

YOUNG men are clothes enthusiasts; and it's a good thing they are; good for them and good for the older men who like to feel young, and find that clothes help to it. We expect a good deal of enthusiasm this Spring among the young men for

Hart, Schaffner & Marx

clothes. There's reason for it in the styles we show of this make; and for the exceptional quality by which the style stays stylish.

We're going to put the right sort of clothes on all the men who come to us—young or old; the kind that make a man look well-dressed.

L. D. SMITH.

have extended a call to the Rev. H. E. Oulund of Spokane who now has it under consideration.
Gets New Auto.—D. L. Foote today received a new 1912 Cadillac on the Breakwater. He will use it in the local service until the roads permit its use on the stage service between here and Drain.
Has Measles.—Hutton O'Connor, the young son of Mrs. J. W. Bennett who makes his home with Mrs. Christine Kruse in West Marshfield, is ill of the measles. He has been quarantined in his room in the Kruse home.

Deal is Closed.—A. J. Sherwood returned to Coquille this afternoon. While here, he and Right of Way Agent Marsh closed negotiations with J. H. Pinkerton for right of way for the Coos Bay-Eugene line of the Southern Pacific through his ranch. It was feared at first that it might be necessary to start condemnation proceedings.

Approves Plan.—County Superintendent accompanied by Dr. J. T. McCormac conferred with the Eastside school directors this morning and went over the plans for the new school building in Eastside. After a thorough examination the plans were approved by Supt. Bunch and the directors will proceed at once to the erection of the building.

Blanchard Given Position.—Arthur Blanchard, who has been with the Oregon Power company here, has been promoted by Manager Green, of the Oregon Power Co., to the head of the new business department to fill the vacancy caused by the departure of J. H. Levers for Everett, Wash. Mr. Green has also arranged for every employe of the company to secure new patrons, offering a special inducement to them for it.

Bulkhead Trouble.—W. J. Rust, trustee of the Kinney properties, has been requested by C. S. Winsor, Edgar Simpson and Henry Kern, a special committee from North Bend, to build the bulkhead in front of the Kinney plat B property so that the dredge Oregon will not be delayed in making the fill along the waterfront which is to be utilized in the new road between North Bend and Marshfield. Mr. Rust is doubtful about his right to make such an expenditure, but it may possibly be arranged.

Hoisted Red Flag.—Evidently some wag in the Breakwater crew thought to play a joke on Capt. Macgenn this trip. In the Breakwater's signal flag is a tapering red one. The tapering portion was cut off and the flag hoisted among the others. When Capt. Macgenn saw it, his indignation was great and calling out the crew, he declared that the first man he ever caught trying to hoist a red flag on the Breakwater, he would shoot on sight. The red flag was promptly taken down and it is a ten to one shot that the emblem of anarchy will never be unfurled on the boat again.
