## REBELS BEGIN MARCH ON PEKIN FROM ALL SIDES EARLY TODAY

Thousands of Chinese Imperial Troops Desert to Join Revolutionists  
**FORMER PREMIER'S DEPUTY LEADS DIVISION**  
Dr. Sun, Formally Installed as President of Republic, Names Cabinet.

**CHANGES CHINESE CALENDAR FIRST THING**  
NANKING, China, Jan. 2.—The first official act of Dr. Sun Yat Sen, the president of the new Chinese republic, was to change the Chinese calendar. He made New Year's day the first day of his presidency thus marking the commencement of a new era and making the Chinese year begin henceforth the same day as it begins in most other countries of the world.

**TIEN TSIN, Jan. 2.**—The Imperial troops stationed at Lan Chow, capital of Kwang Su, North China, have deserted the Manchus and joined the rebels. Tomorrow under the command of General Wang, once the Premier's trusted deputy, they will start to march on Pekin. Simultaneously the rebels in the south will begin a northward march on Pekin. Its fall seems inevitable. Thousands of troops have deserted the Manchus.

**Dr. Sun's Plans.**  
Following the reception, Dr. Sun delivered an address in which he promised to dislodge the Manchus, re-establish peace, promote trade, devote his entire energy to the Chinese people to realize their aspirations. When the Manchus had finally abdicated and peace was restored to the nation he would, he said, resign his provisional office. The chairman of the delegates from the provinces then handed the new president the seal of office, following which the president delivered an address in the form of a proclamation announcing a strong central government, that the entire administrative system will be reorganized and modernized, and that the parliament of the republic will be elected by the people.

**LEAVES MANCHU DYNASTY.**  
Tang Shao Yi's Resignation Accepted by Premier.

**SHANGHAI, China, Jan. 2.**—Satisfied that his tenure of office ends with the final collapse of the Manchu dynasty, Premier Yuan has accepted Tang Shao Yi's resignation, because he was displeased with Tang's surrender to the rebels and to report that Yang is planning to keep up the fight to kill the revolution as soon as the armistice ends. It is said the Manchu princes have given funds from their private purses to this end. Yuan will negotiate further with Wu Jang Fang. It is understood he wants a powerful place in the new government if he quits the Manchu regime.

**NANKING, China, Jan. 2.**—Dr. Sun Yat Sen took the oath of office today as provisional president of the republic of China, and was formally invested with the powers thereof. The ceremonies were simple and dignified and attended by all prominent men of every party. Dr. Sun, who is well-known in America, soon after his arrival in Shanghai, some ten days ago, was elected president by the assembly of reformers of the republic provinces of China, proper, in session here, by an almost unanimous vote. His proposed cabinet includes Dr. Wu Ting Fang, Huang Ling and Li Yuan Heng all of whom are in the front ranks of the reform movement.

**Postpone Meeting.**—Owing to the deaths of relatives of Mrs. Wm. Marshall, Jr., who was to entertain at the Marshfield Bridge club at her home tomorrow, the meeting has been postponed until a week from tomorrow when Mrs. E. G. Flanagan will be hostess to the club.

**RATHER HARD ON TEN "PRETTIEST" GIRLS**  
CANTON, Ohio, Jan. 2.—The 10 prettiest girls in the Stark county courthouse are likely to lose \$1,000 each if the suit started by Letitia Rudy to break the will of the late Samuel Rudy is successful. Rudy was an eccentric bachelor of 86 years. He frequented the courthouse and 10 of the most beautiful girls employed there were often complimented by him upon their stunning looks. He died two months ago and when his will was read it was found that he had left \$10,000 to the 10 prettiest girls, "because he liked them."  
The 10 girls have been made defendants in the suit to break the will. Miss Rudy, a relative of the bachelor, says she cared for him and his household for 19 years and is entitled to the money.

## M'MANIGAL TO TESTIFY SOON

**Star Witness Against McNamara Leaves For Indianapolis to be Witness There**  
(By Associated Press to Coos Bay Times.)  
INDIANAPOLIS, Ind., Jan. 2.—William J. Burns arrived here today to testify before the federal grand jury on the government's evidence in the alleged dynamiting conspiracy. Today Burns expressed the belief that United States District Attorney Charles W. Miller and Oscar Lawler, special government prosecutors in Southern California, and District Attorney Fredericks of Los Angeles of Los Angeles county are coming here the latter two being due to arrive from the Coast today. The announcement of the departure of Ortie McManigal, for this city completes the gathering of the government's forces in building up the case against the alleged conspirators. Burns declares that by the end of the week, a mass of indictments will be returned.

