Wants Damages.—H. Brinkley of Bunker Hill has begun suit against Chas. Dennison of the same place for \$527 damages for personal injuries that he alleged he sustained in a fight. He had Dennison arrested twice in Justice Pennock's court for assault, the first fine not being sufficient to suit him. In his suit for damages, Brinkley asks for \$20 for being unable to work five days, \$7 for medicine and doctor's bill, \$250 damages for humiliation and \$250 for general damages. The trouble started over remarks that Dennison claimed Brinkley made about friends of his. The case is scheduled for trial at the April term of circuit court.

Not Enough Dirt.—City Engineer Gidley, City Attorney Goss and Street Commissioner Lawhorne are perturbed over the proposed Railroad Addition Bill. It now looks as though there will not be sufficient dredgings to fill all of the area and besides this, the Oregon has only sufficient pipe line to pump about a quarter or a mile, not far enough to fill some of the area that it was desired to include. As a result of the reduction of the area, the cost will probably be increased. It may be that the city will have to turn the project over to the Port Commission to handle.
