No. 299

WILSON NAMED FOR PRESIDENT ON FORTY-SIXTH BALLOT TODAY

New Jersey Governor Finally Victorious In Baltimore Democratic Convention.

UNDERWOOD DRAWS OUT THIS AFTERNOON

Clark Delegates Released and Nearly All Go to W. J. Bryan's Choice.

THE FINAL BALLOT

Table with columns for Wilson and Clark, listing vote counts for various states like Alabama, Arizona, Arkansas, etc.

CONVENTION BROKE ALL SESSION RECORDS

(By Associated Press.) BALTIMORE, July 2.—The democratic convention broke the record. Seymour, named by the democrats in 1869, was chosen on the 22nd ballot.

Associated Press to Coo Bay Times.

BALTIMORE, Md., July 2.—Gov. Woodrow Wilson, of New Jersey, was nominated for the presidency of the Democratic National convention.

The nomination was made after Underwood had been withdrawn. Clark had released his supporters and New York as a climax had moved to the balloting and make the nomination of Wilson by acclamation.

There was objection to this plan by W. J. Bryan. As the final roll came on state after state fell into the hands of the New Jersey executive.

The result was received with a demonstration by the delegates and spectators.

Senator Stone, of Missouri, moved to make the nomination of Wilson by acclamation and it was made unanimous, amid a terrific uproar. A demonstration was taken up by the immense crowd which had assembled outside the convention hall. The cheering was deafening.

An expected break in the solid Alabama vote of 24 for Underwood did take place on the 45th ballot.

Wilson people were anxiously waiting for a change in the Alabama vote in hope that it start the final balloting for their candidate. When the 46th ballot was called, however, Senator Bankhead, of Alabama, made a motion for Underwood, took the platform and made the announcement of Underwood's withdrawal. Bankhead then made a breathless silence. He Underwood had entered the convention hoping to be the nominee.

Wilson's chief desire was to eradicate the vestige of sectional feeling. It had been demonstrated by the Alabama support given the Alabama candidate in the preceding ballots.

Band Dance at Odd Fellows' Hall. Music by Keyzer's Orchestra, on each night of 2nd, 3rd and 4th.

THE MAN WHO WON MAY BE FIRST LADY

WOODROW WILSON. Present Governor of New Jersey and Democratic Nominee for President of the United States.

MRS. WOODROW WILSON. Woman Who Will Be "First Lady of the Land" if the Democrats Succeed in the Coming Election.

CAPT. VANIMAN AND FOUR PERISH IN BALLOON IN AIR

Noted Aeronaut Who Had Planned to Cross Atlantic in Dirigible Killed by Explosion at Height of 1000 Feet.

(By Associated Press to The Coo Bay Times.)

ATLANTIC CITY, N. J., June 2.—Melvin Vaniman and a crew of five were killed here early today when the balloon Akron in which Vaniman had planned to cross the Atlantic exploded at a height of about 1000 feet.

Three thousand persons witnessed the disaster. The dirigible was sailing at a height of one thousand feet and had been in the air about twenty-three minutes and apparently was making a very successful flight when suddenly the horror stricken crowds saw the huge envelope burst in the middle from an explosion, probably caused by the expansion from the heat of the sun's rays and plunge at a frightful velocity down into the water of Ansecon Inlet.

A mass of flames hid the ship from view for perhaps ten seconds after the explosion then became sharply outlined against the sun, leaving a long trail of flame, burning rubber and silk behind, which fluttered a few minutes and then followed the car into the water. In the descent, something which appeared to be the body of a man shot out and left the wreckage. It is reported that this headless body was Capt. Vaniman. It was recovered and four other bodies were sighted in the wreckage in eighteen feet of water. Mrs. Vaniman was in her cottage and became unconscious when informed of the disaster. This was the second flight of the airship, the first on Saturday, June 1, almost ended in disaster when the mechanism went wrong.

