women's store and our future plans. We will therefore discontinue the Boston Store after April 15th.

The special prices we are making I think will close the stock out within this time. The Boston Store has been doing a big business for which a good deal of credit is due my manager, Mr. Irish. But it has now served its purpose, in closing out for us the North Bend stock and we must now give our attention to a larger and better institution, which our trade warrants.

LET US TALK IT OVER

THE TIMES is a republican newspaper. It believes that this country may be best served by the republican party. It believes in republican principles and policies. It is an ardent believer in and advocate of the principles and policies that Theodore Roosevelt made popular during his two administrations.

The Times is a progressive republican newspaper. It stands for the forward movement in politics as in every department of human endeavor. The cornerstone of the Roosevelt pyramid of principles was the "fair square deal for every man." The Times believes that Roosevelt is not giving his friend, President Taft this "square deal" that he so ardently advocates.

That is the reason The Times will support Taft in the coming campaign. The Times is no less a friend of Roosevelt or his principles, but it refuses to follow him when he abandons the cardinal principle in his creed—"A square deal."

Here is Roosevelt's publicly expressed opinion of William Howard Taft, and while Taft has weaknesses, Roosevelt was in no manner ignorant of them when he gave utterance to the following estimate of the present occupant of the White House.

WILLIAM HOWARD TAFT.
"To a flaming hatred of injustice, to a scorn of all that is base and mean, to a hearty sympathy with the oppressed he unites an entire disinterestedness, courage, both moral and physical of the very highest type and a kindly generosity of nature which makes him feel that all his countrymen are in very truth his friends and brothers."

Here is another reason why every consistent republican should support President Taft. It was told in the Associated Press dispatches to The Times and gave the details of the declaration of Henry L. Stimson of New York, Secretary of War, and the Roosevelt candidate for Governor of New York in 1910, who announced himself for President Taft, and said that while he remained the sincere friend of Mr. Roosevelt, he could not support him for the presidential nomination.

"I am for Mr. Taft because I believe he has faithfully carried out the progressive faith of the republican party; that his administration stands for order, permanent progress in our national government; and that to refuse him the nomination or the assertions that have been made against him would be a blow to that progress and would put a premium upon hasty and unfounded criticism."

"I entered into public life under the inspiration of Theodore Roosevelt. I am a firm believer in the great national policies for which he has fought; and I now remain his sincere friend. But I believe that those who are forcing him, contrary to his original intention, into the fight against Mr. Taft are jeopardizing instead of helping the real cause of progress in the nation."

"The introduction of such a contest at this time, dragging in, as it necessarily will, new and personal issues which are quite foreign to the great progressive policies for which the republican party stands, cannot fail to weaken whichever candidate is eventually nominated in June. If, as a result, that candidate is defeated in November, the government may be thrown into the hands of a truly reactionary party for years to come."

And that's why The Times is for Taft.

KING IS FINED FOR CRUELTY

Empire Meat Market Proprietor's Sentence Suspended During Good Behavior.

Geo. W. King, proprietor of the Empire Meat Market, was today sentenced by Justice Shuster of North Bend to pay a fine of \$100, to pay the costs of his trial amounting to \$61.60 and to serve 30 days in the county jail for cruelty to animals.

The jail sentence was suspended during good behavior.

Sentence was pronounced this morning, having been deferred early in the week when King was convicted of cruelty to a cow which was being taken to his slaughter yard near Bangor.

King will appeal the case to the circuit court, his attorney having so intimated after Justice Shuster announced sentence this morning.

PLAN CONTEST APPEALS.

Mayorality Controversy to be Taken Before Council and Supreme Court.

H. G. Hoy, attorney for R. A. Cople in the Marshfield city election contest, announces that the case will be appealed to the Oregon Supreme Court and also that a contest will be filed with the city council, in accordance with the decree of Judge Coke in the Circuit Court the other day.

The matter of filing the contest with the city council will probably raise some new questions. The charter, it is claimed, does not contain any specific provisions relative to election contests, the date of filing, etc. The city council canvassed the election returns and declared E. E. Straw elected mayor, but R. A. Cople voted against this and his protest may be made the basis of filing the contest there now.

The appeal to the Supreme Court will be to determine whether the Oregon Corrupt Practices law is superior to the Marshfield city charter.
