BORN.
DIERS—To Mr. and Mrs. H. C. Diers at their home in North Bend, Wednesday, March 6, a ten-pound girl. Mother and child are doing well and Henry says he doesn't care when that railway comes. He is more interested in the vital statistics than traffic figures.

BRAINARD—To Mr. and Mrs. Charles Brainard, at their home in North Bend, Tuesday, March 5, a nine-pound boy. Mother and child are doing well and the father is as happy over his first son and heir as a successful candidate for president.

EICKWORTH—To Mr. and Mrs. Will Eickworth, at their home at Millcoma, Tuesday, March 5, a daughter. Mother and baby are getting along nicely and the father is overjoyed over the advent of their fifth child.

MATSON—To Mr. and Mrs. Carl Matson at their home on South Broadway, Tuesday, March 5, a son. This is their first child.

Overhauling Building—The Merchant estate is having the Red Cross building overhauled, repainted and newly papered.

Open Shop—Addison Cook and Frank Herman have opened a paint shop on North Front street near the Alliance warehouse.

Meet Today—A meeting of the special committee of the Marshfield Chamber of Commerce on the location of new industries will be held at 4 o'clock this afternoon. D. C. Green is chairman of the committee.

Gage After Prisoner.—Sheriff Gage, of Coos county, left here this morning for Yreka, Cal., to secure Will C. Thom, charged with deserting his family at Myrtle Point.—Roseburg Review.

Suggests Plan.—F. S. Dow suggests that Coos Bay have a special holiday similar to the arbor days or tree planting days in California to assist in the planting of Holland grass on the North Beach. He says that in California the plan was made a great success, men, women and children uniting in planting trees and beautifying and making useful the

almost barren spots. Here the men, women and children, on the holiday to be agreed upon, could go to the beach, unite in planting the Holland grass, for the removal of which the Port Commission has appropriated \$1000, and have a fine outing as well as accomplishing an immense amount of work. A picnic dinner could be served. The plan may be acted upon soon.

Ferry Traffic—Capt. Alex. Hall of the Ferry Transit reports that during the month of February he carried 3529 passengers, 44 double teams, 257 single rigs, 30 head of stock and 16 autos.

Initiate Four—Myrtle Lodge, Knights of Pythias, at its last meeting initiated four candidates. They were Al Smith, F. W. Hodson, Fred Housely and John Shea.

Injured Today—Otto Caffer, an employe of the Smith-Powers Logging Company, was taken to Mercy Hospital today, for treatment for a severe injury to his head sustained in an accident this morning.

Decision Tomorrow—Judge John S. Coke will probably hand down his decision in the Straw-Copple mayoralty election contest, or rather a motion in the case, tomorrow if the opposing attorneys can get together.

Count Mail—In compliance with a general order from the Postoffice Department, Carriers Sneddon and Haas of Marshfield are counting the number of pieces of mail matter and the weight of the mail delivered daily by them.

Season Closes—The open season for ducks on Coos Bay will close March 8, the day after tomorrow. The trout season opens April 1, except for salmon trout, which can be caught with a hook and line any time in the year.

Is Candidate—John D. Goss of Marshfield is a candidate for delegate to the National Democratic convention from Oregon. His nominating petitions have been forwarded to the county clerk. Will R. King, formerly on the Oregon Supreme bench, has also had his nominating petitions for the same office circulated here.

Meet Friday Night—Chairman F. A. Sacchi of the North Star Relief Fund Committee has called a meeting of the committee to be held Friday evening at 7 o'clock at the Marshfield Chamber of Commerce to take up a number of important matters that have come up. He requests that all the members be present.

Fine Picture—Manager D. C. Green of the Oregon Power Company is in receipt of a fine group picture of the managers of the H. M. Bylesby company at the annual convention in Chicago last January. Thomas A. Edison, "the Wizard," was a guest of honor and he is especially marked in the picture, which is being displayed in the window of Mr. Green's office.

Get Many Fish Eggs—Supt. Frank Smith of the local hatcheries reports many fish eggs were taken at the Coos River and Coquille hatcheries during the last few months. On Coos river 2,092,500 Chinook salmon eggs and 2,524,000 Silverside salmon eggs were secured while on the Coquille 226,000 Chinook salmon eggs and 1,894,500 Silverside salmon eggs were secured.

Chamber of Commerce Meeting. All persons interested in the proposed closing of Mill Slough are requested to be present at a meeting at the Marshfield Chamber of Commerce Friday evening, March 8, at which the matter will be thoroughly discussed and a general plan agreed upon. All members of the Chamber of Commerce and the special committees are also requested to be present.

Many Young Fish—Levi Smith is spending a few days at the South Coos River Hatchery assisting his son, Supt. Frank Smith, in the rush of work there. They have about four million young salmon there this spring which they are feeding. Assistant Superintendent Rollis Goodman, who returned from the Coquille hatchery this week, reports that they have about one million young salmon there.

Greeks in Trouble—A number of Greeks who reside in a building on North Front street became involved in a general embroglio last evening. One of them grabbed a butcher knife and was threatening to do things to some of the others when Marshal Carter arrived on the scene. He was placed under arrest and put up a \$50 cash bond for appearance at his hearing before City Recorder Butler. No one was seriously hurt in the free-for-all.

Plant Palms.—Carl Albrecht, who recently returned from a trip to Southern California, is urging that Marshfield people observe Arbor Day this season more generally than they have in the past. He suggests that more palm trees be planted in town to beautify the lawns here, and declares that within a few years Marshfield could have any of the smaller cities of Southern California eclipsed for beauty. He says that handsome four-foot palms can be obtained for about \$2 apiece.
