OVER 10,000 ARE HOMELESS; OVER 40,000 NEEDING AID

Mississippi Valley Flood Continues to Grow Worse Today.

GOVERNMENT TO ASSIST IN CARING FOR REFUGEES

Great Area in Tennessee Inundated by Levees Breaking Near Hickman.

Associated Press to Coos Bay Times.)

WASHINGTON, D. C., April 6.—A talk with President Taft, by General Leonard Wood, chief of staff, predicted today that more than 40,000 persons will be made homeless and more than 10,000 others will have to be fed as a result of the Mississippi river flood.

Associated Press to Coos Bay Times.)

The danger zone of the Mississippi district moved southward today but the keenest attention is directed toward the Reelfoot Lake country in Tennessee which was inundated last night when the levee at Hickman, Ky., was breached.

The 500 square miles of inundated country in northwestern Tennessee, hundreds of persons were forced to flee before the flood's rush and two children are said to have been drowned in the lake country.

Two thousand Reelfoot refugees at Tiptonville and Hixley. They are being provided with shelter and a state has been asked to send out clothing.

MRL ATTEMPTS TO END LIFE

Mrs. Davenport of Coquille Will Recover From Dose of Carbolic Acid.

COQUILLE, Ore., April 6.—The girl says:

Mrs. Davenport who attempted suicide by taking carbolic acid last Wednesday afternoon is still confined to her bed in the Vendome nursing home. When seen by a representative of the Sentinel Thursday morning she said: "No it was a bluff. I intended to commit suicide and I'm sorry I didn't succeed. I tried to alright but the staff didn't go down. I had been thinking of doing it for some time. I was tired of troubles and wanted to get rid of myself. Yes, I had intended to leave Coquille for good but she didn't want me to do it, so I tried to kill myself. I like the taste of carbolic acid. When the doctor gave me vinegar and milk, I thought it was badly burned and my throat is awfully swollen. No, I don't go to it to scare my mother or my sister. I simply did it to end my life. I wish I had. Please don't put anything in the paper that will hurt my mother's feelings, that is all. It was not her fault."

LET US TALK IT OVER

THE revelation of the peculiar plans for plunder and pillage of those industrial perverts, the I. W. W., as disclosed in a letter printed in The Times last evening, is something that should engage and receive the prompt and earnest attention of the people of Marshfield.

This city has work and welcome for all honest men who come here animated by an earnest purpose to do their share in the development of this section, but men whose sole object is to hinder that work and to harass and hamper those who are engaged in it, should be given short shrift here.

The Times is a firm believer in free speech and a free press. It believes in the square deal for every man. It believes every man is entitled to his opinion, but it does not believe that a band of idle braggarts whose chief boast is their ability to create a disturbance, should be permitted to duplicate on Coos Bay the disaster that has followed in their wake wherever they have been permitted to obtain a foothold.

The I. W. W. represent no recognized or responsible union. They are not here to correct conditions that should be condemned. They are without legitimate calling or grievance. Their sole purpose is to create a disturbance and destroy established order. Their presence is a menace to all legitimate enterprise.

This letter contains a direct threat that Marshfield is to be the scene of the next operations of these industrial busters. In it is stated that "word from Marshfield is that the men are ready to jump a straddle of the bosses neck and ride him to hell." This is a threat that cannot be ignored. The business men and honest citizens of Marshfield must meet it as men. Marshfield has already tolerated this menace too long. This community should be made as hot for these humbugs as the place they want to ride the bosses to.

This is not a question between the bosses and these industrial disturbers. It is a question for the city and the community. It is a question of protection for the men engaged in developing the country's resources and the men who are willing to work.

There has never been any complaint of food or wages in Coos County camps. Here in the wilderness may be found camps with club-rooms and all modern conveniences, including baths and reading rooms and good wages for willing workers. This is a condition that should be cultivated, encouraged and maintained. Men who seek to destroy these conditions should not be tolerated.

The time is at hand when a change of dictum must be made. It is up to the business men and officials of Marshfield to meet and master the situation promptly. There should be no haggling about authority. Something must be done that has some snap and sound of the law about it to make these irresponsible industrial perverts realize that this is a community of law and order and of men and officials who know their duty and knowing will perform it promptly. To neglect or be indifferent to this duty at this time is to advertise oneself as a community unworthy of the regard and consideration of honest men everywhere and indifferent to the gravest threats hanging over us—for this is a threat against the community and not against the bosses.

CANADIAN TROOPS READY FOR I. W. W.

Dominion Government Has Given Orders for Soldiers to Be Ready for Action on Cali.

(By Associated Press to Coos Bay Times.)

VANCOUVER, B. C., April 6.—The Canadian Mounted Rifles and Rocky Mountain Rangers, two military organizations in Kamloops, have been notified to hold themselves in readiness in case of strike riots by the I. W. W. on the Canadian Northern right of way.

(By Associated Press to Coos Bay Times.)

