Warmer Yesterday.—The government thermometer shows that yesterday was warmer than Sunday by three degrees, although few thought it possible. Yesterday the official readings of Observer B. B. Ostlund showed the highest temperature was 78 about 12 o'clock, three degrees warmer than Sunday. There was more wind yesterday and this coupled with the fact that the people were engaged at their regular work and had something to think about besides the weather probably resulted in less complaint about the heat.

Cause Trouble.—A party of Bunker Hill and Bay Park youths last evening started to charivari John Herman and wife at their home at Bay Park.