## LABOR LEADERS ALLOWED TIME

**Given Until January 12 to Enter Pleas in Los Angeles Dynamite Case.**  
(By Associated Press to Coos Bay Times.)  
LOS ANGELES, Jan. 2.—Olaf Tviemo, Anton Johannsen and J. E. Muncey, the labor leaders indicted by the federal grand jury Saturday, were arraigned in the United States District Court today and obtained delay until Jan. 12 before entering pleas to the charge of complicity in the alleged dynamiting conspiracy. The grand jury indictment against the labor leaders was made public immediately after their arraignment. It contained four counts all relating to a general alleged conspiracy, charging that they had conspired to ship explosives from Indianapolis and also from other points unknown to the jury in violation of the federal statutes.  
A. I. McCormick, United States district attorney, today stated that the federal inquiry into the alleged dynamite conspiracy might be conducted in every federal district in the country, and that the local grand jury certainly would go after any persons suspected of having used the mails in furtherance of the alleged conspiracy.

**Nothing Develops.**—Nothing new has developed in the Murray murder case. Goldie Bestcott is still in charge of Special Officer C. A. Metlin. Justice Pennock has not been apprised as to when Deputy Prosecuting Attorney Liljeqvist will be here to hold the preliminary hearing of the woman.

## "DOPED" LIQUOR KILLED PAUPERS

**Deaths of Seventy-Two Inmates of Berlin Alms Houses Attributed to Adulterated Narcotic—Dealer Arrested.**  
(By Associated Press to Coos Bay Times.)  
BERLIN, Germany, Jan. 2.—Since the arrest of the wholesale

liquor dealers in the habit of disposing of wood alcohol and groceries to the inmates of the municipal night shelter and the confiscation of the adulterated whiskey found on these premises, no further poisonings have been reported to the city officials. The official number of dead is 72 out of 162 cases but these do not include some who died outside the municipal institutions. About 26 are still seriously ill.

## NANN SMITH'S GREAT RECORD

**Vessel Transported Nearly 80,000,000 Feet of Lumber to Bay Point.**

The steamer Nann Smith during 1911 made fifty-one round trips between Coos Bay and Bay Point carrying 79,114,209 feet of lumber from the C. A. Smith mill. This is believed to be far the largest amount of lumber ever transported by any vessel in the world in one year, and reflects great credit upon Capt. B. W. Olson, master of the vessel, as well as upon the owners who have sort of revolutionized the coastwise shipping of lumber by the new style vessel and the use of electric cranes in loading and unloading.  
The Nann Smith averaged 1,551,259 feet of lumber each trip.  
The distance from Bay Point to Coos Bay is 480 miles so that during the twelve months, the Nann Smith traveled 48,960 miles.  
Some new vessels which the Smith Lumber company is now planning, will probably eclipse this record in the near future.

During the year 1911, it is estimated that the Smith-Powers Logging company cut about 150,000,000 feet of logs and delivered them in the Bay. This is probably another world beater for one logging concern. With the exception of about 7,000,000 feet sold to the Simpson Lumber company, these logs were cut into lumber at the two mills of the C. A. Smith company here. The present year, the Smith-Powers company will probably cut about 200,000,000 feet of logs.

**SENSATIONAL DEVELOPMENT IN CHARGES AGAINST LOUIS WILDE CHARGED WITH LOOTING DEFUNCT BANK.**  
(By Associated Press to Coos Bay Times.)  
PORTLAND, Ore., Jan. 2.—The offices of District Attorney Cameron, in the Chamber of Commerce building, were entered over the transom and the office of Attorney E. Clark, special prosecutor of Louis Wilde, the San Diego banker, who will go on trial January 8 for the embezzlement of \$90,000 from the defunct Oregon Trust Savings Bank, was broken into during the night and valuable evidence against Wilde was stolen. Cameron charges that Wilde's agents did it. Wilde says it is a "damnable plot to blacken my name and give the prosecution a chance to get out. They had no case and use this means to get from under the false charges."

