

COAST LEAGUE BALL SCORES

New Series of Games Opens
Today—Sacramento Plays
at Portland.

PORTLAND, Ore., July 23.—No games were played in the Pacific Coast League yesterday. It being moving day. Today a new series starts with the teams playing as follows:

Sacramento at Portland.
Vernon at Oakland.
San Francisco at Los Angeles.

NORTH BEND NEWS
Chas. Thom, who has been quite sick is reported improving.

Misses Grace and Blanche Williams of North Bend Heights spent Sunday in Marshfield.

Miss Bessie Baines, of Sherman avenue, left this morning for Daniels Creek to visit with friends.

Mrs. Kinzey who has been visiting her sister, Mrs. Jennie M. Stewart, will leave soon for her home at Halfway, Ore.

Dr. Bird B. Clarke and family of Sherman Avenue and Mrs. P. McCann of Portland spent Sunday at Sunset Beach.

Percy Peet of Eastside has moved his family from the Moran residence to his new home which has just been completed.

Mr. and Mrs. F. W. Stevens of North Bend Heights who have been visiting friends on South Coos River have returned home.

Mrs. C. H. Brouillard and her sister-in-law, Miss Della Brouillard, left yesterday on the Redondo for San Francisco and California, points where they will visit for a while after which Miss Brouillard will return to her old home at Charles City, Iowa.

SEE NASHVILLE STUDENTS SOON

Great Organization of Colored
Players Appear at Royal
Saturday Night.

The question is often asked of Mr. Culligan, How is it that your show produces so much diversified amusement with such a small number of performers? After all the explanation is very simple. The Nashville Students carry nothing but the best talent that money, long experience and constant practice can produce. Every member of the company is a college trained man, which has developed the best that is in him along with his natural talent as an entertainer. You will find him always a clean-cut, refined negro. His very dress and bearing mark him as being well adapted to his special line of work. There is not one in the whole company that cannot tell an interesting or amusing story, sing a song or do a dance and you will always find him at his best when playing an instrument in the band. Not only that, but Mr. Thos. Culligan, owner and manager of the show is one of the best known, oldest and longest experienced white men in the handling of colored shows. You would find him a slow spoken pleasant faced Irishman who knows every phase of the colored show business and is always delighted to talk over old times with the manager of tea house or trouper. He at least has a speaking acquaintance with nearly every man of note in the profession, most of them are his personal friends and he is a walking book of information concerning the business. His memory is very retentive, he can tell you about towns down to the smallest detail that he has not visited for years and his judgment concerning good and bad towns for business can seldom if ever be questioned. He is thoroughly wrapped up in his work and believes that he has the most wonderful little organization in the country today. All of his performers are devoted to him and consider that he is the greatest manager under the sun. In fact there is not a colored performer in the country that is not willing to work for him. He is lovable, kind, generous to a fault, and always holds their undivided confidence, consequently he secures the best results to be had from a show of the character of the Nashville Students. He is a firm believer in giving the people a great show for little money, and he is doing it today as never before. There is something doing every minute from the time the curtains rise till the closing—singing, dancing, comedy, mirth, music, and novelty acts fill the evening's performance, which lasts over two hours. They carry an excellent small band, giving a band street parade in the afternoon and a concert in front of the theater at 7:30 in the evening. The Nashville Students will be at the Royal Theater two nights commencing Saturday, July 27, 28 and 29 cents.

BEST ROOM TO BE PROVIDED

Marshfield Council Considers
Plan of J. M. Upton—
Water Problem.

J. M. Upton appeared before the Marshfield council last night and suggested that some means be provided whereby a woman's rest room might be established in the city. Mr. Upton pointed out the need for such a room and said that especially on July Fourth and other holidays it would be a great benefit. He said that while the ranchers the loggers and others were well treated here, the women had no place to rest and he believed that steps should be taken to provide for their comfort. Councilman Ferguson suggested that the matter might be taken up in connection with the public library. The matter will be considered at some future meeting.

Front Street Settles
City Engineer Gidley said that City Health Officer Mingus had called his attention to the necessity of a sewer on Fifth street between Commercial and Central. The conditions there are very bad at present. Mr. Gidley was instructed to prepare plans and specifications. Plans for a sewer on Market avenue between Fourth and Sixth were also ordered drawn.

Engineer Gidley also brought up the question of finishing North Front street where the Terminal Railway has completed laying its tracks. He said that the street had settled in places so that in some portions the tracks would be six inches above the grade and in others the same distance below. He figured that it would cost the city between sixteen and eighteen hundred dollars to bring the sides, not including the portion lying inside of the outer tracks, to a level grade. The part of the street lying between the rails will have to be put into shape by the Terminal company.

The fill was not properly made and Engineer Gidley believed the only way the level grade might be established would be to take up the paving and even off the concrete. It was thought that the city could not afford to do this and that the property owners had already been heavily taxed. No action was taken on the matter and it will be allowed to rest.

Repair Hall Avenue
Plans and specifications for the portion of Hall avenue between Front and Fourth streets were ordered drawn. The street will have to be repaired and on account of the heavy traffic to and from the depot it was decided that immediate action was necessary.

The next meeting of the council will be held on August 5.

The city council will have signs printed to be placed in different parts of the city stating what the speed limit is for autos. On the roads leading into town they will read, "Slow down to fifteen miles." The speed ordinance will be enforced more stringently in the future.

Last night's meeting of the city council was short and few were in attendance outside of the councilmen. Mayor Straw was not present, being out of town and Councilman Allen presided.

The first piece of business taken up was an ordinance declaring a rebate on the assessment for the improvement of Hall avenue from the west line of Fourth street South to the east line of South Seventh street. The total rebate amounted to \$455.52.

It was voted that the council meet as a board of equalization to equalize the assessment on Fourth street from Central to Donnelly and the date set for hearing protests was August 5. The assessment for one side of the street is about fifty four cents per front foot greater than on the other on account of sidewalk improvement.

Water Question Up
City Attorney J. D. Goss said that the committee appointed to confer with J. W. Bennett and J. H. Flanagan to secure better water service hoped to be able to make a report at the next meeting of the council. Mr. Goss said that both Mr. Flanagan and Mr. Bennett had agreed to put a good engineer in charge of the water system if the hydrant rate would be raised. Their claim is that the present rate was so low that the best service could not be expected. The matter will be taken up later.

The matter of keeping a clear passage on Front street where the pile driver is operating was discussed but no action was taken. Marshal Carter has authority to clear the street so that vehicles can pass.

USE ALLEN'S FOOT-EASE

The antiseptic powder to be shaken into the shoes. If you want rest and comfort for tired, tender, aching, swollen, sweating feet, use Allen's Foot-Ease.
