Several Benefit Performances Arranged—Mrs. Owen and Dr. McCormac Aid.

Additional contributions for the relief of the families of the victims of the launch North Star were forthcoming from many sources today.

The three first letters reaching The Times' office this morning contained checks for the relief fund.

During the day, a number of other contributions poured into The Times' office.

As the balance of the General Relief Fund committee, Dr. J. T. McCormac and Mrs. Nellie A. Owen have been named to work with F. A. Saechi and the money will be turned over to them at once.

Edgar McDaniel, editor of the North Bend Harbor, is raising quite a fund there for the relief work so that there will probably be in the neighborhood of \$1,000 for them before the last donations are received.

The contributions of cash through The Times up to today are as follows: Previously reported \$302.50 Lewis' Confectionery 2.00 Fred Krockstead, No. Bend 5.00 L. N. ALBEE'S SON TO GET JOB

Son of One of Victims of North Star Disaster to Be Given Father's Place.

The Marshfield Chamber of Commerce and the Coos Bay Port Commission through their presidents, Dr. J. T. McCormac and L. J. Simpson, respectively, today united in appeals to the Lighthouse Department for the appointment of Wyman Albee, son of Ira Albee, as keeper of the harbor lights at the entrance to Coos Bay.

The telegrams asking for his appointment were addressed to Capt. H. L. Beck, Inspector of the Seventeenth Lighthouse District, at Portland. The telegram from the Chamber of Commerce was as follows:

"Chamber of Commerce urgently requests that Wyman Albee, son of Ira Albee, who was recently drowned be appointed as keeper of lights at the entrance to Coos Bay.

Judge John F. Hall has intimated whoever is appointed keeper of the harbor lights will also be appointed bridge tender on South Inlet by the Coos county commissioners.

None of the bodies of the victims of the launch North Star disaster have yet been found.

Relatives and friends of the victims have searched the beach daily but not even a trace of the lost ones has rewarded their weary vigils.

Practically all hope of ever recovering them has been abandoned.

John C. Kendall, who had looked after some legal matters for Louis Molassi, one of the North Star victims, has written to the United States consul at Leghorn, Italy, to try and locate some of Molassi's relatives. He was informed that Molassi was born at Mollinello, in the province of Carrara. He never heard the names or addresses of any of Molassi's relatives. He says that Molassi was well educated.

In one of the pictures used in the extended writup of the C. A. Smith company in the recent issue of the American Lumberman, Molassi appeared falling an immense fir. The picture is on Page 48 of the number.

ENGINEERS TO RAISE WAGES

Brotherhood on Northern Lines Seek to Standardize Pay of Men.

NEW YORK, Jan. 25.—Locomotive engineers of all railroads in eastern territory have made demands for a general increase in wages ranging from 15 to 25 per cent.

The demands involve all the roads east of Chicago and north of the line of the Norfolk and Western railway and of the Ohio river. The object is to standardize the wage scale the same as was done by the trainmen and conductors in 1910. The general managers' association has been asked to appoint a committee to negotiate with the committee of the brotherhood. Railroad men believe the time inopportune and are inclined to think the railroads will not grant demands.

Expect Manchu Dynasty to Give Way on Eve of Expiration of Truce With Revolutionists.

(By Associated Press to Coos Bay Times.)

SHANGHAI, China, Jan. 25.—It is expected here in Republican circles that the Imperial edict announcing the abdication of the throne, will be issued before the armistice expires, which, as now arranged, is January 29. Shortly after that date it is believed a meeting will be arranged between President Sun Yat Sen and Yuan Shi Kai at which details will be drafted for the establishment of a kind of coalition between the governments controlling the north and the south.

POLITICS HOT IN IRELAND NOW

Winston Spencer Churchill Stirs Things Up By Activity For Home Rule.

(By Associated Press to Coos Bay Times.)

LONDON, England, Jan. 25.—The determination of Winston Spencer Churchill, first lord of the admiralty, not to change his decision to hold the meeting in favor of home rule at which he and John E. Redmond, leader of the Irish Nationalists, are to speak in Belfast February 8, caused deep apprehension among the Moderate Unionists regarding the consequences of the Ulstermen's decision to prevent it at all costs. The English Unionist press is urging Churchill to cancel his visit, pointing out that a fight between the two parties on the day of the demonstration in Belfast will not put an end to the trouble. Fears are expressed in some quarters that the hostilities may be carried on for weeks and perhaps months, not only in Belfast but throughout Ulster. The prospect of a fight is prompting many adherents of the Nationalist as well as the Unionist cause to visit Belfast then. Should riots occur there, the police will be utterly inadequate to cope with them. Even the troops who have been ordered to Belfast will find it difficult to restore order.

