**Mosquitoes Bother**—It is said that mosquitoes are more numerous here this season than in many years. They were especially noticeable last evening around the city park where the crowd had gathered for the band concert.

**Runaway Today**—A horse belonging to a fish and crab vender named Ritz started to run away on Commercial street this afternoon. The animal was caught before he had gone far but not before he had damaged the rig considerably.

**Child Injured**—Little Rosemary Richardson, daughter of Mrs. Boyd M. Richardson who is visiting her parents, Mr. and Mrs. Eugene O'Connell, was quite badly injured yesterday. While playing around the O'Connell summer home at the Maze she slipped and fell, cutting a bad gash in her face which may leave a bad scar. She was brought to town this morning.

**To Coquille**—It was reported here today that P. M. Hall-Lewis would soon resign as Coos county fruit inspector to take the position of city engineer at Coquille. Coquille has considerable street work under way now and a large amount is projected. Mr. Lewis was formerly city engineer at Hood River and this experience together with his ability in this line will make him a valuable man for Coquille. Who will succeed him as fruit inspector is not known.

**Case Decided**—Justice C. L. Pennock today handed down a decision in the case of Frank Terry of Daniels Creek who was tried before him yesterday on the charge of making threats against Geo. W. Beale, his brother-in-law. He decided that Terry should be placed under \$1,000 bonds to keep the peace but that the sentence should be suspended during the good behavior of Terry. It seems that Terry and Beale had a wrangle over the division of the proceeds of a piece of property at Ten Mile in which Terry claimed he had an interest.

**PROGRAM FOR JULY FOURTH**

Meeting Tonight to Complete General Draft of it—Engage Opera House.

The Fourth of July Committee will have another meeting this evening to discuss plans for the big celebration which is to be held here July 2, 3, and 4. It is expected that the outline of the general program will be completed tonight.

Today, the Masonic Opera House was engaged for the formal Fourth of July program. Dr. McCormac who is in charge of this program decided that it would be better to have the service in the Opera House because of the uncertainties of the weather. The program will be short, including a few selections by the band, the address by Dr. Harry Lane, the reciting of the Declaration of Independence and a song or two. Today, Dr. McCormac received a letter from Dr. Lane stating that he would be glad to come back here. It has been about thirty years since he visited here. His father formerly commanded the old Messenger. Dr. Lane was formerly mayor of Portland and is now democratic candidate for United States senator.

R. O. Graves is rounding up the program of field sports. He expects to have Chauncey Clarke and Arthur Blanchard as judges, A. H. Powers as timer and O. W. Briggs as starter to assist him in pulling off these events.

Issues Novel Advertising Folder for Coos Bay

Major L. D. Kinney has compiled a new folder advertising Coos Bay and today was presenting advance copies to his friends. It is cleverly gotten up and the text of it is as follows: "Prepare for the next great city on the Pacific Coast. Her wings are just now spreading while her name will fly over the civilized world. Her foundation is being built for a most wonderful development. "As a great city site, none can compare. "It is the last seaport of great magnitude undeveloped in the United States today. "We refer to the great, undeveloped seaport and harbor of Coos Bay, Oregon."