## EDISON GUEST OF BYLLESBY

**Wizard Attends Convention of Managers of Public Utility Corporation.**

CHICAGO, Jan. 2.—The annual convention of H. M. Byllesby & Co. and affiliated utility companies including the Oregon Power Company, which opened here today marks the tenth anniversary of the organization. When Chairman T. J. Jackson, of Mobile, Alabama, called the convention to order 255 delegates were present, representing 40 groups of electric, gas and street railway properties in 18 states of the west and south.

Prominent men outside the organization are present as guests. Among them are Thomas A. Edison, President; C. A. Coffin of the General Electric Company, President E. M. Herr of the Westinghouse Electric and Manufacturing company, President T. C. Martin of the National Electric Light Association, J. B. Forgan, G. M. Reynolds and Charles G. Dawes. The presence of Thomas A. Edison who seldom attends public gatherings is considered one of the greatest compliments which could be paid to the Byllesby organization. It came through the fact that Henry M. Byllesby was one of Edison's assistants in the pioneer days of electrical development. Although the two parted business association years ago they still continued their friendship.

Following an address of welcome by Mr. Byllesby in which he summarized the remarkable growth of the organization, and reiterated his belief that successful utility operation must rest upon clean, liberal and progressive management, the delegates proceeded to a program of papers, discussions and addresses which will last four days.

This year the program is devoted largely to questions affecting points of contract with the public, quality of service, regulation by state commissions and the efficiency and welfare of employees. There are only two strictly technical papers. Among the men outside the company who will talk are George B. Caldwell, Samuel Insull and B. E. Sunny of Chicago, J. R. McKee and T. C. Martin of New York and John F. Gilchrist of Chicago.

Tomorrow night, Mr. and Mrs. Byllesby will receive the delegates and their wives at their home, 4358 Drexel Boulevard. The convention will close with a banquet Friday night. Aside from this, there are no social or entertainment features arranged.

The convention program is as follows: "Staff Cooperation toward Better Relations and Increased Efficiency of Employees," by W. R. Molnard of Oklahoma City, Okla.; "Points of Contrast with the Public," by W. H. Hodge of Chicago; "Present Day Jurisdiction of State and Municipal Bodies over Public Service Corporations," by Isaac Milkewitch of Chicago; "Steam Heating Economics," by A. E. Stevens of Minot, N. D.; "Suburban Distribution of High Pressure Gas," by H. H. Jones of San Diego, Calif.; "Ways and Means of Building up Business in a Small Town," by H. E. Morton of Albany, Ore.; "The Accountant in Public Service," by B. W. Bluefield, W. Va.; "Our Appraisal Work During 1911," by Harold Almert of Chicago; address by General Geo. H. Harries of Louisville, Ky.; illustrated lecture on engineering by O. E. Osthoff of Chicago; illustrated lecture on new business methods by E. L. Callahan of Chicago; "The Attitude of the Manager toward his New Business Department," by Alex F. Douglas of Portland, Ore.; "The Byllesby Employee's Investment Clubs," by R. J. Graf of Chicago.

D. C. Green, manager of the Oregon Power company on Coos Bay, and R. M. Jennings, now of Eugene, are among the managers in attendance.

## WANTS LAFOLLETE AND TAFT TO QUIT REPUBLICAN RACE

### "SCHOOL OF LOVE" LATEST GERMAN FAD

BERLIN, Germany, Jan. 2.—In order to counteract the falling off of marriage rate a "school of love" has been started at Strasburg.  
Aspirants to matrimony will be advised both personally and by letter how to display their best qualities without visible training. The school will also give advice on obscure questions, such as how to encourage budding attentions, how to discourage them, how to converse with serious men without any serious knowledge, and how to be gay and frivolous while suffering from headache, bankruptcy and other ills.  
A Strasburg newspaper notes that the schoolmaster is a namesake of the famous encyclopedia compiler and adds that to fulfill his program he will require the same universal knowledge.

## NEW RULING ON FREIGHT RATE

**Interstate Commerce Commission Interprets Long and Short Haul Law.**

(By Associated Press to Coos Bay Times.)  
WASHINGTON, D. C., Jan. 2.—It was held today by the Interstate Commerce Commission that where two or more carriers are competing for business at equal rates between two points, they should be allowed to compete despite the long and short haul provision of the law. This ruling on commerce will enable competing carriers to meet the rates to a particular city or to a freight group made up by any other company which may initiate a reduced rate and, although a discrimination against intermediate points, this rate may thereby be increased. The commission may change the rates on complaint of intermediate shippers if they are found to conflict with any other part of the law.

