LOCAL NOTES

COOS BAY TIDES.

Bel.w is given the time and height of high and low water at Marshfield.

The tides are placed in the order of occurrence, with their times on the first line and heights on the second line of each day; a comparison of consecutive heights will indicate whether it is high or low water. For high water on bar, subtract 2 hours 34 minutes.

THE WEATHER.

(By Associated Press.)
OREGON—Fair and warmer tonight. Sunday fair except showers in northwest; southerly winds.

LOCAL TEMPERATURE REPORT.

For twenty-four hours ending at 4:43 a. m., April 6, by Benj. Ostlund, special government meteorological observer:
Maximum 61
Minimum 30
At 4:43 a. m. 40
Precipitation None
Total precipitation since Sept. 1, 1911 47.73
Wind north; clear.

Error in Price—Owing to a typographical error in The Times yesterday the special sale price of enameled dishpans at the People's 5, 10 and 15c store was given as 50 cents 15 cents.

Dredge to Move—The dredge Oregon will move further down the Bay tomorrow and the pipes will be changed from Commercial to Market avenue so that the fill on Market avenue can be started Monday morning. It is now expected that there will be sufficient dredgings to fill the area.

Gun Club Growing—The coming season promises to be a most interesting and successful one for the Marshfield Gun Club. Several new

members have been admitted since the last list was published and from which the name of Cornell Lagerstrom was unintentionally omitted. Among the new members are A. O. Rogers, Milo Pierson, A. B. Madden and Alvin South.

To Form Branch—Arrangements are being rapidly perfected for forming a branch of the Providence Building and Loan Association in Marshfield, the idea being to place the business here in charge of a board of ten directors. The idea is to loan money here to parties who wish to use it in erecting homes and pay for them on the partial payment plan.

Oppose Chemicals—The members of the Marshfield fire department at a meeting Thursday night expressed themselves as opposed to Mayor Straw's plan for securing three additional chemical engines for Marshfield. They claim that there is sufficient hand apparatus now and that a motor truck and chemical engine combined would be more efficient. They will present their view of the matter to the council at its next meeting probably.

Prove Up Today—John Negithon of Kentuck Inlet appeared before Land Commissioner Peck today and proved up on his Kentuck Inlet homestead. Negithon, who is known as "Clam Jack," resided on the property for about 30 years but neglected to make final proof and Geo. N. Farrin and Mr. Horne of North Bend contested the claim. Negithon won out and now the property is his.

Need Money—To correct the misunderstanding that some seem to have, Engineer Leefer stated this morning that the original statement of The Times that the entire \$7000 guaranteed by members of the Marshfield Chamber of Commerce to have the channel widened between the Cold Storage and Porter must be on deposit in a bank before the work begins is correct. He says this is Major Morrow's, instructions and he cannot deviate from it and that before the dredge Oregon can start on the work, Major Morrow must be officially informed that the \$7000 is on deposit in the bank subject to his order.

Let Contract—At a meeting of the Coos County Commissioners this week, E. N. Harry was awarded the contract for the road work known as the Brewster grade. For the rock work he is to receive \$100 per rod and on the other he is to supervise the work for \$4 per day and refund to the county balance in the fund after the work is completed. On a similar contract, he refunded about

\$1400 to the county last year. J. J. Burns was awarded a small contract on the South Coquille and L. D. Belleu and Wm. Wiggin were awarded a \$700 contract on the highway near Euchanted.

No Trace Found—Marshal Carter has been unable to find any trace of Geo. Condie, the aged Bandon man, who dropped out of sight here early this week. Mrs. Condie telephoned from Bandon today that if he is not found by Monday, she will come over to search for him. Condie had no relatives or close friends on the Bay so that it is difficult to trace him or secure any evidence to corroborate the report that he might have committed suicide.

Meet Tuesday—A meeting is being planned to be held at the Marshfield Chamber of Commerce next Tuesday evening to boost the civic improvement campaign inaugurated by the club women of the city. Mayor Straw, Dr. Mings, Dr. McCormac and Supt. Tiedgen are expected to speak on different phases of it. The Coos Bay Concert Band will probably give a short concert just before the meeting. It has also been suggested that an application be made to Congressman Hawley to furnish Government flower seed for use in the gardening contests which the club women have inaugurated.

New Business Man—E. C. Barker, who opens a new jewelry establishment in Rehfeld Bros.' store, formerly Proutis', next Monday, comes to the city with a first-class recommendation as an expert workman and a reliable business man. He is a graduate of the California Watch Making School and on June 25, 1906, purchased V. R. Wilson's jewelry store in Coquille, which he conducted successfully until March 1, this year, when he sold to W. H. Schroeder and decided to locate in Marshfield. He will be a valuable addition to the city's commercial circles.

New Glasses—We have just received a complete line of glassware, comprising full dinner sets, including water goblets, clarets, almonds, wine, champagne, sherbets, fruits, sherbet pousee cafe, finger bowls. Both in the etched and cutglass. The only complete line ever shown in Marshfield. **PIONEER HARDWARE CO.**

WOMEN:

I say it deliberately, women—office women—In speaking of Queen Victoria, of Clara Barton, would you say ladies—No—You'd say women.

I am also acting according to precedent (as the lawyers have it) in addressing you last.

HE made man, looked at him, shook HIS head and—made woman.

Isn't it a fact, Miss Stenographer, that you come out of the office at noon and in the evening, feeling listless, dull and sometimes even dizzy? Sitting for hours at a desk with nerves under constant tension, scanning columns of figures or writing out notes is tiring.

How differently you'd feel after riding a mile or so on a bicycle, with the breeze fanning away that stuffy office smell.

I am frank to admit that bicycle riding can be overdone. So can any other recreation.

A LADIES' ROADSTER

with handlebars permitting an erect position, chain and dress-guards, to prevent skirts being torn or bespattered—A comfortable, hygienic saddle and best of all—A chance to have some one look after the oiling and adjusting of your wheel, the inflation of the tires.

Doesn't all this sound enticing? I hope it does, as I have such Bicycles for sale.

A woman friend said to me: Women (mark you, her own word "women") are not of a mechanical turn of mind and dislike adjusting even the simplest machinery.

All these matters will be attended to for you free of charge at any time, provided you buy a

SOUPS

FLAKED PEAS

A small handful of Flaked Peas added to any soup, fifteen minutes before it is ready to serve, will greatly improve its flavor and wholesomeness.

PUREE OF FLAKED PEAS

3 cups of beef stock	1 cup Sperry Flaked Peas
½ cup cold water	½ medium onion
1 ¼ tablespoons catsup	¼ tablespoon Worcestershire
Tiny piece of garlic	Sauce
	Salt to taste.

Boil onion in stock until tender, add catsup, Worcestershire, garlic, dash of white pepper and salt; then add the flaked peas. Cook slowly 20 minutes, strain and serve with croutons. Stick onion with whole cloves.
