausau and Neenah doing so on orders from the city councils and the Marshfield team disbanding because of injuries to players.

One girl is listed among the injured. Irma Butrum, 11 years old, Evansville, Ind., suffered a broken arm in a scrub game October 31.

Michael Kelly, 69 years old, of New York, attempted to play the game with boys in a vacant lot and fractured his right knee.

THE TOGGERY

M'FARLAN IS THE FAVORITE

Betting Ten to Four In His Favor on San Francisco Match Today.

(By Associated Press to the Coos Bay Times)

SAN FRANCISCO, Nov. 30.—Packey McFarland and "Harlem Tommy" Murphy are in fine condition for their battle at Coffroth's Arena this afternoon. Both men are underweight, and McFarland is a ten to four favorite over the New Yorker. Local fans look upon today's battle practically as a championship affair. They figure that even if Wolgast can come back after his operation, it will be a year before he can fight and then with his stamina and ability unimpaired, he will not be able to assimilate the punishment that any man fighting for the championship is likely to receive at the hands of his opponent.

WIFE SAYS SPOUSE STUFFED A TOWEL DOWN HER THROAT

PORTLAND, Ore., Nov. 30.—To end a conversation that was not to his liking, Ralph M. Davis first choked his wife and then stuffed a towel down her throat. Cora M. Davis told of the incident in a suit for divorce filed in the Circuit court. They were married in June, 1908, and the alleged "gag act" occurred last August.

AGED SUITOR WASHED THE WIDOW'S CLOTHES

LAWRENCE, Kas., Nov. 29.—Moore's love poems and verses by Ella Wheeler Wilcox, interspersed with testimony that the defendant carried the plaintiff's horse and washed her clothes every Monday morning, figures in the breach of promise suit for \$10,000 brought by Mrs. Elizabeth Sperry against James D. Faxon.

Mrs. Sperry was the first witness. She told of the courtship, of how Mr. Faxon asked her to marry him and of the prenuptial contract that was drawn up, by which she was to pay for her board and room, furnish one-half the housekeeping expenses and buy her own clothes. It was for this reason, she stated, she would not sign it. She said Mr. Faxon called her "my child," in spite of the fact that she is 63 years old. Mr. Faxon is 72 years old.

It was when Mayor Bishop took over the witness that Mrs. Sperry admitted that Mr. Faxon every Monday morning did her washing, that he ran the clothes through the wringer and hung them out. It was further shown that every day Mr. Faxon carried her horse, that he attended to her garden and that he washed and wiped the dishes every time he ate a meal at her house.

"BEWARE THE HOBBLE AND WEAR 'EM LOOSE!"

"Order Hoopskirt," Says Doctor, About Tight Gowns and Tuberculosis.

CHICAGO, Ill., Nov. 29.—The hobble and tube skirts and other tight-fitting garments are given as causes of tuberculosis by Dr. Heman Spalding, chief of the Bureau of Medical Inspection. Loose-fitting clothes are, he declares, proper for maintaining health and happiness. Dr. Spalding recommends that coats and underclothing be purchased about four sizes larger than those customarily worn if they have been tight-fitting.

If a tight-fitting hobble or tube skirt has been worn, he recommends the styles be forgotten and the wearer order a hoop skirt.

HASHFUL SILETZ SQUAW HAS HAD 14 HUSBANDS

FALLS CITY, Ore., Nov. 28.—According to her own statements, Mrs. Mosee Lane, a full blooded Siletz Indian squaw, has been married no less than 14 times. A remarkable fact connected with this long list of marriages is that Mrs. Lane has outlived all her past husbands, and is probably good for a dozen more yet. She is a young woman, from the Indian view of length of life. No divorce court has marred the matrimonial peace of Mrs. Lane. She dresses in the most approved style, and but for color and hair would be taken for an American woman. Her husband has been until recently a member of the agency police force. When her various matrimonial ventures are mentioned she becomes displeased, and evinces surprise that it should be considered out of the ordinary.

