## MEET TOMORROW ABOUT FOURTH

Local Musical Talent Insist on Being Paid Same as the Band for Services.

Another meeting of the general committee to arrange for the big three-day celebration of the Fourth of July will be held at the Chamber of Commerce Wednesday and it is expected that the general program will be outlined. R. O. Graves who has been appointed to take general charge of it expects to have things in readiness for the big event.

Dr. McCormac who was appointed to take charge of the special Fourth of July speaking program has encountered a new proposition which will have to be thrashed out at tonight's meeting. It is the demand of local talent demanding pay for participating in the program. He has seen several different ones and they declare that they will not donate their services in view of the fact that the Coos Bay band is being paid for its services. They declare that the band receives \$150 a month from the city and if it is going to be paid extra for the public entertainment, there is no reason why private individuals who do not receive anything from the city should contribute their services.

As Dr. McCormac has been allowed only a small amount for the program, it being presumed that most of those participating in the program would donate their services as they have in the past, he will have to put it up to the committee to act on.
