## GALLANT TEDDY

(By Capt. T. J. Macgenn.)

We are with you gallant "Teddy,"  
As we were at San Juan Hill,  
When you charged the Spanish trenches  
And the nation's blood did thrill;  
Yes! we're with you gallant "Teddy"  
And "By God" we're going to stay  
If you go back to the White House  
Or remain at Oyster Bay.

We are with you in the campaign,  
In the thickest of the fight;  
We were with you in the White House  
When you stood for what was right.  
We selected you as leader  
Of our great progressive host,  
For we know that ardent Teddy  
Ne'er forsook his battle post.

We were with you in the Jungle,  
We were glad when you came home;  
And we gave you a reception  
Like the victors go at Rome,  
Modern Caesar of Democracy,  
First Progressive of today,—  
Scholar! Soldier! Statesman! "Teddy!"  
The man from Oyster Bay.

If you differed with your best friend  
Famous leaders did the same;  
Caesar warred on gallant Pompey  
Who rivaled him in fame:  
Noble Brutus rebuked Cassius  
Because he accepted bribes,  
And Moses lost his temper  
When he led the Jewish tribes.

Great Alexander mocked his father  
And he slew his bosom friend;  
Napoleon's quarrels with his brothers  
Ne'er seemed to have had an end.  
So you're only human "Teddy"—  
Charge boldly in the fray.  
We'll be with you in November  
And on Nomination Day.

## THE SCHOOL ELECTION LAW

Qualifications of Voters to Participate in Them Given.

Many voters of Marshfield have wanted to know the qualifications of a voter at the annual school election. As Marshfield's election comes next Monday, it is appropriate at this time to quote the state law on the subject. A paragraph providing for several voting places in one city is also quoted.

Qualification of Voters.

Any citizen of this state, male or female, who is 21 years of age, and has resided in the district 30 days immediately preceding the meeting or election, and has property in the district, as shown by the last county assessment, and not assessed by the Sheriff, or which he or she is liable or subject to pay a tax, shall be entitled to vote at any school meeting or election in said district; provided, that, for the purpose of this section, any man who has declared his intention to become a citizen of the United States, and has resided in the state for six months immediately preceding the meeting or election where he proposes to vote, shall be considered a citizen of this state; provided, further, that any person shall be deemed to have complied with the property qualifications imposed by this section who presents to the directors or judges of election satisfactory evidence that he or she has stock, shares or ownership in any corporation, firm or co-partnership which has property in the district, as shown by the last county assessment, and not assessed by the Sheriff, on which such corporation, firm or co-partnership pays a tax, even though his or her individual name does not appear upon the tax roll; provided, further, that in districts of the third class any head of a family who is otherwise a qualified elector, and having children of school age, may vote at such election without property qualifications. The chairman of any school meeting, or qualified elector, is hereby authorized to challenge any person who may offer to vote at such meeting. In case an elector has been challenged as disqualified, it shall be the duty of the chairman of such meeting to administer to each person so challenged an oath that he or she will truly answer all questions propounded to him touching his place of residence and qualifications as an elector at such meeting; and upon taking which, if the meeting be in a district of the first or second class, he shall interrogate him respecting his citizenship in this state, his age, residence in the district immediately preceding the meeting or election, and whether he has property or shares in a corporation in the district, as shown by the last county assessment, and not assessed by the Sheriff, on which he or she is liable or subject to pay a tax; and if the meeting be in a district of the third class, he shall interrogate him as to whether he is the head of a family, and otherwise an elector, and has children of school age in the district. (L. O. L., Sec. 4089).

Voting Wards in Districts.

School districts of the first class may be sub-divided into voting wards by the directors of such district, such wards to conform as near as possible to the city wards comprised in its boundaries. The board of directors of all such districts, when so sub-divided, shall establish at least one polling place in each ward, the judge and clerks of which shall be qualified electors within the provisions of this act, and residents of such ward, and such elector shall be required to cast his or her ballot in that ward in which he or she resides. (L. O. L., Sec. 4090).

GOOD EVENING  
The infallible recipe for happiness is to do good.—Henry Drummond.