The last test of the standard Troy pound weight of the Philadelphia Mint, by which the gold and silver coins of the United States are weighed, showed it had gained in weight but seven one thousandths of a grain in 86 years of service.

CHAMBER OF COMMERCE NOTICE

The regular monthly business meeting of the executive committee of the Marshfield Chamber of Commerce will be held Friday afternoon at 4 o'clock. All members are requested to be present.

TO SELL ASSET COMPANY LINE

Eugene Railway Project's Holding to Go at Sheriff's Sale to Pay Contractor.

EUGENE, Ore., Nov. 30.—The Guard prints the following: "George Perry, the railroad contractor, who was given a judgment against the Lane County Asset company recently in the circuit court, has taken execution on the judgment and will advertise the property of the Asset company for sale. The advertisement will appear this week in the Junction City Times. It is a lengthy notice and advertises all of the property owned by the company, including the right-of-way secured, 35 acres of land at the Christener pass west of Eugene, a tract of timber land in the coast mountains, some Eugene city property and some property near the mouth of the Siuslaw river.

In case this property is sold on execution it is probable that the Southern Pacific company will secure the right-of-way over the much coveted pass on the Christener place five miles out. The Southern Pacific company has brought condemnation proceedings against the Asset company for the right-of-way over the latter's property at the pass, but if Perry succeeds in selling it on execution, the land will probably be available much sooner.

W. R. Fountaine, engineer in charge of the S. P. operation on the Coos Bay line, left two days ago for a trip over the line to the tunnel to note the progress of the work. Material and supplies are still coming in for Twohy Bros., much heavy machinery having arrived yesterday.

JULIUS KRUTTSCHNITT WILL MOVE TO NEW YORK CITY

Head of Harriman Lines to Make an Important Change

CHICAGO, Nov. 28.—Julius Kruttschnitt, director of the maintenance and operation of the Harriman lines, and one of the best-known railroad officials in the country, has moved his residence from Chicago to New York, where he will continue his duties as one of the chief officers of these roads.

About forty employees in the offices of the Harriman roads in Chicago, including several officials, also will move to New York within the next few weeks. Among them will be F. W. Moll and W. A. Worthington, assistants to Kruttschnitt; W. F. Bull, his chief clerk and J. D. Isaacs, a member of the Kruttschnitt staff of consulting engineers.

NEWS OF SUMNER.

Mr. Lester Hazelton of Fairview has rented F. W. Blacks' ranch for a term of three years. Frank Black will move to Marshfield where he will engage in business.

Mr. and Mrs. Hiram Granby are visiting Sumner friends and relatives.

J. L. Barker has finished his contract of hauling lumber for the planking of the Coos Bay wagon road and W. B. Farrin will finish his contract of laying the planking in a few days. We now have a good road from Sumner to Brewster Valley. The road being planked and gravelled nearly the entire distance.

Omer Burford is spending Thanksgiving with Marshfield relatives. E. N. Harry was a Sumner visitor yesterday.

Miss Lou Mahaffy and R. N. Webster of Coos River are spending Thanksgiving at the E. L. Roberts' home.

Miss Gladys Roberts and her school gave a very interesting Thanksgiving program Wednesday afternoon at the school house. There was a large attendance of visitors including Miss Spears and her entire school from District No. 56 at Shady Stone. The school house was very neatly decorated for the occasion. The programs were neatly written on painted pumpkins and distributed among the audience. Miss Roberts was highly praised for her efforts. The program was as follows:

- Song—By the school.
- Recitation, "Lament of a Little Girl"—Helen Farrin.
- Recitation, "A Little Pilgrim Girl"—Jennie Catching.
- Music—Sumner Phonograph.
- Dialogue, "Goin' Somewhere"—Wilda Harris and Jay Richards.
- Recitation, "At Grandma's on Thanksgiving"—James Catching.
- Duet—By Elma and Winnie Selander.
- Recitation, "History of Thanksgiving"—Hilda Selander.
- Recitation, "Tommy's Thanksgiving Dinner"—Edward Farrin.
- Music—By Sumner phonograph.
- Dialogue, "A Care of Indigestion"—Rollin Stock and Omar Granby.
- Recitation, "Dolly's Thanksgiving"—Lois Black.
- Music—By Sumner phonograph.
- Song, "Hail Glad Thanksgiving"—Wilda Harris and Hilda Selander.

