SOMETHING TO THINK ABOUT

FROM now until November the people of Oregon will have something to think about, with 27 bills up for the November election, but this is four less than two years ago.

Of these six were referred by the last legislature, and four of the laws passed have been referendomed, including the University of Oregon bill.

The six measures referred to the people by the legislature include an amendment to Section 2 or Article 3 of the Constitution, creating the office of Lieutenant Governor; an amendment to Section 1 of Article 5, providing for uniform rules of taxation; an amendment to Section 32 of Article 1, providing that no tax shall be imposed without the consent of the people or their representatives in the legislative assembly; an amendment to Section 1 or Article 9, abolishing poll tax; an amendment to Section 1 or Article 17, providing manner of amending Constitution; an amendment to Section 3 of Article 11, fixing liabilities of stockholders of corporations.

Two referendum petitions have been filed against the appropriations for the University of Oregon, which aggregate \$831,517.84, and a referendum vote will be taken on the appropriation of \$50,000 for the month normal dormitory. Besides these three, a referendum petition has been filed against Senate bill No. 73, which provides for putting regulation of all public service corporations in hands of the State Railroad Commission.

Among the measures for which petitions are now being circulated, or will be circulated shortly, are four tax measures being prepared by the State Tax Commission; four highway bills; one to abolish capital punishment; one to fix railroad freight classifications and rates; one for the repeal of the county's right to establish its own tax system; one to substitute a filing fee for the petitions of candidates in primary election; one to prevent congestion of nominees of one party in cities; one to make Lincoln's birthday a legal holiday; one to make the flat salary amendment apply to the state printer immediately instead of at the close of the incumbent's term.

ARAGO AND VICINITY

J. W. Meadows is quite ill again.

Miss Grace Miller spent Sunday with her sister, Mrs. Marion Clinton.

Miss Merle Radabaugh, who is teaching at Fat Elk, spent Sunday at her home on Fishtrap.

J. D. Finel, who is teaching the Upper Fishtrap school, spent Saturday and Sunday at his home in Coquille.

The road supervisor, Marion Clinton, is doing considerable work on the road along the grade below Fishtrap landing.

Lewis Pinkerton returned home from San Francisco a few days ago. Mr. Pinkerton brought 500 little White Leghorn chickens home with him.

Miss Myrtle Hodge has been engaged to teach the fall and winter term of school at Fishtrap. Miss Hodge is now teaching school in Bandon.

The Farmers' Union had their ice cream social at the Fishtrap school house Saturday afternoon. It was largely attended and everyone enjoyed themselves immensely.

The quarterly meeting will be held at the Methodist church Sunday, May 19. The members and friends are to bring their dinners and partake of a basket dinner at the church house on that day.

One very unique article sold at the bazaar Saturday evening was a lovely cake made by Mrs. Krantz. It was a cream cake decorated with cocoanut and raisins. It was purchased by Robert Miller for his birthday cake, as he was 20 years old on the day following the bazaar.

Hurray for Arago and Fishtrap! They're still on the earth's surface, and as the roads are much improved the buggies are there also and spinning around in this vicinity quite lively now. All the young men are taking their best girls for a jolly ride—or else the other fellow's best girl.

The Ladies' Aid held their bazaar at the Pinkerton home on Fishtrap Saturday evening, May 11. There were about 150 people present. The crowd was served with a delicious Chicken Pie supper. Ice Cream and cake were also served. The ladies have been working for this bazaar for over a year as they began a name quilt for it a year ago last March.

The quilt had about 260 or 270 names on it, all worked with fast red thread on white cloth. They also had a number of other quilts, sofa pillows, dollies, aprons and other wearing apparel. The articles were sold at auction, Jean Hampton being the able auctioneer. Miss Merle Radabaugh bid on the name quilt and was the lucky and proud winner. The proceeds taken in at the bazaar were \$103.45. The Ladies' Aid feel well repaid for their earnest work in arranging and planning for this bazaar.

