

# WHAT CONGRESS EXPECTS TO DO

WASHINGTON, D. C. Dec. 8.

The committee has in hand a half dozen bills providing amendment to the Sherman anti-trust law. The most recent bill was drafted by Representative Henry of Texas, providing for penitentiary terms for violators of the trust laws and designed to eliminate from the Sherman law the "rule of reason" as interpreted by the Supreme Court. Some sort of bill is certain to come from the committee bearing on this problem. In the Senate the trust question is under consideration in the hearings before the committee on Interstate Commerce which will continue for some time.

In line with the trust question will be the determination of the fate of the House special committee of inquiry into the United States Steel Corporation. The steel corporation has protested against continuation of the hearing in view of the ruling of the government against it. The question is certain to be brought up in the House for settlement within a few days and it will provoke a lively controversy.

As a part of the trust legislative plan president Taft has suggested a federal incorporation act. He has stated his belief that a statute might be drawn,—not as an amendment to the anti-trust law,—to furnish protection which would induce companies engaged chiefly in interstate trade to agree to government supervision of their transactions.

The National Monetary Commission will submit the report of its long and exhaustive inquiry by January 8. The Central reserve bank plan advocated by former Senator Nelson W. Aldrich, has been practically unanimously endorsed by the American Bankers' Association. Currency reform, however, probably will develop many differing opinions before any legislation is enacted.

Of unusual interest in the Senate will be the continuance of the inquiry into the right of Senator Lorimer of Illinois, to retain his seat. Hearings in the case which have been going on in Chicago since October will be resumed here tomorrow, December 5.

Conservation policies are to be urged on Congress. Included in this are water power, coal, phosphate, oil and gas and other resources. Early in the session the National Waterways Commission will report recommendations. A report also will be made by the securities commission relating to railroads and bonds and the special Postal Commission which has held sessions in Washington, New York and St. Louis also will report. The Employers Liability Commission has formulated a report to submit to congress.

Lively discussions are expected in both houses on the immigration laws, the abrogation of the treaty of 1832 between the United States and Russia, campaign publicity, and a bill proposing legislative power to be conferred upon the Territory of Alaska. An effort also may be made to abolish the new court of commerce.

Obediah Gardner, of Maine, succeeds the late Senator Frye, in the Senate, and Hoke Smith comes to the Senate from Georgia. Renewal of the effort to elect a president pro tempore of the Senate in place of Mr. Frye will be made. Senator Bacon was the leading candidate of the democrats and Senator Gallinger, the leader of the regular republicans at the last session. Senator Clapp was the choice of the insurgent republicans.

In the House an interesting feature of the session in all probability will be the abolition of the secret caucus by the democratic majority.

Economy will continue to be the democratic "watch word" in the House. In this connection all the investigations into government departments by the House committees on expenditures are to be continued and recommendations are to be made along lines of economy for each department of the government.

Economy it is said also will guide the appropriations committee, the first democratic committee in many years to get a "whack" at the big appropriation supply bills including the so-called "pork-barrels." Representative Fitzgerald of New York, is the chairman of the committee which will undertake the task of paring down the appropriations which for the year of 1911-1912 amounted to \$1,026,287,505.81.

When you feel dull, out of sorts, discouraged, half sick and everything seems to be going wrong, you can blame it on your liver. It is torpid. You need

# HERBINE

**A Medicine of Power in All Liver Disorders.**

When the liver is torpid, it throws impurities into the system, which hamper every organ in the body. The result is that functional processes are not properly carried on. Impurities get into the blood, the stomach is bilious, the kidneys weak and the bowels irregular—generally constipated. Herbine clears out all these impurities, opens up the obstructed channels, strengthens the torpid liver, cleanses the blood, purifies and regulates the bowels. After the system has been thus overhauled, there is an immediate improvement. Appetite returns, digestion is good, the spirits rise, the mind clears of gloomy forebodings and everything looks bright and cheerful, which means, sound, healthy conditions everywhere in the body.

**Price 50c per Bottle.**
