THE WEATHER.

(By Associated Press.)

OREGON, Jan. 23.—Rain in west and fair in east tonight. Wednesday rain in west, rain and snow in east. Southerly winds increasing along the coast.

LOCAL TEMPERATURE REPORT.

For twenty-four hours ending at 4:43 a. m., Jan. 23, by Benj. Ostlund, special government meteorological observer:
Maximum 60
Minimum 39
At 4:43 a. m. 41
Precipitation21
Wind, Southwest; varying.

Kill Varmints.—Walter, Ed. and Stanley Oldland Sunday killed a big wildcat near the Oldland ranch on South Inlet. Between December 10 and January 1, they killed twenty-nine coons.

Is Paroled.—W. D. Major, aged eighteen, of Eastside was haled before Justice Pennock yesterday on the charge of violating the game laws by hunting without a license. Owing to his youth and the fact that he was ignorant of the law, Justice Pennock suspended the collection of a fine of \$25 during good behavior. Major agreeing to pay the costs of the case.

Alternate Goes.—Dr. A. L. Houseworth, who was honored at the Buffalo meeting of the Modern Woodmen of America last summer by being selected as a member of a congress of the organization to meet at Chicago this month to revise rates,

has found it impossible to attend. He notified C. N. Gilman of Grants Pass, who was then chosen as an alternate, and Mr. Gilman will be present at the meeting.

Taken to Hospital.—Madge Yarbrough, who has been ill at the A. L. Foster home in South Marshfield of paralysis, will be taken to Mercy hospital at North Bend to receive treatment there.

Divides Property.—The will of the late C. W. Sanford was opened Sunday afternoon following the funeral and it was found that he had divided the property evenly between each of his children; the step-children sharing equally with the others. The estate is worth about \$20,000 and Herman Sanford of Sumner was named as executor of the will. The funeral which was held Sunday from the Marshfield Methodist church was one of the most largely attended ever held here.

MYRTLE POINT POINTERS.

News of Upper Coquille Valley as Told by the Enterprise. Messrs. Armstrong and Paulson of Marshfield were in this section several days this week cruising several pieces of timber with a view of purchasing same for the Menasha Wood-ware Co.

The committee in charge of looking up a desirable site for the Fair Association grounds, end of last week, had Mr. Robinson of Marshfield survey the ground that the association has in view in the southwest part of town. A member of the committee informs the Enterprise that the regulation track can be secured here with plenty of room for exhibit halls, pens and stables. A meeting of the association will be held in the near future to hear the report of the committee.

Born—Monday, January 15, 1912, to Mr. and Mrs. Web Mast of Lee, a daughter.

P. L. Phelan had a close call last Tuesday evening from a hemorrhage which was probably due to an ulcer of the stomach. He was just coming home from the mill, when he found his strength failing and was being assisted to his office by W. E. Pike, when while unlocking the door, he gave way entirely. He threw up great clots of blood from his stomach and bled considerable, and was taken to his residence in a completely exhausted condition. At last reports Mr. Phelan was nicely on the mend.

At their annual meeting the Myrtle Point Fire Department elected the following officers for the ensuing year: President J. R. Benson Secretary C. C. Carter Treasurer Gus Schroeder Chief Oliver Spires Assistant Chief Grover Brown Mr. Benson has the honor of being president of the Department continuously since its organization, seven years ago last July.

The Royal

"FROM THE BOTTOM OF THE SEA"

A highly exciting and interesting marine drama. A genuine submarine boat is used in the picture, under way and performing evolutions.

This is undoubtedly the most thrilling and exciting marine story ever filmed. It is replete with startling situations and interesting incidents. The rescue of the doomed crew from a submarine boat is one of the most hazardous effects ever shown on the screen. The story is faithfully portrayed in that a genuine submarine boat was chartered for the occasion, the crew and boat being placed at the disposal of the Imp. Director. The drama is interpreted by capable actors and no pains have been spared to make it elaborate and praiseworthy. The story has to do with the love affairs of a young ensign in the U. S. naval service and the daughter of a lieutenant, his superior officer. A villain steals a valve wheel from the mechanism of the submarine boat out of revenge and the lieutenant, the ensign and crew are powerless at the bottom of the sea, as the boat once submerged cannot regain the surface again. The ensign is shot through the torpedo tube, swims to the surface, and summons help thus saving the lives of the men. He wins the girl for his bravery. A two reel story, about 2,000 feet.

