

# OUTLINE PLAN FOR IMPROVING

Many Prizes Offered in Campaign for Beautifying Marshfield.

The flower and vegetable fair committee appointed by the Marshfield Improvement Club and consisting of Mayor Straw, chairman; Dr. J. T. McCormac, Mrs. E. Magnus, Miss Marie Maloney, Miss Hilda Stenholm, and Supt. F. A. Tiedgen met yesterday in the superintendent's office at the high school building. The committee had been authorized to complete a list of entries for the fair for which prizes would be given, to name the prizes, and to solicit the funds for the same.

The committee began its work by dividing the city into districts for competitive and supervisory purposes. Six districts were made, as follows:

- No. 1—Ferndale north to Date street.
- No. 2—Date to Commercial.
- No. 3—Commercial to Donnelly.
- No. 4—Donnelly to Flanagan.
- No. 5—Flanagan south and east of Seventh.
- No. 6—Flanagan south and west of Seventh.

It was decided to visit the homes in person in order that the work might be explained and Saturday named as the day for undertaking this work. The members of the committee were assigned to the several districts with the understanding that they were to visit the homes, explain the work, straighten out matters that are not understood, receive suggestions, solicit financial help, and invite to membership in the club. The committee believed that citizens of the city might just as well be asked to enroll themselves in this movement when the committee visits the homes as to wait for the regular membership committee to come along and make the request.

In the assignment of districts, Dr. Straw was given district No. 1, Miss Stenholm No. 2, Miss Maloney No. 3, Mrs. Wherret No. 4, Mrs. Barker No. 5, Mr. Tiedgen No. 6.

A plot of ground in South Marshfield has been placed at the disposal of the committee by Dr. Geo. Dix to be used as the committee wishes. Dr. Dix is having the same plowed, leveled, disked and harrowed. This plot will be placed under the supervision of Albert Selig, who is much interested in the club's work. The plot will be surveyed and divided into smaller plots, which will be assigned to the boys and girls of the city under certain stipulations. As soon as the plots are made, volun-

teers will probably be called for to take these plots and care for them under Mr. Selig's direction. Children will be taught how to put the ground in shape for production, how to raise the small plants, how to transplant, and how to care for them when maturing. Each plot will bear the name of the child who is caring for it. Applications are already coming in for plots.

The prize list for children is not yet complete, but the following entries were agreed to by the committee for adults, children and families: Grand special prize, \$50 for the greatest improvement made in the appearance of the entire home premises within the city limits.

\$10 to be awarded to each of the six districts for the best kept lawn in the district.

\$10 to be awarded in each of the six districts for the best new lawn, seeded or sodded this season.

\$5 to be awarded in each of the six districts for the best street parking, seeded, sodded or improved this year.

\$5 to be awarded in each of the six districts for the finest profusion of fine roses on bushes.

\$5 to be awarded in each of the six districts to the family making the greatest improvement in the general appearance of the out-buildings of the home.

\$5 in each of the six districts for the most improved back yard through the planting of vines and shrubbery.

\$5 in each of the six districts for the most beautiful window box.

\$5 in each of the six sections for the greatest improvement in the appearance of vacant or unoccupied lot. The above prizes will be awarded at the time of the children's flower and vegetable fair in September.

Persons expecting to enter the competition for the above prizes should hand their names to some member of the committee on or before May 15, naming the prizes for which they are competing.

Members of the same family will not be allowed to compete for more than two of the above prizes.

The children's prize list will be out soon. It was decided to give good prizes such as bicycles, baseball outfits, football outfits, fishing tackle, tool kits, suits of clothes, shoes, etc.

## NOTICE TO DEMOCRATS OF COOS, CURRY AND DOUGLAS COUNTIES

The peculiar provisions of the law governing the selection of delegates to the National Convention allows you to vote for but one, although ten are to be elected. Multnomah County has eight candidates for this office and unless each district votes solidly for its local candidate, Multnomah County will absolutely control the delegation. You are therefore urged to vote for the delegate from this district—John B. Goss of Marshfield. (Paid Ad.) Coos County Central Committee

## LEST WE FORGET.

Republican voters! Don't forget that George M. Brown has been prosecuting attorney for sixteen years and has already "licked up" over Fifty Thousand Dollars in salary alone from the public trough.