WALT MASON

THE POET PHILOSOPHER

THE FOUNTAIN PEN

The fountain pen is useful to all our human tribes; it's better than the gooseflesh quill used by ancient scribes. It's bought by Christmas shopper to give to Uncle Heck, so he can push a stopper down in a bottle's neck. I've bought about a dozen at Jimpson's notion store, and uncle, aunt and cousin gave me as many more; and if I do not lose them, they are a boon, you'd think; but when I want to use them they're always out of ink. And if some ink still lingers inside the blamed machine, it gets upon my fingers and stains me red or green. If I am in a hurry, it rends my bosom then; there's nothing else can worry man like a fountain pen! I twist it and I shake it, and turn the thing around, and then get mad and break it and stamp it in the ground. A fountain pen would please me and fill me with delight; of trouble it would ease me if it would only write. The fountain pen is handy for pushing corks, I think; it surely is a dandy at splashing you with ink. It has a dozen features commending it to men, but no well-balanced creatures would use it as a pen!

JAP CAPTAIN ON ALLIANCE

Master of Big Tramp Steamer Passenger On Vessel Here Today.

The Alliance arrived in this morning from Eureka after a good trip up the coast. Capt. Lofsted reports that he crossed out from Eureka at noon yesterday and struck good weather along the coast.

Capt. M. Imahashi of the Japanese tramp steamer, Shintsumaru, was a passenger on the Alliance, traveling in the Captain's cabin. While his vessel was loading a part of a cargo of Redwood at Eureka recently, he was stricken with appendicitis and had to undergo an operation. This was only ten days ago and he is just recuperating. He has been making American ports for a number of years and has a fairly good command of English. However, the operation and removal of his appendix is something that he does not fully understand. He had a number of photographs of his appendix taken and this morning exhibited them to callers at Capt. Lofsted's cabin. His vessel, the Shintsumaru, is now completing her cargo at Puget Sound for Melbourne and he is hastening there to join her. She has been waiting several days for him. She carries about 3,500,000 feet of lumber and is manned entirely by a Japanese crew, about 100 men being her complement.

The Alliance sailed this afternoon for Portland and will sail from there for Coos Bay next Saturday evening.

Among those arriving on the Alliance today were:

C. W. Linberger, G. W. Harney, A. Dawson, M. J. Bernhill, S. Horea, R. Campbell, E. C. Cortelyou, H. A. Bontell, Geo. Loeke, J. W. Tracy, M. Gola, M. Anderson, D. Reynolds, F. Mattson, I. Adams, M. L. Jobell and wife, J. A. Hughes.

Among those sailing on the Alliance were the following: John Michaels, W. D. Dillon, Walter Fulcher, B. Ferdinand, E. Matthews, J. Papas, Mrs. L. M. Kessler, R. H. Cartid, J. V. Hodson, and E. R. Hodson.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength to build up the constitution and assailing nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

WILL OBSERVE MEMORIAL DAY

President Campbell, of Oregon University, Likely to Deliver Address.

At a meeting of the committees of the Spanish War Veterans and G. A. R. last evening, preliminary plans for the observance of Memorial Day were completed and it is expected to have the entire program arranged by the last of the week. President P. L. Campbell, of the Oregon State University, who is expected to be on the Bay next week to deliver several high school commencement addresses in this county, will probably be the orator of the day.

It is also proposed to have the Marshfield school children participate in the exercises. Owing to the larger seating capacity, it is possible that the exercises may be held in the Tabernacle building instead of the Masonic Opera House.

The committee in charge of the arrangements consists of S. B. Cathcart, I. S. Kaufman and Lee Webster, of Baker Post, G. A. R., and D. A. Jones, E. H. Joebnk and F. K. Gettins, of the Spanish War Veterans. Mayor Straw will likely issue a proclamation urging a general observance of the day and the Smith mill will probably close down for all or part of the day.
