

GREGG FAMILY TROUBLE TOLD

Wife Sues for Divorce Following Alleged Brutality of Husband.

Mrs. Rose B. Gregg today instituted suit for divorce from A. W. Gregg on the ground of cruel and inhuman treatment and habitual drunkenness. R. O. Graves is her attorney.

The filing of the suit for divorce followed a lively mixup at the Bay View hotel which the couple have been operating. Gregg was formerly a railroad engineer but is declared to have become addicted to the use of liquor and to be rather quarrelsome when under its influence. Two or three times the officers have been called on to prevent more serious trouble resulting.

Yesterday Gregg was arrested and is now in the city jail as a result of threats he is accused of uttering. A charge of assault and battery has been preferred against him in Justice Pennock's court by Mrs. Gregg who also accuses him of having beaten her a number of times.

Yesterday, it was found that Gregg had taken a shot gun from the room of a boarder and secreted in his room. He had it loaded and had threatened to use the weapon.

It was understood today that Gregg had agreed to leave town on the Breakwater tomorrow. If he does, the charges against him will probably be withdrawn.

NORTH BEND NEWS

BAND EXCURSION train to BANDON leaves 7:30 A. M. next Sunday.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength in building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

BAER CALLED AS WITNESS

Railroad Magnate to Tell About Judge Archbald's Trans-actions.

(By Associated Press to Coos Bay Times.)

WASHINGTON, D. C., May 14.—George F. Baer, president of the Philadelphia & Reading railroad, was subpoenaed today in the case of Judge Archbald. Baer will be asked about the sale of the Culm Dump property negotiated by John Henry Jones through W. J. Richards, vice-president, and superintendent of the Philadelphia & Reading Coal company. Jones testified that out of his commission on this transaction, he made Archbald a present of \$250 because the Judge had accommodated him, negotiating \$500 on a note. The committee took a recess today in consequence of consideration in the House of the anti-injunction bill. A large number of other witnesses have been called.

TELLS ABOUT ARCHBALD

Old Charges Against Judge Are Revived.

(By Associated Press to Coos Bay Times.)

WASHINGTON, D. C., May 14.—Investigation of the charges against Judge Archbald, of the commerce court, were resumed Monday, Allen B. Cockrell, confidential clerk of the Interstate Commerce Commission, being the first witness. Cockrell prepared a memorandum of the charges against Archbald which was submitted by the Interstate Commerce Commissioner Meyer. Cockrell made notes of the charges as outlined by W. P. Boland of the Marion Coal Co. of Scranton, Pa. He produced a copy of the memorandum which was read into the record. It set forth that several years ago the Marion Coal Co., owned by Boland Bros., had a manager named Peel, who was discharged and who filed a suit for breach of contract. A demurrer was filed and W. P. Boland declared that E. J. Williams came here with a note for \$500 signed by Archbald asking him to discount it. Boland refused. The demurrer was not sustained and the case is still pending. The memorandum set forth that Boland was much aroused and "determined to trap" Archbald in some deal which would unfit him for the bench. He therefore set this trap with the Kaddi Culm Bank transaction with the Erie railroad as a vehicle and Edward J. Williams as agent in this plan. Cockrell testified that Williams had admitted to Wickersham in his presence the genuineness of some of the papers in the case.

BIG CASES ARE HEARD

Take Evidence for Dissolution of Sugar and Steel Combines.

(By Associated Press to Coos Bay Times.)

NEW YORK, May 14.—The taking of testimony in the government's dissolution suit against the American Sugar Refining Co. was begun here today before a special examiner, Wilson B. Bryce. This action together with the suit against the United States Steel corporation makes two big cases brought by the government for the dissolution of two so-called trusts now under way in this city. Most of the evidence sought by the government in the sugar case is understood to be of a documentary nature.

OLD SURVEY CASE ENDS

WASHINGTON, D. C., May 14.—Congressman Hawley has been advised that a survey of township 30, Coos County, final acceptance of which has been pending many years, has finally been accepted and that plats will be filed in 30 days. Disputes caused by this survey, continued over a period of 14 years, now are definitely settled.

THROWN FROM RIG

Well Known Marshfield Men Meet With Accident On Beach Trip.

Archie Johnston and Don Gardner, two well known Marshfield hardware salesmen, and C. W. Montgomery, of the Standard Oil company, met with a mishap while en route to Gardiner yesterday. The regular stage was crowded and they were given a single rig. Johnston maintained that he was a No. 1 driver and took the reins. They hadn't gone very far until the rig upset and the occupants were thrown sprawling on the sands. Finally the horse was caught and the stage company put another driver in charge. When they got to Gardiner, H. J. McDiamid, of Bandon, happened to be there and ministered to their injuries, which were not severe except the rude shock to Johnston's abilities as a horseman.

RESCUES AN AVIATOR

Capt. Holland, Formerly of Coos Bay, Saves Birdman.

SEATTLE, Wash., May 14.—Escaping death by a narrow margin, Roger Varicle, a young aviator from Georgetown, fell into Puget Sound last week with his hydro-aeroplane from a height of 200 feet.

Stunned, bruised and unable to disentangle himself, Varicle was held down by the weight of his 60-horsepower, 8-cylinder engine and almost drowned before he was rescued by Capt. William Holland in the launch Eagle.

Varicle was making his second trial flight about 300 yards north of Harbor Island when the accident occurred. For about half an hour he had guided the Romano, as his hydro-aeroplane was named, along the surface of the water and found that the new craft worked splendidly. Gaining confidence he raised his elevator and the machine gradually rose till it had mounted 200 feet above the water. He had just shifted his planes to descend and skim along the surface of the Sound when the Romano tilted over and Varicle, tangled in his seat, was underneath the engine as the craft hit the cold water.

It was some time before the aviator regained consciousness but later he declared that he was feeling all right.

CAMERON DAM MAN MUST SERVE LIFE TERM

(By Associated Press.)

MADISON, Wis., May 14.—John F. Dietz, defender of the Cameron dam, must serve his life term for killing Oscar Harp, deputy sheriff, during the siege of the Dietz homestead, according to a ruling of the supreme court of Wisconsin today which refused to reverse the judgment of conviction.

SOCIALISTS IN SESSION

Differ Over Asiatic Exclusion—Other Plans.

(By Associated Press to The Coos Times.)

INDIANAPOLIS, Ind., May 14.—The Socialist national convention Monday began consideration of reports of special committees on immigration, extension of the Socialists' propaganda among farmers and the campaign for the votes of women in states that have granted them the ballot. The committee on immigration was unable to agree and majority and minority reports will be submitted. The majority report favors stricter Asiatic exclusion. The minority report takes the view that Asiatic immigration "can and will be arrayed against the capitalist class." Candidates for president and vice-president will be nominated Friday.
