SOCIAL CALENDAR WEDNESDAY

Jolly Dozen with Mrs. A. L. Burz.
Elks' Ball.
W. C. T. U. with Mrs. F. A. Wheeler.

Plan Reception—The Millicoma Club is planning to tender a smoker and reception shortly for the railroad contractors and representatives of the MacArthur Perks company who are on the Bay. The date will be announced later.

Threshing Machine—The Breakwater brought in a threshing machine for the Rumely Produce Co. of Coquille. Threshers are rare in Coos County as our grain fields are not extensive enough to make them necessary on many ranches.

Final Hearing—The final hearing of creditors in the bankruptcy case of D. R. Bascom of North Bend has been called to be held at the office of C. A. Sehlbrede July 5. C. E. Maybee, the trustee, has filed his final report in the matter.

New Chinese Flag—Gow Why is the proud possessor of the first flag of the new Chinese Republic to arrive in Marshfield. It is made of silk and has five large stripes representing different provinces of China. Their colors are red, yellow, blue, white and black.

Logger Hurt—A logger from Camp No. 6 of the Smith-Powers Co. was brought in last night to receive medical attention for injuries received in an accident there. It was discovered that his shoulder had been broken but he was not otherwise seriously injured.

Funeral Party—The body of Mrs. Martha Brown who died at the home of her daughter, Mrs. E. E. Hayes of North Bend, was shipped today to Coquille where burial will take place. The funeral will be held this afternoon from the Coquille undertaking parlors and will be under the auspices of the Eastern Star.

Return Next Month—Harry Nasburg has received a letter from Rev. R. E. Browning stating that he and Mrs. Browning will return to the Bay the latter part of July from Washington, D. C., where they are visiting relatives. It is very warm there and Rev. Browning says that Coos Bay breezes would be mighty welcome.

Send Up Balloon—The forerunner of the Fourth of July festivities was evidenced last evening when a fire balloon of medium size was sent up from the water front. It arose rapidly, the absence of wind resulting in it going up almost straight. A large crowd watched it until it was lost to view in the bank of fog that overhung the Bay.

Case Settled—Judge Coke in Circuit court at Coquille has handed down a decision in the case of the John Smith company vs. Dr. J. W. Ingram, reversing the decision in Justice Penneck's court and holding for the plaintiff. The case arises over a promissory note for a buggy which Dr. Ingram purchased several years ago in Washington.

Wins Wager—Hugh McLain has won a \$10 bet off W. U. Douglas. Mr. McLain was bothering Mr. Douglas about the republican wrangle last Friday and Mr. Douglas said he would bet \$10 that he could name the next president and named Justice Hughes of New York who Mr. Douglas expected would be named in case President Taft failed of renomination. Mr. Taft's nomination put Mr. Douglas to the bad.

Court is Over—Judge J. S. Coke this morning adjourned the special term of court at Coquille, having cleared the calendar of all cases ready for trial now. However, he will hold special sessions in Chambers in Marshfield to take evidence in a number of cases where the principals reside here. He and Court reporter Ira B. Riddle came over at noon. Mr. Riddle will leave shortly for his home at Roseburg.

Are Graduated—Misses Margaret Louise Colohan and Mildred Milissa Colohan, sisters of Mrs. R. M. Sarter, were members of the graduating class from St. Vincent's hospital at

Portland this year. The exercises were held last Sunday evening, the diplomas being presented by the Most Rev. Archbishop Christie. The Misses Colohan are from Klamath Falls. There were sixteen in the class. They will visit Mrs. Sarter here this fall.

Twins Born—I. S. Smith has received word of the birth of twins, a girl and a boy, to Mr. and Mrs. Geo. King at their home in California. Mrs. King was formerly Miss Leona Shaw, daughter of Mr. and Mrs. L. W. Shaw. Mr. Shaw was formerly agent of the Alliance and later of the Breakwater here and he and Mrs. Shaw are now in California. The little ones have been named Alice Louise King and Robert Shaw King.

Is Appointed—Chas. Miller has received the appointment as fourth assistant keeper of the Tillamook light house and will leave for there about the first of the month. He was formerly in the light house service, having served at Point Pinas, Calif., in 1904. It is expected that a light house tender will be here shortly and that he will go north on that. The tender will take the belongings of W. S. Denning who has been transferred from the Capt Arago lighthouse to Astoria. Mr. Denning's successor has not been named.

Macgenn's Old Ship—Capt. T. J. Macgenn of the Steamer Breakwater was surprised a few days ago to find a blotter in The Times office bearing the picture of his old ship, the Clipper St. Francis. The picture bore no name but he instantly recognized the rigging of the vessel. She was a three-master belonging to Chapin and Flint of New York and he sailed on her in 1886. She once made the trip from San Francisco to the Pitcairn Islands, a distance of 3720 miles, in twenty-five days.

To Let Contract—City Recorder Butler is calling for bids for cleaning and sprinkling the streets for a period of six months, beginning July 1. The contract will be awarded by the city council at its meeting next Friday evening. The council will also renew the liquor licenses for the next six months and it is expected that there will be a lively clash between Andrew Hekklia and the Coos Bay Liquor company over the license for the Brewery saloon. A number of street improvement matters are to come up.

Lad in Grief—This morning a fifteen-year-old lad who arrived here a few days ago from Roseburg appealed to E. H. Fish of the Bradley Candy company for aid. The boy walked in from Roseburg and said he had only a dollar left when he reached here. On account of his youth he found it difficult to obtain work and his last dollar was soon spent. He had not had anything to eat since yesterday and Mr. Fish took him to a restaurant and arranged for his meals until he could obtain something to do.

Buys Hotel—Word has been received here from Myrtle Point that T. T. Guerin has sold the Gearin hotel property at Myrtle Point to J. E. Schilling of Gardiner. The property is one of the best corners in Myrtle Point, being 100 feet square and having store buildings in addition to the hotel. The price is said to have been in the neighborhood of \$15,000. Mr. and Mrs. Schilling who have been enjoying an outing since they disposed of the Gardiner hotel are expected to take charge of the new hostelry about July 15.