The list of killed includes: CAPT. MELVIN VANIMAN, MELVIN VANIMAN, his brother, WALTER GUEST, FRED ELMER, GEO. BOURTILLION.

A body taken from the water was identified as that of Calvin Vaniman. His head was cut, his eyes blown out, both legs and arms were broken and other injuries inflicted.

BRYAN PLEASED WITH RESULTS

Nebraskan Satisfied With What He has Accomplished at Baltimore.

(By Associated Press to Coo Bay Times.)

SEA GIRT, N. J., July 2.—Governor Wilson was seated on the veranda of the "Little white house" with Mrs. Wilson and his daughters when he received the news of his nomination.

"The honor is as great as can come to any man by the nomination of a party," he said. "Especially under the circumstances, I hope I appreciate it at its true value, but just at this moment I feel tremendous responsibility it involves even more than I feel the honor."

"I hope with all my heart that the party will never have reason to regret it."

CAMP CLARK THERE AT END

Defeated Candidate for Nomination Reached Baltimore This Afternoon.

(By Associated Press to the Coo Bay Times.)

BALTIMORE, July 2.—Speaker Clark arrived here from Washington early this morning and went into conference with Former Senator Dubois and others. Clark denied himself to newspapermen. Senator Stone said he would not go to the convention.

WASHINGTON, July 2.—Speaker Champ Clark and his son, Bennett, slipped away to Baltimore early today.

UNDERWOOD'S MESSAGE

Pledges Support to Successful Opponent in Convention.

WASHINGTON, July 2.—Congressman Underwood sent the following telegram to Gov. Wilson: "Accept my congratulations on your nomination. It will be my pleasure to support your candidacy to my utmost strength."

R. B. PORTER SAYS RAILWAY WORK WILL BE RUSHED ON NEW LINE

PORTER BROS TO RUN MILL

Report That Railroad Contractors Have Taken Over Property at Florence.

FLORENCE, July 2.—The sawmill owned by the Oregon & California Lumber company here, which has been idle for months on account of litigation, will begin work at once. The property has been taken over by a new company to be known as the Tidewater Lumber company, with head offices in Portland, controlled by Porter Brothers, who have most of the contract for building the Eugene-Coo Bay railroad.

Dan Bruhn, who is here in the interests of Porter Brothers, states that this will be the most prosperous year this section has ever known, as the mill will begin operations at once. Work will be begun on the railroad shortly, and the harbor improvement goes steadily on.

The steamer Roscoe, which has been tied up for some time, will be put on the run between Florence and Newport, to carry the freight necessary for the railroad building. The bar here is now in splendid condition, the steamer Anvil on a recent trip finding 18 feet of water. The Hurd Co-operative Packing company's cannery has been leased by W. E. Tallant, of Astoria, who will operate it during the coming fishing season.

EDGINGTON MOVES INTO FINE NEW OFFICE

The office of the Pacific Mutual Life Insurance company, R. W. Edgington, manager, has moved from 177 Front street to 310 Coke Building. Increased business demanded the change and the new location will give Mr. Edgington and his assistants a bright new office with new and modern furniture. It also gives additional room as increased business demands. Miss Myrtle Lund has been added to the office force as stenographer.

PROGRESSIVES MEET AUGUST 1

Call for Roosevelt's New Party Convention Will Be Issued Shortly.

(By Associated Press to Coo Bay Times.)

NEW YORK, July 2.—The National convention of the New Progressive Party will be held at Chicago on or about August 1. It was announced today by Senator Dixon after a conference with Roosevelt and a number of Roosevelt leaders. Senator Dixon said the formal call for the convention would be issued in New York in a day or two by the temporary committee on organization.

DILLON IS NAMED

Columbus Judge Republican Candidate for Ohio Governor.

COLUMBUS, Ohio, July 2.—J. Dillon, common pleas judge of Columbus, was nominated for governor on the fifth ballot of the Republican state convention today.

