Finally they put some red pepper in his nose and he let go but as soon as he got free, he tried to get some other dog. After

a lively race he was caught and tied up.

Hennessey Wins.—In the circuit court at Coquille this week, Pat Hennessey took judgment for about \$200 against F. K. Gettins. This was for costs in the case of Gettins vs Hennessey over troubles growing out of the operations of M. N. Knuppenberg on Coos Bay a few years ago.

Speed Boat Men Here. R. F. Cox and J. P. Cox of Portland passed through here last night en route home from Curry county where they have been negotiating for the purchase of considerable timber. IS INJURED IN AUTO MISHAP

Fred McCullom, of North Bend, Sustains Fractured Ribs—Boy Hurt.

Fred McCullom, of North Bend, sustained three fractured ribs and some severe bruises late yesterday afternoon when his auto ran off the grade on the Ferndale road just to the north of the F. A. Golden residence and turned turtle. He was alone in the machine at the time and that he was not more severely hurt is remarkable.

He had been in Marshfield and was hastening home for dinner. Some sand had recently been put on the planking. He was running at a fair clip to get through the sand. In rounding the turn, his machine skidded and went over the embankment. It turned completely over and landed right side up.

The machine toppled down an embankment full ten feet high and would have gone further in the gulch had it not struck a tree. The damages to the car have not been fully ascertained but some claim that it is in bad shape.

Parties who visited the scene this morning say that Mr. McCullom's escape with such comparatively slight injuries is little short of a miracle.

Auto Hurts Child.

Last evening, F. L. Kern narrowly escaped running over 8-year-old Robert Downer, son of Mr. and Mrs. Downer, who reside on North Second street, near Commercial, in Marshfield. The boy was playing on Broadway with some other children when Mr. Kern's machine came along. Evidently he didn't see the machine. Mr. Kern swung out to escape him and succeeded almost. The wheel passing over the lad's foot.

AUTO STOLEN FOR JOY RIDE

Unknown Parties Run Machine Into Ditch at Millington and Leave it There.

Unknown parties last evening helped themselves to R. Z. Bolinger's auto which was left standing on North Front street. After a long search, the machine was located this morning in a ditch alongside the road at Millington. It was not damaged but it required the efforts of several men to get it back in the highway where it could be run.

Marsh Carter is investigating the case today and if the parties are apprehended, it may go hard with them. It is presumed that they are local parties who took the machine for a little joy ride. The car was headed towards town when found.

The machine is one that has been used in the local auto service.
