RIGHT OF WAY IN NORTH BEND

Southern Pacific Negotiating for Residence Block—Simpson Deal On.

The Southern Pacific continues active in its negotiations for right of way property in North Bend. Some pieces have been bought and negotiations are well under way for other tracts.

Now the company is negotiating for one of the best residence blocks in North Bend. This includes the homes of T. W. Rennie, R. J. Coker, Wm. Brouillard, and W. R. Thompson and the former Dr. Gale home.

It was also reported today that the Southern Pacific had bought practically the entire waterfront property near the Old Town mill from the Simpson Lumber Company and had also acquired part of the property back of the mill. These negotiations are being handled at San Francisco.

No further news has been received relative to the reports that the Southern Pacific was planning to begin construction on this end. Some claimed that the company's inability to close with R. C. Cordes, F. J. de Neve and the heirs of the late Dr. Smith for the dynamite property might delay it. There is 135 acres in the tract and the company has begun suit to condemn right of way through it, although they tried to buy the whole tract, it is said.

PLAN TO FIGHT PEACE PLANS

Nation-wide Campaign Against Arbitration Treaties is Launched.

(By Associated Press to Coos Bay Times.)

NEW YORK, Feb. 16—A nation-wide campaign against the International Peace propaganda is the plan of the American Truth Society just launched here. In a statement announcing the organization of the society, its secretary denounces the proposed arbitration treaties as "substantially a step in the reunion of Great Britain and the United States and a menace to the American free institutions," and adds: "If a tribunal with judicial powers can be thus established, the tribunal's legislative powers can also be established. If a legislative and executive tribunal is established, really it only remains to create by treaty an executive power to enforce the legislative enactment and judicial decrees."

RETURN FROM OTHER POINTS

Coos Bay Men Back From Eastern and Southern Trips—Their Observations.

J. H. Flanagan returned yesterday on the Nann Smith from a business trip to San Francisco. While there he met R. A. Graham, builder of the Coos Bay, Roseburg and Eastern, and the latter was rather pessimistic regarding the railroad outlook for Coos Bay.

Mr. Graham had just returned from a trip to New York and London. He told Mr. Flanagan that the Southern Pacific had no intention of building to the bay now. Regarding the other projects, he knew nothing but said that they were like the many surveys that had been made here in the past.

HOT SHOT FOR T. ROOSEVELT

Chairman Barnes of New York Scores Third Term in Speech.

(By Associated Press to Coos Bay Times.)

ALBANY, N. Y., Feb. 16—William Barnes, chairman of the Republican state committee, speaking at the fifteenth annual dinner of the Albany County Republican Organization had this to say of Col. Roosevelt:

"No greater error could be committed in the interests of the very principles to which we adhere than to revile or uphold any man, deluded though he may be, in his endeavor to break down these fundamental principles of individual liberty and constitutional rights which form the foundation of our government and which must be the reality of the Republican party, because for a few hours or days or weeks, he whom we have honored and whom we have in the past given our votes has strayed, through devotion to false goods, from the real principles of the Republican party."

"We must not forget that during the term in which he held the Presidency of the United States he performed a wonderful service to the people of this country and although we do not believe in establishing in this country a pure individualism, yet we do not forget that all the great services he has rendered to the people in the days of the Spanish War and in the inauguration of the Panama Canal—although today we utterly deprecate what apparently was an unfortunate error of judgment."

Barnes defined the true progressive as "the man who holds to the constructive doctrine that has given us the reason for being."

"At the Saratoga convention in 1910 Roosevelt fought the Republican state committee's program and forced the nomination of Henry L. Stimson for Governor. At the polls, John A. Dix, the Democratic nominee, won with a plurality of 67,401."

APPEAL TO COURT DURING EXECUTION

Convicted Negro Murderer is Saved by Intervention of Federal Court.

(By Associated Press to Coos Bay Times.)

CHICAGO, Feb. 16—The four murderers of Fred Guezlow were hanged today. They were Ewald and Frank Shibilawski, who died together first, and Phillip Sommerling and Thomas Schultz, who met death a few minutes later. Thomas Jennings, the negro slayer of Clarence Hiller, who was to have been hanged, was saved for a time at least, by the plea of his lawyers before a Federal court that his constitutional immunity from having to testify against himself had been violated.

Desperate eleventh-hour efforts were made by sympathizers to save the lives of the Guezlow slayers. A Catholic priest declared before Judge McKinley in the Superior Court that he believed the youths insane. A bailiff from the court summoned Jailer Davies to court but three minutes before the bailiff's arrival, Davies refused to obey the summons. Instead Chief Deputy Peters telephoned to the Judge that the men had been hanged and that the execution of the other two would proceed unless a formal writ was issued. No writ was issued and Sommerling and Schultz followed their companions on the gallows.