Don't forget that George M. Brown and his deputy, L. A. Liljeqvist, lobbied at the last session of the legislative assembly against the bill which would have made Coos and Curry counties a separate prosecuting attorney district and defeated that meritorious measure to your injury.

Don't forget the wreck of the Czarna without any investigation of the disaster by our prosecuting attorney's office.

Don't forget that Hon. C. B. Jackson, the other candidate for the republican nomination for prosecuting attorney, has practiced law with enviable success for fourteen years and is highly recommended for the office by many of the people who know him best, including ex-Circuit Judge J. C. Fullerton. (Paid Adv.)

# ROUT OF MR. TAFT ALMOST COMPLETE

ROOSEVELT DELEGATES QUITE OUTNUMBER OTHER CANDIDATES.

"Teddy" Wins Sweeping Victory in Illinois and Maine—Taft Has But 44 Delegates; T. R. Has 142 Already.

- Convention Delegates.....
- Following are the numbers of delegates to the Republican National Convention already pledged to each of the various candidates:
- Four hundred and sixty-eight delegates have been elected.
- For Colonel Roosevelt.....142
- W. H. Taft.....44
- Senator Cummins.....4
- Robert La Follette.....36
- Uninstructed.....94
- Contests pending.....148

PORTLAND—Any impartial analysis of the returns on delegates to the Republican National Convention shows that the rout of Taft has begun. After the great Roosevelt victory in Illinois, in which the people really had an opportunity to express themselves, no reasonable person can doubt that the ultimate end is the nomination of Colonel Roosevelt for President.

So completely was Taft defeated in Illinois that he received but two delegates to Roosevelt's 56—the single district that Mr. Taft carried being Senator Lorimer's.

A thorough Roosevelt victory in Oregon is thus presaged by all.

Taft Rout is Complete. Senator Fred W. Mulkey, of Portland, Oregon, Roosevelt committee man, has received the following telegram from Joseph M. Dixon, of Washington, D. C., the Roosevelt campaign manager:

"Four hundred and sixty-eight delegates to the Republican National Convention have been elected up to and including today. Of these, 142 are for Colonel Roosevelt, 44 for Mr. Taft, 4 for Senator Cummins, 36 for Senator La Follette, 94 uninstructed, including 84 from New York State, and contests are pending in cases of the remaining 148.

"The Taft rout has begun. Following the great Roosevelt victory in Illinois, comes the report of the Roosevelt victory in Maine. The action of the Maine Republican state and district conventions in pledging by a vote of two to one, their entire delegation of 12 delegates to the Chicago convention for Roosevelt shows conclusively that the New England Republicans are keeping step with Illinois and the other Republican States of the Mississippi Valley in the Roosevelt column.

New England for T. R.

"The Taft managers have been loud in proclaiming that New England was solid for Taft.

"The result in Maine makes their claim ridiculous.

"In Vermont, Roosevelt takes one-half of the instructed delegates and the state convention by mutual agreement selects two Roosevelt and two Taft delegates and sends all of them to Chicago uninstructed. Final returns show that Roosevelt carried Illinois by about 150,000 majority.

It was a landslide which swept everything before it, except one district, the Fifth, which is Lorimer's.

Taft Loses Own Districts.

"The Illinois delegation to the National Convention will be: Roosevelt 56, Taft 2. The districts of ex-Speaker Cannon and McKinley, the manager of the Taft propaganda, endorsed Roosevelt overwhelmingly, McKinley losing his own precinct by a two to one vote after having personally devoted some time to it. The entire country should not overlook the significance of Roosevelt's carrying the ninth congressional district of Illinois by a vote of over two to one, in which live two of Taft's cabinet officers, McVeagh of the Treasury; Fisher of the Interior; ex-Secretary of War Dickinson, Assistant Treasurer of the National Committee Upham, ex-Mayor Busse of Chicago former Secretary to President Taft, Morton; Assistant Secretary of Commerce and Labor, Nagle; and Taylor, McVeagh's private secretary, all of whom were for Taft."
