PATRIOTISM AND THE PUBLIC SCHOOL.

THERE is a growing impression that public school may take a wider range than the mere elucidation of mathematical problems or the unfolding of natural and scientific laws. It is now held that a boy cannot too early regard himself as a citizen of the republic, and be taught along with a clear idea of such responsibility, a loyal reverence for the flag and the names that have perpetuated it.

BUY A HOME.

EVERY laboring poor man should buy himself a town lot, get that paid for, and then work to make the necessary improvements. A little here and a little there will in due time produce you a home of your own, and place you out of the landlord's grasp; remember that fifty dollars a year saved in rent, will in a very few years pay for your home, and the money it costs you to move and shift about, without a loss of furniture and time, pay the interest on a five hundred dollar judgment against your property, until you can gradually reduce it to nothing.

CONFIDENCE NEEDED.

MORE towns die for want of confidence on the part of business men and lack of public spirit than any other cause. When a man in search of a home or a business location goes into a town and finds everything brim full of hope and enthusiasm of the prospects of the place, and all earnestly at work to build it up, he soon becomes imbued with the same spirit, and as a result he drives down stakes and goes to work with the same interest.

ALONG THE WATERFRONT.

The Breakwater will sail at 1 o'clock Saturday for Portland. Agent McGeorge had a wireless from Capt. Loftsd of the Alliance today stating that this morning she was nine miles south of Rogue River. Owing to the storm and strong headwind, she will not be able to cross in to Coos until tomorrow. She will sail from here at noon tomorrow for Portland.

Joe Wiley and wife of Kentuck Inlet are rejoicing over the birth of a son.

C. H. Farris, who has been employed for the last six weeks at Gardiner, is expected home soon.

Clarence Covey and Miss Marian Hevener were quietly married at the home of relatives here this week.

Harry Winkler has purchased one of David Liljroth's residence lots here and it is understood that he plans to erect a home on it soon.

Green and Foster, owners of the Lakeside Creamery, are reported negotiating for the purchase of the North Bend Condensary.

The Buick runabout which Dr. Bartle formerly owned has been sold to John Hill of the North Bend Ironworks.

Rev. D. A. McLeod has received word of the death of his father, Collin MacLeod, at Shallowtown, Prince Edward Island. His father was 86 years old.

Mr. and Mrs. J. D. McDougal and son, Archie, who have been spending the last month with relatives at San Diego, returned on the Redondo yesterday to their home at Millington.

John Ross, of Pleasant Point, Isthmus Inlet, who recently underwent an operation for appendicitis at Mercy hospital, has contracted pneumonia and is now critically ill.

L. C. B. Balz, the engineer who has been in charge of the government work on the Coquille river, will leave shortly for Michigan. He has been visiting at the J. W. Gardner home here for a few days.

The North Bend shingle mill is running night and day shifts now cutting a rush order for a cargo shipment of shingles. The shingle market has been picking up and Manager Allen is arranging to take advantage of it.

Dr. Ward, formerly located here but who has been making his home with a son at Forest Grove, is reported critically ill at a Portland hospital where he recently underwent an operation for gall stones. His wife and a daughter died from similar operations.

Mrs. Masales of Cooston who recently underwent an operation at Mercy Hospital is reported to be in a critical condition. She has three small children and the family is in straightened circumstances and North Bend people are arranging to aid them.

Julius Jacobson, who has been visiting for the past month at the home of his parents, Mr. and Mrs. J. A. Jacobson, on Union avenue, will leave on the Redondo to visit his brother, Melvin, who is attending college in Oakland. From Oakland he will go to San Diego to spend a short time.

The North Bend council has temporarily, at least, tabled the plan to plank and grade Sherman avenue.

A WARNING AGAINST WET FEET. Wet and chilled feet usually affect the mucous membrane of the nose, throat and lungs, and in grippe, bronchitis or pneumonia may result. Watch carefully, particularly the children, and for the racking stubborn coughs give Foley's Honey and Tar Compound. It soothes the inflamed membranes, and heals the cough quickly. Take no substitute. Red Cross Drug Store.

north from California street. The action was the result of Capt. Edgar Simpson announcing that the Simpson Company would not defray one-half of the \$12,000 cost. The matter will be taken up with L. J. Simpson who proposed the improvement.

The North Bend ladies invite all members of the American Woman's League and others interested to meet in the Presbyterian Church Saturday afternoon at 2 o'clock. The state regent, Mrs. Lottie Hannon, will be present and explain the work. The ladies of Marshfield are especially invited. A meeting will be held Friday evening at the Women's Exchange for the benefit of those who cannot attend in the afternoon.

CARD OF THANKS.

I wish to express my thanks to the friends and neighbors and to the members of the Marshfield Fire Department whose prompt and efficient work prevented the destruction of my home by fire during my absence in San Francisco last week. MRS. M. J. ELROD.

ARE MICROBES IN YOUR SCALP?

It Has Been Proved That Microbes Cause Baldness. Professor Unna of Hamburg, Germany, and Dr. Sabourand, the leading French dermatologist, discovered that a microbe causes baldness. Their theory has time and again been amply verified through research experiments carried on under the observation of eminent scientists. This microbe lodges in the Sebum, which is the natural hair oil, and when permitted to flourish it destroys the hair follicles and in time the pores entirely close, and the scalp gradually takes on a shiny appearance. When this happens there is no hope of the growth of hair being revived.

We have a remedy which will, we honestly believe, remove dandruff, exterminate the microbe, promote good circulation in the scalp and around the hair roots, tighten and revitalize the hair roots, and overcome baldness, so long as there is any life in the hair roots.

We back up this statement with our own personal guarantee that this remedy called Rexall "93" Hair Tonic will be supplied free of all cost to the user if it fails to do as we state. It will frequently help to restore gray and faded hair to its original color, providing loss of color has been caused by disease; yet it is in no sense a dye. Rexall "93" Hair Tonic accomplishes these results by aiding in making every hair root, follicle, and pigment gland strong and active, and by stimulating a natural flow of coloring pigment throughout the hair cells.

We expect no obligations or promises—we simply ask you to give Rexall "93" Hair Tonic a thorough trial and if not satisfied tell us and we will refund the money you paid for it. Two sizes, prices 50 cents and \$1. Remember, you can obtain it in Marshfield only at our store—The Rexall Store, Lockhart-Parsons Drug Co., "The Busy Corner."

Home Permanency vs. Home Monotony This is a vital question for present day homebuilders—whether to have a house which in appearance must always remain the same or a house that will permit of a little refreshing occasionally. Neighborhoods change as do individual tastes—a frame house can easily be made to harmonize with its surroundings—a fresh coat of paint often will make it as good as your neighbor's new house—the same as a new suit makes you feel like a new man. At any rate a frame house is susceptible to most any change you might desire and while it is permanent it does not necessarily need become an eyesore or a monotony. There are lots of things we've observed about houses and lumber that you should know before building—come in and we'll give you our views. C. A. Smith Lumber & Mfg. Co.
