**THE WEATHER.**  
(By Associated Press.)  
OREGON—Fair tonight with light frost along the coast and heavy front in the interior. Saturday fair with easterly winds.

**Brought Home.**—Alfred Hill of North Marshfield, who has been at Mercy hospital for several weeks as a result of injuries sustained at the Smith mill, was brought home Thursday.

**Buys Second Auto.**—Dr. A. L. Houseworth today purchased a second Buick runabout. A few weeks ago, he purchased one for his wife and the one purchased today makes the second new machine in his family.

**Petition out.**—The petitions of A. H. Powers as a candidate for the republican nomination for Port Commissioner were placed in circulation this morning, soon after Mr. Powers filed the declaration of his candidacy for port commissioner.

**First Straw Hat.**—The first straw hat of the season was sprung by F. A. Cohan of the Busy Corner today and although it attracted more or less attention on the street, it was strictly in keeping with the weather, summer seldom if ever affording a nicer day.

**Notice to Church Goers.**—Owing to the condition of Market avenue pending improvement, those attending the services at the Episcopal church on Sundays and other days in holy week are asked to use Highland avenue, coming through Dr. McCormac's place.

**Chinaman Dead.**—Chin Ling, who had resided on Coos Bay for about 25 years, died last night in the Gow Why building after a long illness. He was a cook and until he was taken ill a few months ago, he was employed at Bandon. He is survived by a family in China and a brother, Chin Wing, who lives on Coos Bay. He will be buried tomorrow.

**Capture Cows.**—Residents of South Marshfield late last night made vigorous complaints to Marshal Carter and Nightwatchman Shoupe about three cows that were trampling their lawns and awakening them by the clanking of the bells that two of them had attached to them. After a lively chase, the bovines were taken to the

city pond where the owners will have to pay \$8 or so to get them out.

**Died at Coquille.**—Miss Ida Lafferty of Coquille who died at her home there a few days ago was buried today. She was formerly connected with the telephone exchange and was well known on the Bay.

**Gets New Position.**—Luke Fairer, formerly associated with his father in the Chandler cigar stand, has taken a position with a Portland real estate and coal company, traveling out of the Rose City for them.

**Is Candidate.**—Petitions of Milo Sumner as a candidate for republican county committeeman from the Central Marshfield precinct are being circulated today. The new members of the county committees will be elected at the primary election April 19.

**Coming Here.**—A report was current today that F. B. Waite and J. K. Hollock are expected here shortly on matters connected with the old deal between them and Major Kinney. W. J. Rust, trustee of the Kinney properties, stated this afternoon that he had not been apprised of their approaching visit.

**Coquille Boat Sunk.**—Parties from Coquille today report that the Steamer Favorite met with a mishap at the dock in Bandon last night and this morning was totally submerged along side the dock. Just how it happened, no one seems to know. The extent of the damage will not be known until she is pumped out.

**Invited to Bandon.**—Sec Catterlin of the Bandon Gun Club has invited the members of the Marshfield, North Bend, Myrtle Point and Coquille Gun Clubs to a dance to be given by the Bandon Gun Club at the new beach pavilion at Bandon Saturday evening. On Sunday, the Bandon Club will have a big shoot and Mr. Catterlin wants as many of the crack shots of the county as possible to attend.

**Deal Not Closed.**—Capt. Edgar Simpson who has just returned from San Francisco stated last evening that the parties who have been negotiating for the purchase of 1,500 acres of the Simpson company's holdings near the mouth of South Slough have not closed the deal yet. Capt. Simpson did not care to discuss the matter in detail owing to the deal not having reached a definite stage.

**Accused Woman Here.**—Goldie Bestcott, who has been confined in the county jail pending her trial on the charge of murdering Chas. Murray, came over today to look after some business matters. It was reported that she had been admitted to bail by some who stated that no officer was with her. This report was incorrect, C. F. McKnight, her attorney, stating that a deputy had accompanied her here.

**To Hold Court.**—Judge Coke will leave early in April to hold a term of circuit court at Gold Beach. The session will be convened about April 8 and will probably last a week. Judge Harris of Eugene is expected here to aid in the April term of court in Coos county which will be convened April 24. If the attorneys can agree on the date, a special term of court may be convened earlier by Judge Coke to hear the Foote and Bestcott murder cases.

**Child Dies.**—Vernon Wilson, the one-year old son of Mr. and Mrs. Jno. F. Wilson died yesterday while being brought from the home near Allegany to Mercy hospital for treatment. The little one had been ill of pneumonia and was being hastened on George Gould's launch to the hospital for medical treatment. The father has been employed until recently in J. E. Wynne's barber shop. The funeral will be held this afternoon, Rev. H. I. Rutledge officiating.

**Bolt Wins.**—The Salem Statesman prints the following concerning Eric Bolt, son of Mr. and Mrs. Geo. N. Bolt: "By delivering an oration on Cuban affairs in a manner that aroused the enthusiasm and admiration of both friends and judges, Eric Bolt, who also made an enviable record for himself last year in football, won first place Monday night in the freshman oratorical contest, which was held in the chapel under the direction of Professor Biddle, head of the department of public speaking in Willamette university."

**Capt. Macgenn Talks.**—Capt. T. J. Macgenn of the Steamship Breakwater delivered an address before the pupils of the South Marshfield school today in response to a request from Supt. P. A. Tiedgen. He spoke on "Manual Training" and drills in the schools, dwelling on the future benefits the school children would derive from them and pointing out that they might be an aid to military training in case the boys should ever be called into service. The address was a very instructive one and was greatly appreciated by pupils and teachers.

The "Child's Welfare" movement has challenged the attention of thoughtful people everywhere. Mothers are natural supporters, and will find in Foley's Honey and Tar Compound a most valuable aid. Coughs and colds that unchecked lead to croup, bronchitis and pneumonia yield quickly to the healing and soothing qualities of Foley's Honey and Tar Compound. For sale by Preuss Drug Co., and Red Cross Drug Co.
