A Tonic For Tired Women

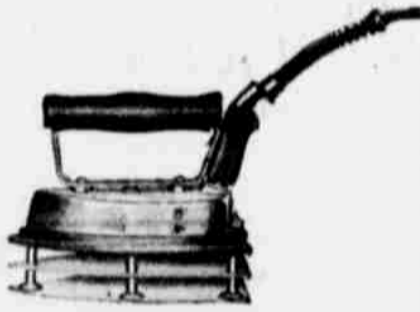

A tonic does not always remove the cause of that "tired feeling."

Frequently women have to work so hard that a tonic does not have any effect.

One of the causes of a woman's weariness is the weekly ironing—by old-fashioned methods.

The modern way—with an Electric flat iron—eliminates hard labor and makes Tuesday a day of pleasure.

Plan Picnic—The members of the Ladies' Social Sewing Club will enjoy a picnic at the ranch of Mrs. Elizabeth Adams on Coos River Thursday.

Admitted to Bar.—C. I. Reigard today received his certificate of admission to practice before the Oregon bar, the certificate coming from the Oregon Supreme Court.

Some Salmon.—So far the run of salmon into Coos Bay this season has been very light. It is early for them yet. During the last few days, some of the boats have caught a few.

Plan Social.—The monthly social of the Epworth League will be held Friday evening on Nob Hill. Those who will attend are to meet at the Methodist church and will go out from there.

En route Home—Friends of Mrs. M. A. Sweetman have received word from her stating that she is in Kansas City on her way home and that she longs for the cool refreshing breezes of Coos Bay once more.

For New Homes—The Njerdum Brothers started grading on their lots on Fifth street yesterday preparatory to the erection of their fine residences there. The contracts for the building have not yet been let but the plans are being figured today.

Plan Picnic—Jack Sneddon is arranging for the annual Caledonian picnic. The exact date has not been fixed but it probably will be held about August 18 at Charleston Bay. The eighteenth annual picnic of the Suomi Society will be held at Eneberg's Grove on Coos River Sunday, August 4.

Daughter Is Born.—A daughter was born to Mrs. Frank Tanner, widow of one of the victims of the launch North Star disaster a few months ago. Frank Sacchi, as chairman of the North Star Relief fund, has arranged for the caring for the mother and infant and a number of women are planning to furnish clothing for them. Any articles suitable for infants will be acceptable.

Road Delayed Again—Work on the water level road between here and North Bend has been suspended owing to the fact that North Bend has run out of funds. The road from Plat B to the Marshfield end was almost completed but not quite. There is a little lacking on both ends to make possible the use of the thorough fare from here to some point at Plat B, from where a good road could easily be made to connect with the North Bend road.

Auto's Hard Trip—Ralph Barker of South Inlet was in Marshfield today enroute home with an auto which he and his wife crossed the continent in. They drove the machine from Exeter, N. H., to Remote where the bad roads caused a breakdown which compelled them to leave the car there. This was two or three months ago. The car was completely equipped for an outing jaunt and attracted considerable attention on the street today.

Recovers Chain—Through a Times want ad last evening, Mrs. Wm. McMullen of Empire recovered a gold neck chain set with topaz agates. The chain belonged to her little daughter and was lost on the street here yesterday. Mrs. W. T. Merchant picked it up and brought it to The Times office and a few hours later, Mrs. McMullen appeared to insert a lost ad and was told of the article being found. This is one of the numerous quick returns from The Times want columns.

New Association—The Douglas County Fire Patrol Association which was recently organized with F. E. Alley as secretary and R. E. Smith as treasurer has taken over part of the territory which has hitherto been looked after by the Coos County Fire Patrol. The latter association now has twelve fire wardens in the field and plans to put out a number of additional ones August 1 when the danger of forest fires will be increased as a result of the hunting season opening on that date.

Are Honored—S. B. Cathcart of Marshfield at the annual meeting of the Oregon A. O. U. W. in Portland last week was honored by election as inside watchman. It was decided to increase the per capita tax from twenty to twenty-five cents and abolish the special assessment of fifty cents per year. The Degree of Honor

which met at the same time elected Mrs. Margaret E. Herrin of Portland Grand Chief of Honor. Mrs. Herrin is quite well known on the Bay, having visited Mrs. J. T. McCormac here some time ago.

Demand for Houses—There has been a big demand for modern houses here lately. There have been numerous inquiries for them but there are hardly any vacant ones. Several new ones are now in contemplation but most of them will be occupied by the parties building them.

No "Ragging" There.—Manager Fred Wilson, of the Coos Bay Concert Band, announces that no "ragging" will be permitted at the dances to be given by the Coos Bay Concert Band. A few have approached him and asked that a few "rags" be added to the program for next Saturday night, but he positively refuses to permit them. A number of the better element who have been patronizing the band dances have been unqualified in their approval of his stand in the matter.

Buy Barber Shop.—Hulen and Busby, better known as "Ed" and "O. K." have purchased the Leader Barber Shop from C. A. Seymore and will conduct a modern and up-to-date establishment. They were formerly with H. H. Bradford and have a large circle of friends here who will wish them success in their enterprise. The shop will be known as the Antiseptic Barber Shop and the prices agreed upon at the last meeting of the boss barbers will be adhered to. Mr. Seymore expects to leave for California shortly after disposing of his restaurant, the Coos Cafe.
