greatly reduce the danger from Port Orford reef to vessels caught in the storms and fogs which are so frequent along that stretch of the coast.

No Deal Made.—It was reported here again today that Messrs. Simpson and Byler had disposed of their large holdings at Lakeside. C. M. Byler stated that no deal had been closed for the property although he admitted that parties were negotiating for it.

Will Wed Again—Mrs. Longstaff has just received word that Mrs. Clara Noah, a former Coos Bay resident, will wed about June 1 at San Diego, Calif. Mr. and Mrs. Noah were divorced soon after they left Coos Bay. The name of Mrs. Noah's fiancé has not been received here.

Council Tonight.—The Marshfield city council will meet this evening. Besides the Southern Pacific franchise matter, a number of street improvement projects will probably come up. A petition from property owners in the Market avenue district asking for bitulithic paving is to be presented by Messrs. Albrecht and Sandberg. It is understood.

Got Into Warehouse.—Monday night, some unknown prowler broke into the Breakwater warehouse but so far as can be determined did not steal anything. He gained access by pushing a small boat underneath the wharf at low tide and then forcing his way up through a loose plank in the floor of the building. He left the boat tied near where he had gained entrance.

Is Honored.—Mrs. Kate Lando was elected Warden of the Rebekah Assembly, I. O. O. F., of the State of Oregon at the annual session which is being held in Pendleton, according to a telegram received by Mr. Lando today. Mrs. Lando is a delegate from Marshfield and her many friends will be gratified to learn of the honor conferred upon her. Following the Rebekah meeting, she will visit relatives in that section for a month or so.

Brings Back Bride.—Alfred Odman, leverman on the U. S. dredge Oregon, who returned Sunday on the Breakwater from a two weeks' vacation at his old home in Wisconsin. He was accompanied on his return by his bride, formerly Miss Minnie Lundberg, to whom he was married at Pepin, Wis., during his absence. The young couple will make their home in North Bend for the present. Mr. and Mrs. Odman were given a cordial welcome by the members of the Oregon and many friends will wish them a long and happy married life.

Back From Meet.—Carl Larson, Sidney Clarke and Guy Stutsman have returned from Corvallis where they represented the Marshfield High school in the state field meet. None of them were in very good condition after the hard stage trip out. The weather was very hot, and the athletic field very poor. Stutsman did not qualify in any of the events. Larson ran in the 220 yard dash but failed to get a place. Clarke was unable to do his best in the high jump owing to bad grounds for the straight run. Clarke returned on the Drain stage while Larson and Stutsman walked in, coming via Allegany.

INSURE

That plate-glass on Front street now and be protected from loss. E. S. Gear & Co., room 22, First National Bank.

ACCESSIBILITY

A lot you cannot get to is actually worth little, no matter how close-in it appears on the map or "as a bird flies." A man, unlike a bird, must travel over beaten highways. When you make your selection, get a lot that has a good approach; is on a good street. If it is also close to a navigable water-course, all the better.

"One of the finest building sites in New York City has been vacant from the days of the aboriginal inhabitants," says the Outlook. "Mrs. O. H. P. Belmont has now acquired this property and will erect a fine mansion on it. Until recently this section of Manhattan Island has been DIFFICULT OF ACCESS, which fact doubtless accounts for its unimproved condition."

On the other hand see how quickly districts build up which can be reached by good streets or which are close to street car lines. It is the old element of transportation.

First Addition to Marshfield

Is arrived at over a splendid, level boulevard, a continuation of the hard-paved portion of Fifth street. It is bordered by the deep water of Coal Bank Inlet. Furthermore, the 50-foot lots we are now selling for \$300 each front on 60-foot streets that are being opened and graded at our expense. Here is accessibility for you. A number of our buyers have already built and are living on their lots.

The railroad news of the past few days has turned attention toward this most available Marshfield Addition and the best lots are going fast. Better look them over now. Call at our office and inspect plat.
