Had Mishap—While wheeling her baby carriage over a narrow plank walk above the dredge fill on Market avenue yesterday, Mrs. D. L. Foote made a mis-step and she and the baby and carriage were precipitated into the dredgings. It was not very deep and no injury was sustained.

More Registering—During the last few days, there has been quite a rush at the various registration places about town. More republicans are registering than of any other party. There are only five more days to register in, the registration books for the primary election closing April 9.

Fill Street—Carl Albrecht has signed up to have the dredge Oregon fill the street in front of his residence at Fourth and Commercial. He was opposed to the dredge fill on the ground that the water would destroy the plants and shrubbery around his house. A bulkhead was built down the middle of Fourth street in front of the Albrecht property but this morning Mr. Albrecht decided that it would not do any more harm to have the street filled the full width than part way. The bulkheads that have been put in on the sawdust flat have proven almost water tight.

Change Agents—L. A. Parkhurst, who has been agent for the Breakwater and the local railway in Marshfield, will shortly give up his position to return to his ranch on Larson's Inlet. He was formerly in the railroad business but had to give it up on account of his health. C. B. Landers, who recently arrived on the Bay from Norfolk, Nebr., and C. R. Dindinger, who has been in the Breakwater office, will divide the work up between them under the supervision of Supt. Miller. Mr. Parkhurst took the position temporarily last winter with the understanding that he could retire in the early spring to return to his ranch.

Elks Instal Officers—The Marshfield Lodge of Elks last evening held its annual installation of officers. The names of the new officers were given at the time of the election last month. Geo. Goodrum was elected trustee to fill the vacancy caused by the retirement of E. D. McKnight to accept the position of Esteemed Leading Knight. C. F. McKnight has been elected delegate to the grand lodge meeting at Portland next July and Dr. Geo. E. Dix was selected as alternate. The lodge has indefinitely postponed the plan to present a home talent play here. Dan Keating was appointed esquire and A. E. Neff inner guard for the ensuing year. Geo. P. Laird of Bandon was also initiated last night.

Wants Aid for Fair—J. O. Stemmler is endeavoring to have residents of the Coos Bay side of the county as well as Coquille and Bandon assist the Myrtle Point business men in securing a fair grounds at Myrtle Point where an annual county fair can be held. He is desirous of having \$1500 worth of the stock subscribed for by people outside of Myrtle Point, the people there having raised over \$4000 of the amount needed. It is hoped to have the present fair district divided so that Coos and Curry will constitute one district and be awarded the \$1800 contributed by the state each year. Lane and Douglas are now in this fair district and Roseburg and Eugene have been getting most of the fairs.

LATEST EASTER MILLINERY arrived on Breakwater today and now on display at VOGUE MILLINERY, WHITEHOUSE store, North Bend. See them. Best values in SPRING HATS.

There never was a time when people appreciated the real merits of Chamberlain's Cough Remedy more than now. This is shown by the increase in sales and voluntary testimonials from persons who have been cured by it. If you or your children are troubled with a cough or cold give it a trial and become acquainted with its good qualities. For sale by all dealers.

Buy Property—W. J. Brown, a North Bend restaurant man, has purchased the Byron Savage ranch on North Inlet for \$6000. The property was sold by Mrs. Savage who was in Marshfield today closing up matters connected with her husband's estate.

New Record—Anson Rogers, Jr., yesterday established a new record for local trap-shooting. It was the second time he ever tried trap-shooting and broke 35 birds straight. Dr. Dix, Ivy Condron, Dr. Straw and a number of others also made high scores.

Have Option—It is stated that Waters and Davenport of North Bend have an option on the Hazard and Loggie tracts on South Inlet. Their option is merely one giving them the exclusive agency and expires May 15. The property is adjacent to the Simpson tract of 1500 acres which it was claimed that a Boise syndicate was negotiating for.

Hill Man Here—H. W. Lemcke of Portland who for some years was regarded as sort of an advance agent for the Hill railway interests and who is personally quite well to do, returned to the Bay today. Whether his visit here is in connection with his realty or railway matters is a question that a number are trying to ascertain.

Smith Mill Fire—A small fire was discovered on the platform of the water tank at the Smith mill the other day and caused quite a scare for a little while. The platform is a considerable distance above ground and the hose of the mill's own fire protection system were got up to it with difficulty. It did practically no damage. It is supposed to have been started by sparks from the refuse burner, the spark-arrester of which is nearly burned out and which will have to be replaced as soon as the mill can be closed down to permit it.
