

# An Incomparable Showing of Summer Fabrics

It's just like getting a foretaste of the season—It's freshness, soft sunlight and fleecy clouds—To view the dainty wash goods which we are now displaying. They are in the most delicate color tones and mixtures and as fresh as a dewy June morning. Anyone could grow eloquent in describing these beautiful new comers and yet no description we could give would be adequate. Accept our invitation to come and inspect them, and they will enthuse you as much as they have us. We have bought largely and to good advantage, and offer wide choice of exceptional values in COTTON POPLINS, SOISETTES AND RAT. INES AND THE POPULAR RUSSIAN CORD POPLIN and other artistic fabries for Summer wear.

Don't deny yourself the pleasure of inspecting and the profit of buying these fresh arrivals while they are so spotlessly new and alluring.

HE flower of love has been likened to a century plant, which buds and blossoms but once in a lifetime, says Laura Jean Libby. Others tell us that even though the first blossom of love may have bloomed, lived its allotted time, then slowly cast from its heart its withered petals with them ceasing to be, a new shoot of love may spring up while there is yet a pulsation of life in the root.

In other words, love may unfold a second time. Whether it will thrive to the same perfection as the first blossom of love depends upon the sunshiny influence which surrounds The heart that has once known

"All the world loves a lover." Even the most cynical people are drawn unaccountably into sympathy with a sweet and lovely woman and a manly she comes back. man. It is sympathy which will cause the numbed root of love to bloom again in the heart. It is the strongest force of attraction that can exist between two people. Few can wondraws the world heart to the widow, back again to the home nest.

Two "society girls" write me in part as follows:

"There is a scare in our town. One of our prettiest girls, whom every man seemed to fall in love with at sight, married a year ago. Then and not until then, did the rest of us girls breathe freely. We had no chance of getting a marriageable beau. She monopolized them all. We hear that she has just been widowed -lost her husband in an auto acci-Furthermore, she is coming back to live here.