WRITES ABOUT COPPLE'S WORK

Voter Gives His Views on Straw's Criticism of His Rival.

Editor Times: I notice in your issue of yesterday, that a meeting of the Straw-Bennett-Waterworks-Omahogs was held to perfect a publicity city campaign for this election. The committee included Tom Bennett, representing the Water Company; A. Ralph O'Brien, and Claude Nasburg, looking after that \$5,000 commission; great combination. Dr. Straw is reported present and to have said to J. W. Bennett "I notify you that you will have no strings on me in dealing with the water question if I am re-elected." What a tragic moment when those words were spoken. No doubt J. W. wilted right there, crawled under the table and began to figure how under such terrible conditions it would be possible to make the deal with the Omahogs for the water plant at \$150,000; but such bold and thrilling declarations stopped not with the above. The Doctor continued and demanded "to know why Mr. Copple had not accomplished more in dealing with the water question the year he was on the council?" Great stuff, why did Mr. Copple did not do more in the one year? This is an admission Mr. Copple did do something at any rate. No one that we know of has ever accused the present board of doing anything about the water works at all and now the dear mayor demands to know why Mr. Copple has not done more of this work in one year, and of which he, the said Mayor, has done nothing during six years! Hot hope isn't it? Our present incumbent of the office of Mayor appears to have just awaked from a Rip Van Winkle sleep of six years duration and finds changes; finds that the people are perfectly disgusted with being forced to pay outrageous charges for the privilege of swallowing tadpoles and other and various live stock under the name of water for the financial benefit of the owners of the present Water Company, and having made this discovery, now demands why more has not been done along the line of improvements, and attempts to lay the blame on his opponent for not righting this wrong in one year, which the present administration has fostered and potted during all of the six years past, and seems surprised that Mr. Copple has not done more in the one year. This certainly is a glowing tribute to the ability of Mr. Copple, if the present mayor believes he (Copple) could have accomplished more in one year than he (Straw) has accomplished in six years, but then many of the voters rather agree in this respect with the present mayor. But perhaps more could have been accomplished, but is it not a fact that the water works committee composed of councilmen Copple, Ferguson and Powers, did arrange matters relating to the water system of the city, some time last spring and would have gone ahead with the matter, but the mayor in his good judgment, after Engineer Sandberg was relieved from office refused to appoint another engineer who could gather and supply the data necessary for the committee to complete its plans? And now the present mayor says in his platform? "I am the same man whom you have heretofore elected and advocate the same ideas of municipal government and city growth and improvement," that is to say if I am elected I will do in the future as I have in the past. Of the same platform? "My openly expressed impatience at what I thought was unnecessary delay on the part of the committees appointed and the engineers hired for that purpose."

Why this impatience? It had been a continuous act for six years, but now a few days the Omahogs were here and were possibly ready to take the water works off the hands of the owners, pay Bennett \$150,000, entitle Claude to his \$5,000 and place a yoke in the form of a fifty year franchise on the necks of the people for the benefit of aforesaid Omahogs who were standing ready to lock the chains as soon as clasped about the victims, and too much time spent in honest investigation might lead to a report adverse to accomplishing the scheme. Of course, there was "impatience" all through the entire gang.

No, Mr. Editor, we do not and will not submit without resistance to any such methods. A vote for Mr. Copple means a vote for ourselves, us, the people. A vote for the present incumbent means a vote for an unreasonable hold up for the benefit of J. W. Bennett and his crowd, and a consent to be betrayed into the hands of the Omahogs, for which J. W. may receive that little wad of about \$150,000.
