Meet Tonight—The Young People's Society of the Baptist church

will meet at Rev. Hall's residence this evening.

Open Shop—Billy Smith is arranging to open a barber shop and a small store near the Bunker Hill boarding house.

Cold Today—Last night was one of the coldest of the winter at Coos Bay, the thermometer registering 27, five degrees below freezing.

To Run Again—Friends here have received word that S. P. Pierce, joint representative from Coos and Curry counties, will again be a candidate for the Republican nomination for the office at the April primaries.

For Roosevelt—H. G. Hoy has been requested by F. W. Mulkey of Portland, who is at the head of the Roosevelt movement in Oregon, to assist in Coos county to forward the candidacy of Roosevelt for president.

MRS. IRISH, who has been confined to her home for the past week by a sprained ankle, is now able to be up and around and expects to resume her position as a teacher in the North Bend schools next Monday.

Meet Tonight—Commander Macgenn of the Coos Bay naval militia today announced that a meeting of both divisions would be held at their hall at 8 o'clock this evening. He wishes every member to be present, as important matters are to come up.

Meet Earlier—The meeting at the Chamber of Commerce this evening will be called at 7:30 instead of 8 o'clock, some of the members having other engagements requiring them to leave early. A number of important matters are to be brought up.

Will Aid—Captain Macgenn has been in communication with C. J. Mills and other Southern Pacific officials relative to the necessity of improving the Coos Bay harbor. He has been assured that they will use their influence to have something done at once. Mr. Mills has asked for a report on further soundings of the bar by Captain Macgenn.

Get Ducking—A. T. Boldon of Coquille and L. E. McConnell of Everett, Wash., got a severe ducking in the bay this morning. They were launching one of Billy Cox's boats for a little ride when a large boat came up the bay. The first thing they knew, their boat was overturned and both were floundering in the water. They retained hold of the capsized boat until employees of Timmerman's shipyard rescued them.

Back in Business—W. K. Wiseman, the well known second-hand store dealer, who recently sold his business and started to California, but was compelled to give up the trip because of bad roads and returned to Marshfield, has rented the store room in the Bernitt building on South Broadway and re-engaged in business. He will also conduct household furniture storage in connection with his other business. Mr. Wiseman's many friends will be glad to welcome him back to the business life of Marshfield.

### A WARNING AGAINST WET FEET.

Wet and chilled feet usually affect the mucous membrane of the nose, throat and lungs, and in grippe, bronchitis or pneumonia may result. Watch carefully, particularly the children, and for the racking stubborn coughs give Foley's Honey and Tar Compound. It soothes the inflamed membranes, and heals the cough quickly. Take no substitute. Red Cross Drug Store.

Play fair; PLAY FAIR, bicycle dealer, and I will too.

Why I took the Agency for

## Dayton Bicycles

Observation convinced me that the bicycles in general use is MARSHFIELD have these faults.

(Riders will recognize each make, as I mention its weak point.)

Every other frame of one make is BENT. Look for a bent frame on the street and then look at the name plate. AM I NOT RIGHT?

Frames straightened \$1.50—look almost like new.

ANOTHER has such poorly designed cranks that one of the parts is called "THE KEEP TIGHT NUT"—by the makers themselves. AM I RIGHT?

Keep-tight nuts, 10 cents each—warranted to stay on one week.

In the THIRD, the MOST EXPENSIVE, the CRANK is also the weak point. Ask those who have paid \$5.00 for NEW CRANKS.

Mr. \_\_\_\_\_; right hand crank for your \_\_\_\_\_ cle has come; \$3.00 please.

Good wheels can be bought through mail order houses, of course. They are NO CHEAPER than DAYTONS, and think of the TROUBLE and INCONVENIENCE of replacing parts. HAVE YOU BEEN THERE?

Should DAYTON wheels develop any of these faults, I'm the loser, not you.

## The Guarantee Protects You All Dayton's Except the Special

have one-piece crankhangers. I stated my objections to a two-piece crank to the manufacturers and they wrote me that the DAYTON GUARANTEE INCLUDES THE CRANKS ON DAYTON SPECIAL.

## That Settled It; I Accepted the Agency ABOUT WOOD RIMS.

I have used since Jan. 1st, 1500 spokes in replacing wood rims. ENOUGH SAID!

DAYTON rims are made of steel and can't warp. There are twelve DAYTON BICYCLES running in Marshfield and they have not cost their owners one cent for repairs.