SENATORS SEND MESSAGE

Democratic Members Urge in Congregatory Telegram

WASHINGTON, July 2.—All the democratic senators on the floor upon receipt of the news of Wilson's nomination, joined in the following congratulatory telegram:

"We congratulate you and the country on your nomination. We are confident of your overwhelming victory."

Says They Will Probably Get Construction Started in Thirty Days.

EXPECT TO HAVE 1200 MEN AT WORK

Expect to Sub-let Considerable of Work—Tunnel Work in Winter Time.

"We hope to get construction work under way within thirty days and will probably have 1,200 men engaged in the work when we get it in full swing," remarked R. B. Porter, head of Porter Brothers who have the contract for building about eighty miles of the Coo Bay-Eugene line of the Southern Pacific. Mr. Porter left this morning via the Coo Bay wagon road stage for Roseburg. Accompanying him on his trip out were Grant Smith, another big contractor, and E. W. Wright.

Mr. Porter was rather reticent in discussing the railroad matters. He is decidedly conservative. He said that he and his brother, Johnston Porter, had carefully gone over the route from Eugene, walking a large portion of the distance in order to arrange for starting the work.

"We expect to prosecute the work from several different points simultaneously," continued Mr. Porter. "We will bring in equipment to the Siuslaw and the Umpqua and we can get equipment into this end of the big tunnel between Ten Mile and Umpqua from this side.

"The number of men we employ in the work will depend on the number of steam shovels that we put into service. When we get it going in good shape, we probably will have 1,200 men at work on it.

"Our contract for the work does not specify a date of completion more than stipulating that the work shall be prosecuted vigorously. We expect to push it as rapidly as possible.

"Just how much the rainy season will interfere with us is problematical. We will try and get all the tunnels opened up this summer so that we will be underground in them and can continue digging them during the winter. There is also a large amount of clearing of right of way to be done and this can probably be prosecuted during the rainy season to advantage.

"The exact date when we start construction is a little uncertain as it takes time to open up such work. We expect to sublet considerable of it on unit-bid contracts."

While here, Mr. Porter spent considerable time with Thomas Dixon, now representing the MacArthur Perks company here and with Mr. Weber, head of the commissary department of the MacArthur Perks company. Mr. Dixon is now opening the first camp for the MacArthur Perks company on the Rezin ranch on North Inlet. He stated last evening that probably all the work from there to Ten Mile would be done from this one camp. He expects General Superintendent Tinkler to reach here from Chicago within a few days. Mr. Tinkler's mail is now coming here.

Interested with Wright. According to rumor afloat here yesterday, Porter Brothers are interested in E. W. Wright's syndicate that has invested heavily in Marshfield real estate in the past year. However, when Mr. Porter was asked about it last evening, he stated that he was not interested in Mr. Wright's syndicate. He spent considerable time with Mr. Wright yesterday looking at some of the property which Mr. Wright had purchased and was said to be very familiar with the prices and description of it.

It was reported here that the Porter Brothers were planning to put in a big sawmill on the Siuslaw to utilize their large holdings of timber in that section. Mr. Porter last evening said that they had no plans for putting in a sawmill there.

Mr. Porter on his arrival yesterday telephoned A. H. Powers to meet him and Mr. Powers spent considerable time with him during the afternoon and evening. He and Mr. Powers were boyhood friends and later worked together in logging operations in Minnesota. Mr. Porter is a great admirer of the C. A. Smith mill here and insisted yesterday afternoon on taking Mr. Smith and Mr. Wright over to the mill and looking it over. He considers it a marvel plant.

Johnston Porter returned north from Gardiner. R. B. Porter stated last evening that he hoped to return here soon and spend several days looking over this section and enjoying a few days hunting and fishing. At any rate, he said he would be here more or less of the time when construction is underway on their contract.

Last evening he was "kidding" Mr. Powers more or less about the latter's description of Coo Bay weather. He said that Mr. Powers had told him that there were several months in the summer when no rain fell and on this trip down, it rained every day.