VANCOUVER, B. C., April 6.—Eleven hundred station men will resume work along the line of the Canadian Northern Railway the early part of next week, according to reports from Yale, B. C., the central headquarters of the strike scene, last night. The station men are small sub-contractors who have undertaken the work of clearing and grading small sections of the road or accomplishing rock work on different points. It is stated that no attempt to stop the station men resuming work will be made. The station men, while in a way affiliated with the Industrial Workers of the World are not members, and work independently of that aggregation.

SEC. FISHER IS FOR PRES. TAFT

Secretary Gives Reasons Why President Should be Renominated.

(By Associated Press to The Coos Bay Times.)

WASHINGTON, D. C., April 6.—Secretary of the Interior Fisher in an interview today urged the renomination of President Taft. His statement concludes: "I believe the nomination should be President Taft. First, because he believes in popular government, to be achieved through the principles of representative democracy, the only means by which genuine and enduring popular government can be secured for the people."

"Second, because he has demonstrated constructive ability at a time when constructive statesmanship is needed as never before since the republic was founded."

"Third, because of the principles which he has advocated and on the progress he has achieved and the republic party must stand at the election."

EDITOR IS KIDNAPPED Supporter of I. W. W. Is Ousted From San Diego.

(By Associated Press to Coos Bay Times.)

SAN DIEGO, April 6.—Excitement is high here today as a result of the kidnaping of A. R. Sauer, editor of a weekly paper, last night, because of the stand his paper had taken in the Industrial Workers of the World "free speech" campaign in this city. Sauer was seized by six men in front of his home and whirled away in an automobile. There is no trace of the party today. Sauer's paper denounced the police and the citizen's committees which have taken part in the deportation of the Industrial Workers.

(By Associated Press to Coos Bay Times.)

ESCONDADA, Cal., April 6.—Vowing vengeance on those who kidnaped him in San Diego last night, A. R. Sauer, publisher of a weekly paper in that city, which is 30 miles from here, walked into town this morning and left shortly before noon for Los Angeles, he said. Sauer was uninjured by his kidnapers who had tied his hand and foot after getting him into the machine. He says it would not be safe for him to return to San Diego.

MADERO GAINS IN OLD MEXICO

Developments in Stormy Republic in Favor of Federalists Now.

(By Associated Press to Coos Bay Times.)

WASHINGTON, D. C., April 6.—With one small exception, the reported capture of Topias by the revolutionists, the general trend of the reports that reached the State Department over night from Consular Officers in Mexico are in favor of the Madero government.

Governor Declares He Will Not Appoint Commissioners Without Election.

SAYS FACTIONAL FIGHT NECESSITATES LATTER

Will Name Men Who Have Highest Number of Votes at Election.

(Special to The Times)

SALEM, Ore., April 6.—With a view to ending the factional fight relative to the Port of Coos Bay, Governor West decided today instead of appointing a new board of commissioners, to arrange for an election and to base his appointments on its results.

Shortly after the port was created, the governor appointed the commissioners. Attacking the election creating a levying tax for its support, one faction recently secured a decision in the Supreme Court declaring it invalid, and now a new board must be appointed. Realizing the appointments will be unsatisfactory to one faction or the other, Governor West will arrange for an election to be held under the auspices of the Commercial Club and when the results are forwarded to him, he will appoint those securing the highest number of votes.

MUST ALSO REORGANIZE

The above announcement of Gov. West's policy is presumed to indicate the attitude he will take following the reorganization of the port at a special election to be held in the future. The Supreme Court decision has not only knocked out the Port Commissioners but has knocked out the Port itself and before any new commission could be designated, the port would have to be formed again.

MRS. D. L. ROOD HAS RESIGNED

PRINCIPAL OF MARSHFIELD CENTRAL SCHOOL RETIRES AFTER TWENTY-FIVE YEARS SERVICE HERE.

After nearly 25 years service as a teacher in the Marshfield public schools, Mrs. D. L. Rood, principal of the Central school building has resigned, effective at the close of the present school year. Her resignation was read at a meeting of the Marshfield school board yesterday afternoon when nearly all of the teaching corps for the ensuing year was elected.

Mrs. Rood began in the Marshfield schools in the 70s, then taught awhile at Eastport, taught in Alaska, and in North Bend. Since last becoming identified with the Marshfield schools, she has taught here about 10 years.

The board has not yet selected her successor. Most of the grade teachers were elected yesterday but they will not be assigned until later by Superintendent Tiedgen. A few changes were made from last year's corps, some of them being due to cupids' work and others to some of them desiring to go elsewhere. Among those retiring are Misses Baldwin, Ferdine, Somers and Chapman. Some had not made application for re-election.

Walter E. Morris was chosen to head the commercial department. He comes highly recommended. Elizabeth V. Moore will have charge of the domestic science work.

The following teachers were elected yesterday at the salaries specified:

Ruth Striffler, \$65; Louise Wilbur, \$70; Hilda Stenholm, \$65; Lilian Elmore, \$70; Lucy Spooner, \$65; Adnee Palmer, \$65; Marie T. Maloney, \$80; Helen Landrith, \$62.50; Ruth Woodworth, \$60; Walter E. Morris, \$80; Elizabeth V. Moore, \$80; Gene Stewart, \$60; Belle O'Conner, \$60.
