KILLS SEATTLE DOCTOR AND ASSISTANT AND ENDS LIFE

A. Anderson, Patient of Alleged Specialist, Says He Lost All His Money.

CLAIMED THEY ROBBED HIM OF LAST CENT

Sensational Crime Takes Place in Dr. Akey's Seattle Office This Morning.

(By Associated Press to the Coos Bay Times.)

SEATTLE, March 20.—Dr. T. W. Akey, "Men's specialist", and his assistant Samuel Suskind were shot and killed in Akey's office today by A. A. Anderson, a patient of Dr. Akey.

Anderson then shot and mortally wounded himself. Anderson, after he had shot himself, said he had killed the specialists because they had robbed him of his last cent. Prosecuting Attorney John F. Murphy seized Dr. Akey's books soon after the tragedy. It is said that the Akey office at 625 First avenue was one of the large chain of offices in many cities whose so-called specialists treat "diseases of men."

Dr. Akey was about 47 years old. He leaves a widow and four children. Suskind is a young man, not a physician, but helped Akey in his office. On February 27, this year, Suskind was married in Oakland, Calif., to Miss Vilma Steek of that city. Mrs. Suskind is now in Seattle.

Anderson died in a hospital later. Akey was an old employe of a wealthy syndicate that owns "Medical Institutes" in Los Angeles, San Francisco, Oakland and other California cities, Portland, Spokane and Seattle.

The robbery occurred seven miles south of Corinth in a heavily wooded section. It is believed the robbers are the same ones who recently held up the Rock Island train west of Memphis.

TELLS OF ROBBERY

Express Messenger Taken by Surprise by Bandits

(By Associated Press to the Coos Bay Times.)

ST. LOUIS, March 20.—More than two hours late, the Mobile and Ohio passenger train, No. 4, which was held up and robbed near Corinth, Miss., arrived here today. The express messenger, William Snoddy, would not say how much money the bandits obtained. Passengers quoted Snoddy as saying there were sixty thousand dollars in the safe.

"I had no idea of the train being robbed when it stopped," he said. "The first I knew anything was wrong was when I heard something clash against the door of my car. Then the door gave way and the man jumped in. He threw a revolver up, ordered me to put up my hands and ordered me to keep still. Then another man came in. I then was ordered to leave the car. Outside one man guarded me and another was busy in the car for several minutes. Then he, too, came out a minute later and the explosion occurred and the safe was forced open."

NEWS TO STATE DEPARTMENT

Action of Nicaragua Not in Response to Any Request

(By Associated Press to Coos Bay Times.)

WASHINGTON, D. C., March 20.—State Department officials were surprised today by reports from New Orleans that the Nicaraguan government contemplated executing liberals connected with the alleged plot to kill Sec. Knox. United States Minister Wetzel, reporting the arrests to the State Department, declared the records failed to show that dynamite bombs had actually been placed but the men were arrested merely as a precaution as they had been talking wildly and publishing inflammatory articles in the newspapers. No request of any kind of punishment of the men was made by the American government.

IS A SWINDLER

Party Wanted for Buncoing People With False Subscriptions

Our attention has been called to a party described as follows: "Wears a light overcoat, light complexion, is lame and of medium height, claims to represent the 'Western Periodical Agency,' 501 Yeon building, Portland, Ore. He agrees to take your order for various quantities of 100 different magazines for the small sum of two dollars. Of course he collects the two dollars in advance. If he calls on you have him put in jail. He is a fakir, and the publishers' association offers \$25 reward for the conviction of all such persons." Norton and Hansen will take your subscription for any magazine or newspaper in the world at the lowest price and guarantee delivery or return your money.

Thirteen dynamite bombs placed beneath the roadbed over which Sec. Knox's train traveled from Corinth to Managua and connected with an electric battery were discovered by government agents and will be used as evidence against the conspirators. On the day of Knox's arrival at Managua, a bomb was exploded under the Chilitat bridge between Leon and Loeiza, destroying a small portion of the track and doing but little damage.

MANY ORDERS FOR SPECIALS

Demand for Extra Copies of The Times Great—Supply Diminishing.

With orders for the special edition of The Times coming in by long distance telephone and mail in addition to the calls at the office and news stands for them, the supply of extra copies is being rapidly depleted.

Yesterday D. D. Pierce, secretary of the Coquille Mill and Mercantile company, telephoned the addresses of a half dozen friends and relatives in various parts of the country whom he wished copies sent to. Mr. Pierce expressed himself as greatly pleased with the special edition.

The Marshfield Chamber of Commerce has arranged to supply Passenger Agent Wm. McMurray of the Southern Pacific at Portland, the Portland Chamber of Commerce and the Portland Commercial Club with a large number of extra copies which will be on exhibit there and distributed by them. Other places where home-seekers are likely to call for information about Coos Bay or a good point on the Pacific coast at which to locate will be supplied with them.

When the special edition was being printed, it was the aim of The Times to have sufficient to supply all demands for extra copies but the demand for them is so much greater than was anticipated that the supply of them is likely to be soon exhausted.

Editor G. A. Bennett in the Coos Bay News:

"The special edition of the Coos Bay Times, issued on the 16th, is certainly a highly creditable number, and will do much towards advertising the varied resources of this favored section. Its 52 pages contain valuable information for the public in general, and the cuts, which have been well selected, tell their own story of the Coos Bay country and the opportunities presented to capital for investment. A newspaper man will understand the time, worry and expense that an edition of this nature calls for, and will be willing to give due credit to Brother Maloney for his enterprise. It is far ahead of anything of the kind heretofore issued on the Bay, and will prove a welcome visitor to the homes of relatives in the states and across the sea."

E. Baniel: "The Times is entitled to congratulations on its special edition. It was a good one and the best thing about it was the editorial."

Miss Violet Henderson: "I want to extend my congratulations on that splendid special edition The Times issued. It was one of the best booster editions I have ever seen and you know we get all kinds at the Chamber of Commerce."

Rev. H. I. Rutledge: "The Times special edition was certainly a very fine paper and a credit to Coos Bay."

Rev. A. G. Lind: "That was a most excellent paper issued by The Times last Saturday and one that should do much good."

Frank Parsons: "The Times' special edition was a mighty fine paper. It was one of the best of the kind I ever saw and should be appreciated by everyone on Coos Bay."
