\$100 Reward, \$100
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength in building up the constitution and as letting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

SCHOOL NOTES

GENERAL SCHOOL NEWS

Supt. Tiedgen visited the schools of the county this week.

The regular meeting of the High School Literary Society was held Thursday evening. No decision was given on the debate as the question for debate was generally discussed by members present as well as by the debaters.

The High School teachers visited the North Bend schools on Friday. For many of the teachers this was their first visit to the North Bend schools and they report themselves highly pleased with the schools and the kind of work done. Special mention was made of the excellent High School Orchestra.

Supt. Tiedgen addressed the pupils of the North Bend High School Friday morning.

Eighth Grade.
Mrs. Annin and Mrs. Irwin of Myrtle Point visited the Eighth grade Friday afternoon.

The divisions of the Eighth grade have chosen sides for a series of arithmetic tests, the side making the highest average to be excused early on Friday.

Miss Wilda Harris of Sumner visited this grade on Friday. In an arithmetic test this week Carl Back, Jens Hansen and Isabelle Ferguson handed in good papers.

Evelyn Flanagan, Edith Carter and Marian Seaman have been absent this week.

Sixth and Seventh Grades.
No one has been absent from the Sixth and Seventh grades this week. Wilda Harris visited this room on Friday.

The Seventh grade pupils are studying partial payments and the areas, volumes and percentage.

Both grades are memorizing "O, Captain! My Captain" in memory of Lincoln, but are not planning to have any program this month.

Fifth Grade.

The pupils of the Fifth grade enjoyed making valentines for the valentine box which they had Feb. 14. Some very artistic and pretty valentines were made.

The pupils of this grade wrote some very good stories this week on the Early Life of Lincoln.

Supt. Tiedgen talked to the Fifth grade pupils about his visit to the schools in the Coquille Valley. He made many comparisons and gave some very helpful suggestions. The children were very much interested.

Fourth Grade.

A great deal of material was available in art work this week. Pretty sketches of pussy willows were made by all in the room in charcoal and chalk on gray mounts. The daffodils furnished another pretty study painted in yellow and green. Especially good panels were made by Clara Abel, Martha Sprague, Edward Knox and Esther Holm. The making of pretty heart-shaped valentines out of pink and yellow colored paper

(Continued on page 7.)

You Will Find

Solid, comfort and satisfaction in

OUR FURNITURE made by the best manufacturers it combines elegance durability and comfort. Our goods being substantially made will retain their fine elegant finish and last a lifetime and always prove a source of satisfaction. Another important fact is that our prices are no higher than for poorer quality and trashy goods.

Let us figure with you when you want anything from a kitchen chair to a complete outfit.

The Big Store

TRY THE EDGE WITH YOUR FINGER.

Examine a collar fresh from our laundry. Notice its clear, white color, its even, elastic stiffness, its smooth and its perfect shape. Then test the top edge by running your finger-tip over it. Notice the smooth, slick finish given it. Nothing there to rub, dig or irritate your neck.

This test will prove the value of our service. Send us a trial bundle and apply the test.

Home Permanency vs. Home Monotony

This is a vital question for present day homebuilders—whether to have a house which in appearance must always remain the same or a house that will permit of a little refreshing occasionally. Neighborhoods change as do individual tastes—a frame house easily be made to harmonize with its surroundings—a fresh coat of paint often will make it as good as your neighbor's new house—the same as a new suit makes you feel like a new man. In any rate a frame house is susceptible to most any change you might desire and while it is permanent it does not necessarily need become an eyesore or a monotony. There are lots of things we've observed about houses and lumber that you should know before building—come in and we'll give you our views.
