

SHOOTS CHILD AND HUSBAND

Portland Woman Insanely Jealous of Chauffeur Husband and Commits Murder.

(By Associated Press to The Coos Bay Times.)
PORTLAND, Ore., July 16—Mrs. Nettie Walsh, wife of a chauffeur, today fired three shots at her husband who jumped from a window into the street. She then killed her four-year-old son, Vincent Walsh, and probably fatally shot herself. The husband was not wounded but only slightly injured by jumping from the window.
Mrs. Walsh was insanely jealous of attentions alleged to be paid her husband by a stenographer of a taxicab company in whose employ the husband was. Last week Mrs. Walsh attempted to shoot her husband and the stenographer but was dissuaded by a detective. A reconciliation was effected and all was apparently serene between them. Today however she suddenly drew a revolver screaming "you dirty dog, I am going to kill you," and began firing at her husband. The man made a rush for the window and jumped into the street. Turning the weapon upon the son, the woman fired three shots into his body, killing him instantly. She reloaded the revolver and fired two bullets into her own brain.

Will Bar Confetti.

Mayor Straw said that he understood it was the sentiment of the people that the council should take some action to bar the throwing of confetti on holidays and the use of fireworks. City Attorney Goss explained that it was understood when the confetti was allowed this last time that the council was to bar its use hereafter. Ordinances to prohibit the fireworks and confetti will be prepared.

Pier Line Matter.

City Attorney Goss said that while he was in Portland he had a conference with Mayor Morrow regarding the moving out of the pier line on the Marshfield waterfront. The idea is to put the pier line out farther into the channel, making more room for boats. Mr. Goss said Mayor Morrow thought that the permission could be secured and that while the bulkhead line must remain where it is now the pier line could be extended 20 feet provided that the property owners would get back the building line 20 feet, thus giving 40 feet of wharf. The matter was referred to the waterfront committee.

Mrs. Slough.

Mr. Goss said he also discussed with Mayor Morrow the matter of filling Mrs. Slough and that the engineer thought it would be a difficult matter to do. Mr. Goss said he thought some action in this line could be secured through the state board of health.

Other Business.

Bills were allowed and the council allowed \$75 for the night library and the monthly \$150 to the band.
Hugh McLain asked that he be allowed some money on the Anderson avenue work which is now partly completed and the engineer was instructed to figure up how much would be proper to pay.

TERMINAL ASKS FOR EXTENSION

(Continued from Page One.)

would go right on working and that the pile driver on the north end of Front street was in operation and would continue to drive piling.

City Attorney Goss said that a "reasonable length of time" for an extension was too indefinite for the council to grant. Mayor Straw said that he felt inclined to help the company. Councilmen Allen, Savage and Merchant were also inclined to favor the company. Councilman Ferguson said that he thought the whole matter had better rest as it was now until Mr. Chandler could appear and ask definitely as to how much time the company wanted.

Mr. Bennett called attention to the fact that the company had expended about \$15,000 and had done good work and said that while the company could go ahead and finish the work according to the contract with the city within the time specified, it would be very expensive to do so, and would be something of a hardship.

Finally after the councilmen discussed the matter Mayor Straw told Mr. Bennett that he could report to Mr. Chandler that the councilmen expressed a friendly feeling and that as long as the Terminal company kept on working there would be no inclination to create any hardships or to antagonize and that they seemed willing to grant an extension or help the company in any way that was reasonable. There was no official action taken to place the council in record as to anything binding.

A Wonderful Tonic That Aids Digestion

Thousands are unable to digest certain kinds of food. In most cases it is not the fault of the food, nor the stomach. It is probable that the stomach has been abused. Many resort to pre-digested foods and various kinds of medicines to get relief from dyspepsia, indigestion and heartburn, but without permanent benefit.

If your stomach was in perfect condition, you would not need medicine to digest the foods you eat. Jayne's Tonic Vermifuge is a stomach regulator. It gets the stomach in such a condition that it will digest food without other assistance. It overcomes the acidity and stimulates the coating of the stomach and intestines so that they will properly absorb and assimilate the nutriment from the food eaten. Sufferers from dyspepsia and indigestion will find permanent relief in a short time after beginning the use of the tonic. For children, the addition of a little sugar will make it most palatable.

Many forms of supposed indigestion are the result of intestinal parasites, for which Jayne's Tonic Vermifuge is unsurpassed. Insist upon Jayne's; accept no other. Millions have praised it for more than eighty years. Sold by druggists everywhere. Dr. D. Jayne & Son, Philadelphia, Pa.
