

MEMORIAL DAY PROCLAMATION

Mayor Straw Declares Thursday Legal Holiday—Program at Masonic.

Mayor Straw today issued a proclamation declaring Thursday a holiday in the city of Marshfield for the general observance of Memorial Day.

The program which the Spanish War Veterans and G. A. R. have arranged will be held at the Masonic Opera House instead of the Tabernacle as was first proposed.

The following is Mayor Straw's proclamation:

A PROCLAMATION.
To the People of the City of Marshfield:

WHEREAS the 30th day of May, commonly known as Memorial Day is by the laws of the State of Oregon designated and declared to be a legal holiday, and

WHEREAS it is fitting and proper that said day should be observed by showing due and proper respect to those who gave their lives to the service of the nation, and

WHEREAS the city of Marshfield there are many still living who offered their lives upon the altar of this country and who desire that Memorial Day be in part given over to due and proper observance and respect to the nation's defenders, and

WHEREAS it is an expression of human love and friendship to set apart a day on which we may be allowed to show our respect for our departed friends and loved ones by placing a flower on the spot that marks their last resting place, and

WHEREAS the Common Council of the City of Marshfield by Resolution passed on the 17th day of May, 1910, authorized and requested the publishing of this Proclamation.

NOW THEREFORE, I, E. E. Straw, Mayor of the City of Marshfield, by virtue of the power vested in me by said Resolution do hereby declare and proclaim the 30th day of May, 1912, a legal holiday within the city of Marshfield, Oregon, and do hereby for and on behalf of said City request and direct that between the hours of One (1:00) o'clock p. m. and Four (4:00) o'clock p. m. of said day, that all business places within said city be closed to business and I further earnestly request of all citizens of said City to show due and proper respect to said day with all of its significances by properly decorating their homes and places of business with the nation's flags.

E. E. STRAW,
Mayor of Marshfield, Ore.

LOG PRICES TO GO HIGHER

Fir and Cedar Will Be Advanced \$1 on June 1, Is Asserted.
SEATTLE, Wash., May 28.—Existing price of fir and cedar logs will be advanced \$1 on June 1, if present plans of the largest logging concerns on Puget Sound are carried out. The rise in price is expected to be announced by the Washington Log & Brokerage company. This company aids in marketing more than 65 per cent of the entire logging output on Puget Sound.

The present schedule of log prices is as follows: No. 1, \$11 per 1000 feet; No. 2, \$8 per 1000, and No. 3, or common, \$5.50 per 1000 feet.

General improvement in the lumber industry following advice of a shortage in lumber in Eastern markets has justified the logging concerns, the loggers say, in elevating the price of logs to a point approximating the schedule existing three years ago. The present schedule of prices is the lowest since the panic of 1893-7.

NEVER BEEN SURVEYED

Stretch of 170 Miles Along Oregon Coast That Is Neglected.
Between Cape Blanco and the mouth of the Nehalem river, approximately 170 miles, there is a stretch of the Oregon coast that never has been surveyed by the government. Further than giving the name of a few soundings taken at long distances apart there is nothing on the charts issued by the government to show the depth of water along the coast to the mariners who take vessels up and down the coast. Capt. Nelson, master of the steamer Tampus now in Portland, says his recollection is that in the late 80s two surveying parties were making detailed surveys of the coastal waters, one operating from the north and the other from the south. When the party from the north had reached the mouth of the Nehalem river, and the one from the south had completed data as far as Cape Blanco, the funds appropriated for the purpose were depleted and the survey never was completed. Agitation for finishing a detailed survey over this long gap has been made from time to time, but so far without apparent success. —Portland Telegram.

REDUCE DOCK TOLLS

San Francisco Commissioners Will Reduce Them.
SAN FRANCISCO, May 28.—A graduated reduction in dock tolls on both incoming and outgoing cargoes was announced by the State Board of Harbor Commissioners to take effect as new improvements are completed and leased. It has been found that the monthly excess of receipts over expenses now totals about \$20,000, and ultimately it is hoped the port will pay its way with only nominal charges, or none at all.

At present there is a flat toll of five cents a short ton, whether the ton be coal, or silk worth \$1000. The first step will be an ad valorem schedule of collections, which shippers agree would distribute the burden of taxation more equitably.

WASHINGTON, May 27.—The U. S. Supreme Court affirmed the Massachusetts judgment by which Albert S.
