Buy Timber—J. E. Poulsen, the

Coquille lumberman, has bought a 160-acre tract of timber above Allagany from Iver Peterson. It cruised about 12,000,000 and the purchase price is said to have been about \$10,000.

After Fish—The trout are having a hard struggle for existence on upper Coos river today as a result of a determined bunch leaving Marshfield this morning for the shady nooks where the finny ones were reported to be rising for the fly. Among those in the party seeking to break the piscatorial records of the season were Dr. Straw, Col. Grimes, Tom Whitzel, Ivy Condon, Al Hall and H. A. Wells, all smiling on the good ship Shamrock.

On Vacation—Miss Violet Henderson, secretary of the Marshfield Chamber of Commerce, will leave next Wednesday for California where she will spend a vacation of six weeks or two months to recuperate her health. She has been working steadily for three or four years with hardly any respite and feels that she has earned a good rest. The executive committee of the Chamber of Commerce have granted her a leave of absence and secured John W. Motley to look after the duties of the secretary during her absence.

To Curry County—Judge J. S. Coke left today for Curry County to hold a regular session of circuit court there. C. R. Peck and J. D. Goss are among the others going from Marshfield. Deputy Prosecuting Attorney Liljeqvist of Coquille is also to attend court there. Mr. Liljeqvist yesterday telephoned Justice Penneck for a list of the witnesses in the grand jury cases from the justice's court so that they may be subpoenaed. The grand jury will convene a week prior to the convening of circuit court at Coquille the last Monday in April.

WOMEN:

I say it deliberately, women—office women—In speaking of Queen Victoria, of Clara Barton, would you say ladies—No—You'd say women.

I am also acting according to precedent (as the lawyers have it) in addressing you last.

HE made man, looked at him, shook HIS head and—made woman.

Isn't it a fact, Miss Stenographer, that you come out of the office at noon and in the evening, feeling listless, dull and sometimes even dizzy? Sitting for hours at a desk with nerves under constant tension, scanning columns of figures or writing out notes is tiring.

How different you'd feel after riding a mile or so on a Bicycle, with the breeze fanning away that stuffy office smell.

I am frank to admit that bicycle riding can be overdone. So can any other recreation.

A LADIES' ROADSTER

with handlebars permitting an erect position, chain and dress-guards, to prevent skirts being torn or bespattered—A comfortable, hygienic saddle and best of all—A chance to have some one look after the oiling and adjusting of your wheel, the inflation of the tires.

Don't all this sound enticing? I hope it does, as I have such Bicycles for sale.

A lady friend said to me—Women (mark your, her own word "women") are not of a mechanical turn of mind and dislike adjusting even the simplest machinery.

All these matters will be attended to for you free of charge at any time, provided you buy a