### ACCORDING TO PROVERB

"Early to bed and early to rise"  
Was a saying he never forgot,  
He wished to be healthy and wealthy  
and wise,  
But to tell you the truth he was  
not.  
He always was careful to look ere he  
leaped,  
And he always thought twice ere  
he spoke,  
But he never got much for the crops  
that he reaped  
And few were the records he broke.

He never crossed bridges before they  
were reached,  
His candle ne'er burned at both  
ends;  
He endeavored to practice the things  
that he preached,  
He was careful in choosing his  
friends,  
He remembered the rolling stone pro-  
verb and stayed  
In one little spot all his life,  
But his heels were run down and  
his trousers were frayed,  
And the neighbors all pitted his  
wife.

MORAL:  
There's a lesson these few simple  
verses reveal.  
Whoever peruses may find it;  
The proverb is good, but a very great  
deal  
Depends on the man who's behind  
it.

It would be altogether too soft if  
we could pull that "Spring fever" ex-  
cuse all the year round!

It takes the acid of adversity to  
ascertain if the saffron streak is  
there!

Acquire the knack and you'll  
achieve your niche!

When, a good many years ago, we  
brusquely informed the world that it  
owed us a living, the world smiled  
benignly and handed us an undated  
promissory note!

All of the bitterness is worth while,  
if only the lesson sticks!

The man who brags that he knows  
how to take a licking never has to  
wait long to prove it!

Some of us believe that it's impos-  
sible for us to boost for ourselves  
without hectoring it!—Clarence Cul-  
len.

We'd hate to throw an X-ray on the  
workings of the mind of the wife of  
the man who blames it on his buddies  
for getting brined!

Plunge into the pool of work and  
find the panacea!

That ever-whistling office boy plays  
hob with our nerves—but often we  
secretly envy him!

The self-kidder who laughs at the  
idea of a man cheating at solitaire

will nevertheless hold out on him-  
self!

Some friendly zig will always run  
after your hat when it blows off—  
but he won't do it twice!

### BEYOND THE LIMIT

He saw a moving picture of a lion  
and a bear,  
He saw a moving picture of a weird  
volcanic glare;  
He saw a moving picture of a cyclone  
in the sky,  
He saw them all and never even bat-  
ted an eye.

He saw a moving picture of an edu-  
cated whale  
And a thirty-nine foot python which  
formed letters with his tail,  
And a swimmer in the rapids 'neath  
Niagara's awful roar,  
And he didn't even whistle as he  
waited there for more.

Then they showed a moving picture  
of a railway to Coos Bay  
And his eyes stuck out in wonder as  
the engine moved away;  
Then he left that hall in laughter and  
he jeered with mocking mirth  
Saying, "Shucks! the thing's a swin-  
dle. Ain't no scene like that on  
earth!"

IT NEVER COMES AGAIN.  
There are gains for all our losses,  
There are balms for all our pain,  
But when youth, the dream, departs,  
It takes something from our hearts,  
And it never comes again.

We are stronger, and are better,  
Under manhood's sterner reign;  
Still we feel that something sweet  
Followed youth, with flying feet,  
And will never come again.

Something beautiful is vanished,  
And we sigh for it in vain;  
We behold it everywhere,  
On the earth and in the air,  
But it never comes again.  
—Richard Henry Stoddard.

### DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach  
the diseased portion of the ear. There is only  
one way to cure deafness, and that is by con-  
stitutional remedies. Deafness is caused by  
an inflamed condition of the mucous lining of  
the Eustachian Tube. When this tube is in-  
flamed you have a rumbling sound or imper-  
fect hearing, and when it is entirely closed  
Deafness is the result, and unless the inflam-  
mation can be taken out and this tube restored  
to its normal condition, hearing will be de-  
stroyed forever. Many cases out of ten are caused  
by Catarrh, which is nothing but an inflamed  
condition of the mucous surfaces.

We will give One Hundred Dollars for any  
case of deafness (caused by catarrh) that can-  
not be cured by Healy's Catarrh Cure. Send  
for circulars, free.
