WASHINGTON, D. C., June 13.—The administration has not seriously considered sending General Wood or General Crowder or any other army officer to Cuba at present to bring about peace between the factions. W. S. Chandler Intimates Agreement Between S. P. and Terminal Railway.

W. S. Chandler reached Portland this week en route to Coos Bay and was to have reached here on the Breakwater today, but he remained over in Portland to confer with J. W. Bennett and others.

While in Portland, Mr. Chandler stated that an agreement between the Southern Pacific and the Terminal railway had been practically arranged. Whether the Southern Pacific was to take over the Terminal, he did not specifically state.

Mr. Chandler stated that everything looked as though the construction of the road would be started soon and rushed through. Mr. Chandler will probably arrive overland in a day or two.

J. P. O'Brien, vice president of the Harriman lines in Washington, and who formerly had charge of this district, also informed Coos Bay men in Portland this week that the matters relating to the Coos Bay line contracts had been practically arranged and that work would be started shortly.

BREAKWATER IN COUNTY ROADS ARE INSPECTED

Brings Large Passenger List—Sails North at Noon Tomorrow.

The Breakwater arrived in early this morning from Portland after a good trip down the coast. She had a good passenger list and an average cargo of freight.

Capt. Macginn reports that quite a rain was prevailing in Portland when he left, interfering greatly with the Rose Festival festivities. There was a big crowd there for the festival. The parade had to be called off one day on account of the rain.

A strong southwest wind was prevailing off the coast last night and Capt. Macginn said that the indications were that it would soon shift and clear up the weather.

The Breakwater will sail at 1 o'clock tomorrow for Portland.

Among those arriving on her were the following: C. Bradbury, L. A. Whereat, Jno. Noble, Geo. Flanagan, Jr., Mrs. L. Fay, Mrs. B. Davis, Dr. L. R. Quilliams, P. H. Quilliams, W. C. FAST TRIP OF NANN SMITH

Steamer Arrives in From Bay Point Early Today—Redondo Passes Inspection.

The Nann Smith arrived in this morning from Bay Point after a fairly good trip up the coast. Heavy fogs along the lower coast and stiff southerly winds delayed her somewhat.

She crossed in this morning the same time the Breakwater did. Last week, the Nann Smith came in about fifteen minutes ahead of the Breakwater so that the Breakwater gained a quarter of an hour on her in the round trip.

Capt. Olson reports that the Redondo passed the regular inspection at San Francisco this week and sails from there for Coos Bay today. She will arrive early Saturday.

This trip, the Nann Smith will take out a big consignment of pling which will be used in the construction of a new wharf for the C. A. Smith company at Bay Point. This will probably delay her a little. She will leave about 10 o'clock tomorrow morning.

Arno Meeen, Miss Dunning, Miss Doris Meeen, and Mr. and Mrs. J. V. Smeaton and two sons were the only passengers on the trip up.

COMMISSIONERS MAKE AUTO TRIP OVER THEM—CONSIDER FERRY CHANGE.

Judge John F. Hall accompanied by County Commissioners Dement and Armstrong arrived here last evening after having made an extended auto trip of inspection over Coos County roads. They inspected the Middle Fork and South Fork roads, the Coquille-Bandon road and came to Marshfield from Bandon up the coast road. Owing to the rain, the coast road was muddy and slippery and frequently the commissioners had to get out and shove the machine up hill.

They report good progress is being made on the road improvement projects. No particularly new work was outlined.

NO ACTION ON FERRY

The commissioners have not yet taken definite action on the proposed improvement in the ferry service between Eastside and Marshfield. One of the obstacles in the way is the ruling of State Labor Commissioner Hoff that the employees of the ferry Transit cannot be required to work more than eight hours per day. If they work longer, the county is subject to \$100 fine. The commissioners do not think the travel justifies another crew. They are now planning to reduce the service in the middle of the afternoon and extend it in the evening. The ferry now costs about \$300 per month to operate.

The commissioners at the adjourned term did not take up any particular new business aside from the allowing of bills, thus reducing the volume of business that will have to be handled at the regular July session.

FOR RAILWAY WORK.

(By Associated Press to The Coos Bay Times.)

CHICAGO, Ill., June 13.—The list of seconding speeches to President Taft's nomination was completed today with the selection of William Fletcher Penn, of Atlanta, a negro delegate from Georgia. Other seconding speeches will be made by Senator W. O. Bradley, of Kentucky, and Nicholas Burray Butler, of New York, after the President is placed in nomination by Warren G. Harding, of Ohio. (By Associated Press to Coos Bay Times.)

The twelfth delegate, P. W. Howard, his attorney, said, would support Roosevelt.

MISSOURI IS DIVIDED TO-DAY

Taft Given Six and Roosevelt Eight of the Contested Delegates.

(By Associated Press to the Coos Bay Times.)

CHICAGO, June 13.—The four Roosevelt delegates at large from Missouri were seated unanimously by the National Republican Committee. The motion was made by Senator Penrose.

All the Missouri districts were compromised, four for Roosevelt and six for Taft. The districts were the first, fifth, seventh and fourteenth. The Roosevelt men were seated in the first and fifth and the Taft men in the others. The vote was unanimous.

The Missouri decision followed a long conference between committee-men and contending factions. Governor Hadley said it had been decided that the questions of fact involved in the district fights were more properly questions to go before the credentials committee at the national convention. The result gives Taft six and Roosevelt eight out of Missouri's contested delegates, including the delegates-at-large.

ROOSEVELT LEADER ALLEGED TO HAVE PAID MONEY TO ALABAMA MAN.

SENATOR DIXON ISSUES DEFINITIVE TO HIS OPPONENTS

Also Charges Them With Tendering Federal Office to Committeemen.

(By Associated Press to Coos Bay Times.)

CHICAGO, Ill., June 13.—Charges of attempted bribery in the fight for delegates were made today by Senator Dixon, campaign manager for Col. Roosevelt. He charged that a member of the Republican National committee had been offered a United States Marshalship if he would vote for Taft on the contests now under consideration. "I am prepared to name the man if necessary," said Senator Dixon. "I sent word to the committee that any federal appointment made in the nature of a bribe for a Taft vote would be held up in the Senate."

Dixon dared the Taft managers to give the name of the Roosevelt leader who is alleged to have offered a bribe to a delegate in Alabama and the name of the man who received the money.

It is reported that the Taft managers have under consideration the introduction of a resolution in the convention requiring all the delegates to vote according to instructions given by their states until released by candidates.

The Taft leaders after a canvas declared they expected to control the credentials committee by a vote of 32 to 21.
