

A Stage for All The Markets of the World

The show window of the modern merchant is a stage for the thousand and one products of the arts and crafts.

When the concealed electric lights are turned on, the focusing power of the theatrical stage is reproduced almost exactly.

The show window illuminated resembles nothing so much as the stage of the theatre—and the charm and attraction for the public is nearly as great.

Placing goods in a scientifically electric lighted window is placing them before the footlights with the trading public for an audience.

For merchants who need assistance in their show window lighting installations we offer a special and valuable service.

The Wisdom of Age

A poor old man in telling of his life's experience said, "I can see where I have made many mistakes in my life, but I think my greatest was in not starting a bank account when a young man. If I had done so and stayed with my banker, I would not have been working by the day in my old age. I can plainly see now, when it is too late, that I have all the time needed the bank's assistance. My advice to all young men is to open a bank account and form a connection with the bank. Then if hard luck comes you will have a friend under some obligations to help you." The above has our hearty endorsement. We make an earnest effort to help our patrons.

MARSHFIELD ELKS WILL HOLD "LODGE OF SORROW" SUNDAY

The Marshfield Lodge of Elks will hold their annual "Lodge of Sorrow" Sunday afternoon at 2 o'clock in the Masonic Hall. It is expected that there will be a large attendance as a general invitation is extended to the public to attend.

"The Lodge of Sorrow" is the annual memorial service of the Elks at which time tribute is paid to the departed members. Not one member of the Marshfield Lodge has passed to the Great Beyond since the institution of the lodge nearly three years ago but the exercises will be held as tribute to the dead of Sister Lodges of the Order.

The exercises tomorrow are in charge of a committee consisting of F. M. Parsons, A. E. Neff and W. R. Haines. The ushers will be J. Albert Matson, Fred Powers, Geo. E. Dix, George Goodrum, H. S. Tower and Dan Maloney. The program, officers of the lodge and membership roll are as follows:

TRY TO POISON STREET GANGS

(From Associated Press to Coos Bay Times)

NEW YORK, Dec. 1.—Rumors that the striking garbage men of the New York Street Cleaning Department are attempting to poison the food served to the strike-breakers by the city caused a panic among the men employed in one of the uptown sections today. The rumors were found to have some foundation in the sudden death in Bellevue Hospital of one of the strike-breakers. An autopsy will be held. Several other strike-breakers report stomach trouble of an unusual character.

BIG FUND FOR CHINK REBELS

Chinese In United States to
Raise Millions to Aid
Rebellion.

(From Associated Press to Coos Bay Times)

SAN FRANCISCO, Dec. 1.—The task of raising in the United States a two million dollar loan for the new Chinese republic has been formally assumed by the Chinese Six Companies, the powerful central organization of the Chinese Secret Societies of America. At a meeting last night it was decided to request a contribution of at least five dollars from each of the Chinese in this country with larger donations from the wealthy Chinese. A return of the loan with six per cent interest is promised at the end of two years.

FIND INFERNAL MACHINES.

Bombs and Law-Making Devices Discovered in San Diego.
(By Associated Press to Coos Bay Times)

SAN DIEGO, Cal., Dec. 1.—In a room occupied by a man named Albert Stodt, detectives found four bombs made of gaspils and equipped with fuses and caps. A number of brass knuckles and a heavy "Billy" were also discovered. One of the bombs was tested and exploded with terrific force. Stodt is now in the county hospital with a broken leg sustained two weeks ago when he jumped from his room in a tenement house to escape a fire which he claimed started from using gasoline to clean clothes.

A flash attended by an explosion preceded this fire.

Stodt refuses to give any information about the bombs or himself. It is thought he came here from Los Angeles. A rigid investigation is being made.

AUSTRIAN IS SLAIN.

Vancouver City Employee Is Found Slain.

VANCOUVER, B. C., Dec. 1.—With a bullet wound in the temple and the body still warm, John Demetrock, a city workman, an Austrian, was found murdered early today on a sidewalk on Powell street in the east end. A countryman named Bill Roubelark, was held at police headquarters because he appears to know something of the crime.

NO POSTAL CLERKS UNION.