## IS BOUND OVER TO GRAND JURY

**Frank O. Elkins Confesses to Theft of Suitcase From Blanco Hotel Guest.**

Frank Otto Elkins was arrested today by Marshal Carter on the charge of stealing a suitcase from the room of Nick Oswald at the Blanco hotel and disposing of it to Peter Mirasoul for \$7. The suitcase and its contents were valued at \$60.  
When arraigned before Justice Pennock, Elkins frankly confessed his guilt. He said that he hurt his shoulder, was unable to work and ran out of money. He was contemplating sending to his folks at Falls City, Oregon, for money when he noticed the suitcase in the room across the hall and the idea struck him that he could take it, pawn it and tide himself over with the receipts thereof until he was able to earn some money. Then, he said, he planned to take it "out of soak" and restore it to its owner. He said he first got \$5 from Pete Mirasoul on the suit case and its contents and later secured another \$2.  
Elkins is possibly about 25 years old and rather a good looking chap. He sings some and spent much of his time hanging around the various saloons.  
A roommate of Elkins' was exonerated by the latter from any complicity in the theft.

**Gov. Osborne of Michigan Makes Important Political Suggestion Today.**

**RAPS WISCONSIN MAN FOR HIS CAMPAIGNING**

**Says He Personally Favors Taft as Against Senator—La Follette Is Silent.**

(By Associated Press to Coos Bay Times.)  
LANSING, Mich., Jan. 2.—Governor Chas. S. Osborn at a meeting here today proposed that in the interest of republican harmony the senator and Taft both withdraw as presidential candidates in favor of Albert J. Beveridge or Roosevelt. This suggestion was made after Osborn had criticized LaFollette as having "taken up those things which might be termed popular that contained the larger advantages for himself," and frankly said he did not believe LaFollette can be nominated for president or elected if nominated. Osborn further said that "LaFollette's style of campaigning tends to arouse the passions that make for a condition of public intolerance, which is always worse than personal or individual intolerance, because it has so much more force. In LaFollette's speeches and writings I don't think he distinguishes between honest men in big business and dishonest men."  
"We have got to have big business in this country if we are going to compete in the manufacturing transactions of the world. But big business should not be permitted to oppress the people."

Gov. Osborn added, "As between Taft and La Follette, I am for Taft."

**LAFOLLETTE IS SILENT**  
(By Associated Press to the Coos Bay Times.)

HOLLY, Mich., Jan. 2.—Senator LaFollette will make no comment on Gov. Osborn's statement given out at Lansing and why should he?" said Secretary Hannan of Senator LaFollette's staff this afternoon when asked if he would give out a statement.

Mr. LaFollette was to have been at the Lansing conference but missed his train.

## JACK JOHNSON TO MEET FLYNN

**Black Champion Names Terms on Which He Will Meet Pueblo Fireman.**

(By Associated Press to Coos Bay Times.)  
CHICAGO, Ill., Jan. 2.—Jack Johnson, heavy-weight champion of the world, stated last night he would sign an agreement to fight Jim Flynn, the Pueblo fireman, either in June or July, somewhere within one hundred miles west of Salt Lake City. Johnson, according to the agreement is to get \$20,000 as his share and a one-third interest in the moving picture proceeds.  
It appeared today that there might be delay in signing the formal articles of agreement. Jack Curley, who represents Flynn, declared the staging of the bout was somewhat contingent on other contests which Flynn is arranging for the next two months. Whether he will step into the ring with Johnson depends somewhat on the outcome of his prospective battles.

## RUSSIANS EXECUTE SIXTEEN PERSIANS

(By Associated Press.)  
TABRIZ, Persia, Jan. 2.—Eight Persians were hanged yesterday by order of the Russian court martial and eight more were executed today in connection with the recent attack on the Russian troops.  
Fearful reprisals by the Russian troops continued today. Eight more Persians were hanged here because they tried to oppose the Russians who invaded Persia without a declaration of war. Their bodies were dragged through the streets on bayonets. It is feared 100 will be killed to show that Russia won't tolerate opposition.
