THE TALK OF A THIRD PARTY

O third party likely to be formed in the United States at this time will long remain a third party. It would gather the progressives, the insurgents, the radicals—the name does not rect. cept as a question of strategy-to itself, leaving the conservatives to undisturbed possession of the republican and democratic parties. Being Americans and practical, these con-servatives would not allow differ-ences of opinion over the tariff to teep them forever apart. Sooner or later they would get together and make a stand against radicalism. If we are right about this the group aystem will not be a permanent result of the formation of a new party it will be at worst a temporary in-

W. H. BUNCH FOR COOS SCHOOLS Candidate for Republican Nomination for Prosecutor

The Present Superintendent Is a Popular and Efficient Educator.

Editor Times;

There is general condemnation of the vicious and malicious attacks, both direct and indirect, that are both grade against Supt. W. H. Bunch, by some few disgruntled and discredited parties who have a personal grievance and prejudice. Supt. Bunch has devoted too many years of his life to Coos County schools and his record for efficiency and service too well known to require any fense from such attacks at this defense from such attacks at this time, when the animus is so apparent. It is regrettable that some purely local matters should be used as an excuse to vilify and attack reputable citizens in an attempt to fortify and perpetuate the "rule or ruln" policy of some would-be Marshfield dictators.

Under the supervision of Supt. Bunch, Coos county schools have made splendid progress and his character and capacity are universally recognized. He agreed to accept the nomination this time only because of the urgency of many friends of Coos-county schools and the practically unanimous endorsement of the teachers of Coos county.

The people of Coos Bay will have an opportunity to repudiate both the

method and manner of such attacks and the men who are back of them casting their votes tomorrow for H. Bunch. -CITIZEN.

President Taft Issues Appeal Through Red Cross for Mississippi Valley Sufferers.

(By Associated Press to Coos Bay

Time.)
WASHINGTON, D. C., April 17.—
An appeal on behalf of the Red Cross
Society for funds to aid the flood
sufferers in the Mississippi valley was made to the public today by President Taft, who is president of the society. The President says the conditions are so acute as to require immediately "resources far in excess of those at their command."

GEO. M. BRUWN

Has Fine Record.

The best endorsement of the abil-ity and capacity of Geo. M. Brown for prosecuting attorney for this dis-trict is the opinion of the friends and neighbors who have known him for a lifetime. He is willing to be judged by his splendid record during the years he held the position, but even this record is fortified by the endorsement of men of prominence and standing who are familiar with his private and public life. As friends and neighbors, as citizens and taxpayers, they unite in bearing testimony to his character and qualifica-tions for the office. The following statement of opinion appears in the official state pamphlet and was written by Hon. Binger Herman and signed by Judge J. C. Fullerton, ex-County Judge Harlocker, R. C. Dement, Steve Gallier and many other prominent citizens of Coos and Douglas counties.

Mr. Brown is in the prime of life, and for 21 years has continuously practiced in the law courts of Oregon. and for much of that period has served as prosecuting attorney. He has shown the courage to administer the law without fear or favor—to protect the innocent as well as to punish the guilty—the true measure of a just, honest, and fearless prose-cutor. The taxpayer has a right to demand the protection of his property, and all citizens who value life. liberty, and the pursuit of happiness apply first to this officer of the law as their best guarantee. To risk an untried official in such a service is to

incur a serious responsibility.

There are those who are rivals to him and oppose his candidacy because they say he has served long enough. Do farmers, merchants, mechanics, or any business man transact their affairs in that way? Do they dismiss an honest and eareful employee from their service because of his long continuance with them? Do main, so long as he continues effi- go further. They say they know he they not rather encourage him to re-

"OTERS FAVOR T. R. ALL OVER COUNTRY

PEOPLE OF OREGON ARE FOR "TEDDY" BELIEF OF FORMER SENATOR.

Disciple of "Square Deal" Wins Many Friends and Followers and Whole State Manifests In His Favor.

PORTLAND, April 16-"I think the eople of Oregon will manifest by a remendous plurality over all other candidates their confidence in Theofore Roosevelt for President."

This was the comment of Fred W Mulkey, Roosevelt National committee man for Oregon.

"The reason is, Senator Mulkey continued, "that no one doubts that Roosevelt is honest; no one questions his integrity; not even his enemies have ever suggested that he violated the 'square deal' to any man-or any woman for that matter.

"Roosevelt is the biggest man this country has. He is the man this country intends to honor by making him President.

Wave Sweeps Country.
"All over the country the wave of Roosevelt sentiment has sprung. Rising in a night, it has staggered the Taft people, who were confident that with Presidential patronage and the Taft machine they could hammer the delegates into line.

"But they forgot the primaries Illinois goes overwhelmingly for Roosevelt. One state after another. even where the Taft machine is working fix hardest, notches a cross in favor of Teddy. "It will be just the same in Oregon

Spending a tremendous amount of money the Tast machine, fined up with the old Assembly crowd is working tooth and nail to nominate Taft. Average Voter for Teddy. "The newspapers are urged into the

fight by their advertisers. Big Busi ness enters the list for Tuft. "But I believe that when the aver

age voter gues to the pells he will register in favor of Teddy; he will pass over Taft when he thinks of the years that Tuft has spent at the White House doing nothing. "And he will cast his vote for Theo

dore Roosevelt for President.

The Roosevelt forces are waging a vigorous campaign. They feel that victory is already in their grasp and they are confident that Colonel Roosevelt will not only be the Republican nominee in Oregon but the Republican candidate in the whole country. They will be the next President of the United States.

Taft Makes Excuses. "This is the situation. Taft is mak-

ing a fresh batch of excuses every He is now become more ef- day," said L. M. Lepper. Roosevelt campaign manager in Oregon. "Roosevelt may make mistakes but

it is certain, he has not made them every day, seven days a week, 52 weeks a year, like Taft. And he never whined for sympathy.

"If Taft is licked he is licked. There is no need for him to cry about it. But with his 'square deal' and the love for him that everyone has, we eminent success, and when elected all know 'Teddy' will be elected by an overwhelming majority."

A Secure Investment Which Yields Large Returns

Once wired—a home is wired for all time. Security of an investment in house wiring is therefore apparent.

Landlords profit because electrically equipped homes rent more readily. Home owners profit by increased value of their property.

But electric wiring pays its biggest returns in well lighted, cheerful, safe and comfortable homes.