Postoffice Department Orders Employees to Disband Organization
(By Associated Press to Coos Bay Times)

CHICAGO, Ill., Dec. 1.—What employees of the United States mail service term is an attack on their union organization was received here today in a general order from C. P. Grandfield, first assistant postmaster general, calling on all secret organizations in the service, immediately to disband. The order is aimed, the men say, at the National Federation of Postoffice Clerks, an affiliation of the American Federation of Labor, to which most of the men belong.

PLANS OF GERMANY.

Will Spend \$90,000,000 on Its Navy.
(By Associated Press to the Coos Bay Times)

BERLIN, Germany, Dec. 1.—A news agency which sometimes is well informed, states that an increase in the German navy has been decided on. It says the government is determined to spend ninety million dollars in augmenting its fleet, which sum will be spread over six years. Official circles maintain silence.

ENGLAND STIRRED UP.

(By Associated Press to Coos Bay Times)

LONDON, England, Dec. 1.—The probability of a big naval loan in the near future is revived by the Pall-Mall Gazette which anticipates that \$150,000,000 and possibly more will be raised supplemental to the usual naval estimates. It is argued that in view of the campaign in Germany in favor of an increased navy for that country, it is necessary for Great Britain to show she is determined to preserve her "two to one" standard. Provision for adequate docks for Dreadnaught battleships will also necessitate heavy expenditures.

JOHN D. HAS 33 COMPANIES

(By Associated Press to Coos Bay Times.)

NEW YORK, Dec. 1.—The thirty-three subsidiary companies into which the Standard Oil company was divided after the U. S. supreme court decreed its dissolution, began their separate, individual existence today. Some two hundred thousand new stock certificates containing proportionate shares in these companies were mailed to the six thousand stockholders of the old Standard Oil company of New Jersey.

ANOTHER REFORMER.

He sat in comfort in the shade, and exercised his nimble jaws. This world much better might be made if he were asked to frame the laws, it jarred him when he looked around, to see injustice everywhere; and to his ears there came the sound of people wailing in despair. He had a gentle, tender heart that ached for those whose lives were dour, the martyrs on the busy mart, the victims of the money power. For all who suffered, he had sighs; he stood up for the poor man's cause; and if his countrymen were wise, they'd call on him to make the laws. And thus, with dream and idle boast, he talked the hours down, one by one; and tied up to a hitching post, his horse was standing in the sun. His horse was swearing at the flies in language that the ponies use, and rubbing its afflicted eyes, and stamping till it lost its shoes. His sounding scheme I don't endorse; that sort of man I most despise who mouths big theories while his horse is scrapping with the doggone flies.

POTATO WAYS.

Soak old potatoes in water. Change the water while cooking if strong. Never allow potatoes to stand in the sun. Always pour off the water as soon as done and remove the cover to allow steam to escape. Potatoes cooked in their jackets should be pierced to allow the steam to escape. Baked potatoes should be rolled in a cloth till the skins burst. This prevents the potatoes from cooking too long, which makes them sticky and soggy. Potatoes should be simmered (not boiled). It is a waste of fuel and spoils the potatoes. Too rapid boiling makes them a solid waste which is both unpalatable and indigestible. Cook potatoes with the skins on as often as possible. They are more nourishing and palatable. Mashed potatoes are delicious cooked in their jackets, peeled and mashed. Potatoes may be kept warm a long time without spoiling if the skins are broken and the kettle well ventilated. Potatoes well ventilated while cooking are more wholesome and of better flavor. They may be baked, boiled, fried, mashed, scalloped, potato balls, French fried, O'Brien, potatoes and mint, hot potatoes, potato fritters, warmed-over potatoes, creamed, hashed brown, fried or sauted, Lyonnaise potato and curried potatoes.—Woman's World.

ADVERTISING COOS BAY

The Reynolds Development Company has just published a handsome folder describing Coos Bay. It tells of the natural resources of this district, of the splendid harbor of Coos Bay, of the significance of rail transportation in the development of this port, and it repeats the prediction of Mr. C. A. Smith in a recent issue of the American Lumberman, that here on Coos Bay will be located the largest city in Oregon. The folder is well illustrated with photographs, and altogether is a fine specimen of the engraver's art. Several thousand copies of these folders are now on hand at the company's office, opposite the Chandler, and will be mailed on the request of anyone with out-of-town friends who want to know more about Coos Bay.
