

SEC. STIMSON TAKES STAND

Roosevelt's Friend and Political Protege Comes Out for President Taft.

(By Associated Press to Coos Bay Times.)

CHICAGO, March 7.—Henry L. Stimson of New York, Secretary of War, and the Roosevelt candidate for Governor of New York in 1910, declared himself for President Taft, and said that while he remained the sincere friend of Mr. Roosevelt, he could not support him for the presidential nomination.

Mr. Stimson entered President Taft's cabinet last year, after consultation with Mr. Roosevelt, and with the distinct understanding with the President that he would be bound in no way to take part in the political activities of the administration. In a speech before the Taft Club of Illinois he declared his belief that President Taft's administration represented the highest expression of progressive Republican policy.

"I am here to speak for the re-nomination of President Taft," said Mr. Stimson. "I am now and always have been a progressive.

"I am for Mr. Taft because I believe he has faithfully carried out the progressive faith of the Republican party; that his administration stands for orderly, permanent progress in our national government; and that to refuse him the nomination on the assertions that have been made against him would be a blow to that progress and would put a premium upon hasty and unfounded criticism.

"I entered into public life under the inspiration of Theodore Roosevelt. I am a firm believer in the great national policies for which he has fought; and I now remain his sincere friend. But I believe that those who are forcing him, contrary to his original intention, into the fight against Mr. Taft are jeopardizing instead of helping the real cause of progress in the nation.

"The introduction of such a contest at this time, dragging in, as it necessarily will, new and personal issues which are quite foreign to the great progressive policies for which the Republican party stands, cannot fail to weaken whichever candidate is eventually nominated in June. If, as a result, that candidate is defeated in November, the government may be thrown into the hands of a truly reactionary party for years to come."

Why He Was Late.
"What made you so late?"
"I met Smithson."
"Well, that is no reason why you should be an hour late getting home to supper."
"I know, but I asked him how he was feeling, and he insisted on telling me about his stomach trouble."
"Did you tell him to take Chamberlain's Tablets?"
"Sure, that is what he needs." Said by all dealers.