ADMISSION 10c. One Night Only. Tomorrow Night Tuesday Jan. 23. Everybody turn out and see this wonderful picture.

As a sales-maker and a business-builder, do you know of anything better or surer than advertising.

PERSONAL NOTES

MARSHFIELD POSTOFFICE CLOSED ON SUNDAYS.

In accordance with an order of the Post Office Department at Washington, D. C., the Postoffice at Marshfield, Oregon, will be closed hereafter on Sundays, after February 1st 1912. The General Delivery, Register, and Stamp windows will not be opened on Sundays.

Mail will be distributed to boxes as heretofore, and all outgoing mail will be dispatched as usual.

Special delivery letters will be given the same attention as on other days. Patrons of the office who are expecting important mail can have the same delivered by depositing 10 cents for a Special Delivery Stamp before 6:30 P. M., Saturday evening.

This order is promulgated by the Post Office Department in order that clerks and carriers at all postoffices may have one day's rest in seven, thus placing them on a par with other government employees and the laboring people generally, and the cooperation of the public is earnestly requested.

W. B. CURTIS, Postmaster.

SCHOOL NOTICE TO PARENTS.

The attention of parents is directed to the fact that the second half of the school year will open on Monday, January 29.

On that date pupils in the primary grade will be admitted, and it is hoped that all beginners will be in attendance upon the first day if possible and not later than the end of the first week.

Parents are asked to kindly send slips with the name and age of children who are entering for the first time.

According to the State law no child under six years of age will be admitted.

F. A. TIEDGEN, Superintendent.

Oh Sperry Flour!

Oh Sperry Flour!

You're best by every test.

For fifty years, each day and hour

You've distanced all the rest.

In bread or cakes, in doughnuts

too,

In flapjacks or in pies,

A housewife who has tried you

once,

Now lauds you to the skies.

Tune: Heidelberg.

ALLIGATOR IS SEEN IN BAY

T. W. Allen of North Bend Says He Shot One—Maybe One Willard Russel Brought

Alligator hunting is liable to become the latest sport on Coos Bay.

T. W. Allen, an employe of the North Bend box factory, is responsible for it or rather is the discoverer of alligators here and the discovery gave him the fright of his life. As he formerly hunted alligators on the Gulf of Mexico, he declares that he is not mistaken and is in hopes of securing the carcass of one alligator which he is confident he killed.

He was digging clams on the flat below the mouth of Pony Slough and had started home in his rowboat. He was rowing along when the boat struck something that caused it to sheer to one side. He noticed something in the water at the side of his boat, but it was under water. A few minutes later, it struck the boat again and he was dumfounded to see the rough, scaly back of an alligator in the shallow water. He grabbed his shot gun and holding the muzzle as near the surface of the water as possible fired at the alligator. It disappeared. A few minutes later the alligator came close and Allen says that he saw where he had wounded it. He fired again and this time the alligator sank.

For a while after coming back, Allen was dubious about telling his story as he had never heard of alligators being found in water so far north. However, he told the story to some of his friends and it is just getting general circulation. He says the alligator was a large one.

R. J. Coke when he heard the story recalled that about eight years ago Willard Russel brought five little alligators here from Florida to exhibit to his friends. He had them on exhibit for quite awhile when two of them died. He then turned the remaining three into Pony Slough. Nothing had been heard of them since and it was generally supposed that they had also died. However, Allen's discovery of an alligator here is believed to explain the whereabouts of one of them.

Allen is going to make a careful search of the spot where he saw the alligator sink as he thinks that he fatally wounded it.

ALONG THE WATERFRONT

The Alliance will sail from Portland Thursday evening for Coos Bay, according to word received by Agent C. F. McGeorge yesterday.

The Redondo will sail from San Francisco next Friday for Coos Bay. The Breakwater sails this evening from Portland for Coos Bay.

EXERCISE YOUR LUNGS

Stand or sit erect. Don't stoop over—give your lungs a chance to breathe. Take the bend out of your drooping shoulders by using a shoulder brace.

"TRUEFORM" SHOULDER BRACE WILL

Keep your shoulders in proper condition—expand your chest—and afford your lungs plenty of space in which to exercise themselves every time you breathe.

Prices \$1.25 and \$2.50.