SNUB FOR CHURCHILL. Belfast Harbor Board Intimates He Had Better Stay Away.

(By Associated Press to the Coos Bay Times.)

BELFAST, Jan. 25.—Unionists opposing Churchill's appearance in Belfast, February 8, on behalf of Home Rule have found staunch allies in the Belfast harbor board which has practically notified the First Lord of the Admiralty that in its opinion, he had better keep away from the capital of Ulster. Churchill announced to the Commissioners of Belfast harbor that he desired to visit the harbor and dock on February 9, the day after the proposed Home Rule meeting. At a special meeting, the harbor board of commissioners drew up a reply that February 9 will not be a convenient date for him to inspect the harbor and docks.

(By Associated Press to Coos Bay Times.)

OAKLAND, Cal., Jan. 25.—Billy Delaney, the famous trainer of pugilists, died here last night. Oregon Hardware Men Do Some Knocking on the Parcels Post.

(By Associated Press to Coos Bay Times.)

PORTLAND, Ore., Jan. 25.—Bitter opposition to the parcels post was manifested at today's meeting of the Hardware and Implement Dealers Association of Oregon. Various speakers asserted that the adoption of the parcels post by this country would mean the impoverishment and degradation of the rural districts and the exalting of two or three great national mail order centers which would be developed enormously and draw to themselves "dangerous proportions of the national wealth."

SOCIALISM IS COMING.

Mail Order Houses Likely to Hasten It.

(By Associated Press to Coos Bay Times.)

KANSAS CITY, Jan. 25.—"If the country merchants are to save themselves from being swept out of existence by the big mail order houses, they must organize for their own protection," said L. C. Boyle of Kansas City, former attorney general of Kansas, today in an address here before the Southwestern Lumbermen's association meeting in annual session. Mr. Boyle said, "I am forced to believe that if the farmer and laborer but understand the situation aright, the mail order business would be short lived. Eliminate the country merchant and the business of distributing the necessities of life will of necessity center in the hands of a few great corporations. The only solution of the dilemma then will be state and national socialism."

COOS RIVER LAUNCH FIRE

Geo. Beale's Boat Badly Damaged by Flames Following Explosion Yesterday.

Geo. Beale's launch, "The Quickstep" was badly damaged by fire late yesterday afternoon on South Coos River and had to be flooded and sunk to prevent being practically destroyed. Russell Beale, a son of the owner, who was running the craft at the time, was slightly hurt.

The fire followed an explosion, the exact nature of which is not known. Young Beale says the force of it blew the windows out of the cabin and almost knocked him down.

Before a hole could be cut in the boat to sink her, practically the entire cabin was burned. The accident occurred at a point near the Carpenter ranch.

Relative of Seid Bing Unite With Officers In Search of His Slayers.

(By Associated Press to the Coos Bay Times.)

PORTLAND, Ore., Jan. 25.—Half a dozen detectives are working locally and several agents of the Seid Bing family of this city have been dispatched to various coast points to endeavor further to identify and if possible secure the arrest of the murderer or murderers of Seid Bing, whose dismembered body was found in a trunk in Seattle yesterday.

Cho Sin, a beautiful Chinese woman is wanted to tell the police what she knows of the case and a companion of the woman is being searched for.

The trunk in which Bing's body was found was removed from her room to the railroad depot and shipped to Seattle, and there is good reason to believe that the woman pretending to go to Seattle really went the Dalles, Pendleton or Walla Walla.

Police in all coast cities have been asked to aid in the search for the woman and for the man who is said to have been with the woman the night Bing is alleged to have been murdered in her apartments in this city.

The addresses of Miss Florence Cooland, 59 West Bond St., Astoria, Oregon, and Miss Bertha Martin, Empire City were written in the account book found in the trunk at Seattle with Seid Bing's body.

NOTHING NEW HERE.

Nothing new in the Seid Bing murder has developed locally. Marshal Carter has not discovered any clue in the crime nor has any one discovered anything new at Empire. Just what connection Seid Bing had with the crew is not certain. A. V. Wickman says Wong John was the boss and Chi Heo his assistant. About two weeks before the crew left for Portland, Seid Bing received a registered letter from Portland. The tickets for the crew were sold by the purser on the Breakwater direct so there is no record of their leaving here.
