Oldest Oregonian—W. B. Cox, constable in Justice Pennoek's court, claims to be the oldest native born Oregonian in Marshfield. He is sixty-one years old. Marshal Carter, who is fifty-three, is also a native born Oregonian.

More Register—As a result of the numerous petitions of candidates for nominations at the April primaries being circulated, more voters are registering. Justice Pennoek said that he registered more today than any day yet. Most of them were Republicans.

New Auto Horn—E. S. Bargelt has equipped his new auto with Claxon electric horn that makes a noise that would drown an ordinary steamboat whistle. He tried it out for the first time today and had a lot of people guessing as to what was causing the commotion.

Get Five Autos—Five new Buicks, 1912 models, arrived here today. They were for L. F. Falkenstein, Henry Kern and Edgar Simpson, of North Bend, and for Barker & Goodie and Dr. Houseworth, of Marshfield. Dr. Houseworth will sell one of his other two machines, the new one being for his wife.

Sought Treasure—Since reading the story in The Times the other day of the Kimmel murder trial at St. Louis, Del Cathcart has recalled that Jake Evans, the South Slough pioneer, told him several years ago that a party of strangers were looking for a buried Spanish treasure there. Mr. Evans did not tell him who the party

was or any particulars and Mr. Cathcart thinks that possibly it may have been Kimmel and his party.

Land Files—O. O. Lund has filed his declaration of intention to be a candidate for the Republican nomination for sheriff at the April primaries with County Clerk Wasson. Mr. Lund has resided in Oregon for thirteen years and in Coos county for nearly five years and has been a Republican all his life. He is now circulating his nominating petitions.

Favors Change—Capt. Nelson of the Golden Gate Life Saving Station at San Francisco and who was formerly located at the Coos Bay station, in a letter to friends here says: "I received the extra copies of The Times telling of the launch North Star disaster. A sad case indeed, but it had to come and more will follow until the station is placed where it rightfully belongs."

Saw Fire—E. Bandel, instead of Matt Stenholm, discovered the fire in the Mrs. M. J. Elrod home the night before last and the alarm was turned in by Mrs. Bandel, according to D. L. Rood, who was one of the first on the scene. An amusing story is being told about two roomers at the Elrod home. They were playing cards when the alarm was sounded and got up and went to the door to see what it was. They didn't notice anything and returned to their game. A moment later, neighbors informed them about the fire being in their own house.

Plans Spray Plant—P. M. Hall-Lewis, Coos County Fruit Inspector, who has just returned from Portland, Hood River and Corvallis, secured some valuable information concerning the proposed plant here for the manufacture of spraying fluids. He finds that it will be impossible to get the plant in operation before the blooming season but will have it ready for the summer spraying. He plans to put in a plant with a capacity of about 20 barrels per day. It probably will be a co-operative plant and will probably be located in the Coquille Valley as the fruit growers are better organized there to handle it. The company will be organized soon.

The Excelsior, which has been at anchor in the lower Bay for a day or two for the storm along the coast to subside, returned to North Bend this morning to replenish her supply of fresh water. She probably will sail tomorrow.

The Nann Smith was unable to cross out yesterday owing to the rough bar. She has a big deck load and Capt. Olson did not want to take any chances as the bar has been breaking every few minutes. He hopes to get out early tomorrow.

CULLINGS OF COQUILLE

Coos County Sent News as Told by The Sentinel.

William Humbert and wife, of Marshfield, were in town Thursday negotiating for the purchase of acreage property near town.

Mr. and Mrs. H. L. Russell and Virgil E. Watters were in Coquille Tuesday. They are from North Bend and were negotiating for the purchase of a ranch.

On Saturday night at 7 o'clock a very pretty wedding occurred at the home of Mr. and Mrs. C. I. Kime, of this place, when Mr. Harry H. Smith and Miss Mary Ethel Watson were united in marriage by Preacher Evans of the Methodist Church.

Married—William John Mannix and Mary Downing were married at Santa Ana, Cal., Friday, February 2. Miss Downing will be remembered by many Coquille citizens as a former teacher of music in this city. While here she made her home with the family of J. J. Stanley.

At the called meeting of the Board of School Directors held Wednesday evening C. A. Howard, present principal of the public schools, was chosen for another year. Outside of the ordinary routine of business of the Board nothing of any importance was done.

One of the most beautiful weddings of the season was that of Miss Edna Constance Robinson and William Francis Feller at the home of the bride's uncle, Fred Belloni. The ceremony was solemnized Monday at high noon, Rev. F. H. Adams of the Presbyterian Church officiating.

One of the largest pigs ever butchered in Coos County was on display at the City Market Wednesday. It was raised by W. M. Rohrer at the slaughter house at Cunningham. The pig dressed 487 pounds. "Dressed" it would have brought 9 cents per pound or \$33.73. It yielded 230 pounds of lard.
