MAKING THINGS GO

WE HEAR every once in awhile that any public enterprise or movement that merits support will get it.

In the long run and in general that is true. Sometimes in specific instances nothing could be more untrue.

Things succeed or fail in this world largely as communities take long or short views of their own interests. Things succeed in farsighted communities which fall in short-sighted communities.

Coos Bay has a great future before it as the rallying point for this section of Oregon for an annual holiday and festival. The Times made the suggestion more than a month ago. There is a disposition to make the Fourth of July an occasion of this character this year.

Last year's committees, particularly the finance committee, did Trojan service and they will undoubtedly be selected again this evening at the mass meeting to be held at the Chamber of Commerce.

This is a celebration that is in the line of city boosting. It is money in the till to have Marshfield known as the place to go for what is good and the place that always makes its promises good, too.

Here is an opportunity to take long views for the future and to make things succeed because they are entitled to succeed. Success must be planned for by a community as much as by an individual.

Come out tonight and help boost.

NOTED PILOTAGE CASE IS DECIDED

United States Supreme Court Sustains Right of States to Impose Charges on Vessels.

(By Associated Press to The Coos Bay Times.)

WASHINGTON, D. C., May 27.—State pilots won a victory over the steamship companies today when the United States supreme court decided that coastwise sea-going steam vessels under register and with a federal pilot aboard still were subject to liability for state pilotage fees upon entering or leaving ports.

The point arose specifically as to whether steamships sailing under register on voyages between San Francisco and United States ports on Puget Sound and stopping en route at Victoria, B. C., were liable upon leaving or entering San Francisco to pilotage fees levied by California statutes.

REBELS LACK AMMUNITION

Scarcity of Powder and Bullets Said to Be Responsible for Federal Gains.

(By Associated Press to Coos Bay Times.)

CHIHUAHUA, Mex., May 27.—Mexican rebels are rapidly running out of ammunition and the feeling against the United States for preventing importations of arms into Mexico runs high in the rebel zone.

PLAN TO OUST GENERAL WOODS

Amendments to Army Appropriation Bill Would Affect Chief of Staff.

(By Associated Press to Coos Bay Times.)

WASHINGTON, D. C., May 27.—The army appropriation bill was reported back to the Senate and House by the conferees today with anti-administration amendments which would legislate Major General Wood out of office as chief of staff and would leave the location of military posts to a commission of retired army officers and two members each of the Senate and House committees on military affairs.

The amendment which would remove General Wood also would prevent either Brigadier General Crozier or Funston ever attaining the office of chief of staff. No officer who has not spent ten years in the line with the troops before becoming a brigadier will be eligible.

MEET TONIGHT ABOUT FOURTH

Business Men to Determine Whether Celebration Shall Be Held Here.

The meeting to be held at the Marshfield Chamber of Commerce this evening to discuss plans for the Fourth of July celebration here promises to be largely attended.

The question of whether or not the celebration shall be held is the principal one to be decided. While there has been considerable talk in favor of it, a celebration will require much work and a considerable expenditure to make it a success.

ISLAND PRESIDENT WAS AROUSED OVER IT

Pillaging By Rebels Continues—More U. S. Marines May Be Landed.

NO INTERVENTION NOW By Associated Press. JERSEY CITY, N. J., May 27.—President Taft sent a message today saying he would not intervene in Cuba.

WASHINGTON, May 27.—Feeling assured that President Gomez has misunderstood the purpose of the American government in dispatching the large naval force now on its way to Key West, the State Department, after having instructed American Minister Beaupre at Havana to make plain to the Cuban government the purpose of the movement, has now left to the discretion of Colonel Karmay, commanding the marine forces on the cruiser Prairie due at Guantanamo tomorrow the extent to which the marines shall be employed.

It is believed that as soon as President Gomez is aware that no sinister purpose is behind the American action, he will no longer object. It is thoroughly appreciated here that the Cuban president must assume a rather resentful attitude toward what might appear an invasion of the island lest the patriotism of the Cubans be stirred to resistance.

STRIKE IS ENDED

Labor Trouble in Havana Harbor Is Terminated by Gomez.

(By Associated Press to Coos Bay Times.)

HAVANA, May 27.—President Gomez received the message from President Taft disclaiming any intention of the United States to intervene. He immediately summoned a meeting of the cabinet to which he communicated the text of the message, expressing the highest appreciation of Taft's attitude. Gomez is preparing a reply.

CONFER ABOUT LAW

Clear Legislation to Permit Interventions In Cuba.

(By Associated Press to The Coos Bay Times.)

WASHINGTON, D. C., May 27.—The Senate committee on Cuban relations today directed Senator Page, of Vermont, chairman, to confer with President Taft on necessary recommendations for legislation to clear the provision of the law governing when and how the United States may intervene in Cuba under the so-called Platt amendment.
