PECULIAR ACCIDENT

A rather peculiar accident befell one C. A. Clippinger's fine team of draft horses, last Sunday. Mr. Clippinger had let the animals, that weigh about 1600 each, into the yard near his barn, when they began playing and biting and chasing each other. While engaged in the antics one of them began to reel, and an examination disclosed that he had broken the bone in one of his hind legs between the hock and hip. The animal has been placed in a sling and its leg put in a cast, with the hope that the bone will unite, which never is very successful at best.—Myrtle Point Enterprise.

READ A TESTIMONIAL FROM ONE OF YOUR HOME PEOPLE

I called on Dr. Gray at the Chandler Hotel and had him extract an ulcerated tooth for me with the vitalized air. It was done without the least pain and no bad after effects in the least. In fact it was more a pleasure than a dread. Don't miss this rare opportunity as the Drs. do even more than they claim. Remember the date, until Saturday, March 23, at Chandler Hotel. Call early and secure engagement. Signed Geo. Mullen.

R. G. Collins, Postmaster, Barnegat, N. J., was troubled with a severe gripple cough. He says: "I would be completely exhausted after each fit of violent coughing. I bought a bottle of Foley's Honey and Tar Compound and before I had taken it all the coughing spells had entirely ceased. It can't be beat." For sale by Preuss Drug Co. and Red Cross Drug Co.
