CHARLES C. HADLEY KILLED IN BANDON IN MYSTERIOUS MANNER

Neck Broken In Violent Fall Without Any Apparent Cause.

CRONER'S JURY PASSES CASE UP TO GRAND JURY

Conflicting Stories Told—Joe Coach Involved in the Tragedy.

(Special to Times.) BANDON, Ore., July 30.—Last morning about 6:45 Charles C. Hadley was seen to fall on the sidewalk near Main street and when a few moments later was pronounced later to be a broken neck. The case is a most unusual one and the dozens of conflicting stories and rumors about it is difficult to believe at the facts in the case. Even the coroner's jury after examination of many witnesses did not render a definite verdict but passed it up to the grand jury for investigation. From the mass of conflicting reports it is gleaned that a few minutes before the tragedy, Hadley, who was slightly intoxicated, had quarrelled with Joe Coach in the Club Saloon. Hadley and Coach left the saloon and were followed by some of the others. A few minutes later Hadley was seen falling forward on his face. The sidewalk was without obstruction and a number of witnesses claim to have seen him fall they all swear they did not see any cause for the fall. Some of the testimony is to the effect that Coach was ten or twelve feet away at the time. Coach who was also on the stand, denied having struck him. When examined by the physicians a bruise was found at the base of the right ear from which a little blood exuded. The right cheek was bruised. When before the coroner's jury the two Bandon physicians testified that death resulted from the neck being broken at the vertebrae and that the bruise on the cheek and ear might have been caused by the fall. Among the witnesses examined were E. J. Gilsie, Floyd Jorgensen, N. J. Gilsie, J. W. Coach and Harry Lockwood.

In the absence of Coroner Wilson, the duty of the Peace C. R. Wade acted in his place. This morning he empaneled a jury consisting of: E. Koepf, Charles Lockwood, John Morris, Oliver Howell, E. E. Boak, P. P. Plymale. After an examination of the witnesses and hearing the testimony of the physicians the jury returned a verdict finding that Charles C. Hadley came to his death Monday evening from some violent cause to them known and recommending an investigation by the grand jury. There is a general disposition to believe the conflicting reports and distance between stories told on the night before and before the coroner's inquest this morning is cause for much comment. Charles C. Hadley, the victim, is a unmarried young man about 27 years of age, who has been working in the logging camps in this vicinity the past three or four years. He is from somewhere in the east and his parents, it is thought, live in Ohio. W. Coach, whose quarrel with Hadley a short time before his mysterious death is made the basis of the jury reports, is a son of Col. Coach, the late millionaire timber

NO CHANGE IN CATHOLIC MARRIAGES

Rumor of Abolition of Pledge In Mixed Unions Officially Denied.

(By Associated Press to The Cooos Bay Times.)

WASHINGTON, D. C., July 30.—No change in the Roman Catholic church law relating to the marriage of Catholics with non-Catholics in the United States has been made by the recent order of Pope Pius affecting such cases according to Monsi-

nor Bonaventure Cerretti, secretary of the Papal Legation. Cerretti said his order as explained from Rome simply restored force to a provision of the church law governing mixed marriages in Germany and Hungary which had to be suspended early in the nineteenth century. This provision allows priests to attend as witnesses mixed marriages where the principals decline to follow the church law. Cerretti said all the provisions of the decree "No temerum" are still in force in the United States and England.

BRITISH COURT'S FINDINGS ON TITANIC WRECK GIVEN OUT

ASK AID FOR MEX. REFUGEES

Americans Fleeing From Danger Zone Reach El Paso In Pitiable Plight.

(By Associated Press to the Cooos Bay Times.)

WASHINGTON, W. C., July 30.—Efforts will be made to have the million dollars of the unexpended balance of the money appropriated for the Mississippi flood sufferers diverted by Congress for use in caring for American refugees now pouring into El Paso from Mexico. The army there has aided the sufferers by giving them tentage for temporary shelter. Orders were issued to send tents for one thousand immediately from St. Louis.

Finds That Disaster Was Due to Excessive Speed and Improper Watch.

J. BRUCE ISMAY HELD BLAMELESS BY THEM

Liner Californian Censured for Not Attempting to Go to Rescue.

(By Associated Press to Cooos Bay Times.)

LONDON, July 30.—The decision of the English Board of Trade Court of Inquiry into the Titanic disaster in mid-ocean April 14 and the loss of 1517 souls was made public today. The court finds the collision with the iceberg was due to excessive speed, that proper watch was not kept, that the ship's boats were properly lowered but that many arrangements were insufficient, that the Leyland liner Californian might have reached the Titanic had she attempted to do so, that the track followed was really safe with proper vigilance and that there was no discrimination against third class passengers in the saving of life. The court exonerates J. Bruce Ismay, chairman and managing director of the White Star line and Duff Gordon, a passenger, of any charge of misconduct. Of the attack on Ismay, Lord Mersey said: "It resolved itself into a suggestion that occupying the position of managing director of the line some moral duty was imposed upon him to await on board until the vessel foundered. I do not agree with this view. Mr. Ismay after assisting many passengers away got on the last boat the Titanic actually lowered. No others were there at the time and there was room for him and he jumped in. Had he not done so, he would merely have added one more life to the number lost."

The court suggests that an international Congress adopt regulations for ocean travel.

TRY TO FORCE EARLY TRIAL

Opponents of Judge Archbald Demand Retirement Pending Impeachment Proceedings.

(By Associated Press to Cooos Bay Times.)

WASHINGTON, D. C., July 30.—A movement is on foot among those who are demanding an immediate trial for Judge Archbald to require as a condition of the postponement of the case that the jurist retire from the Commerce Court Bench until the case is decided. The vote on the question of postponement is expected either Thursday or Saturday.

TURKEY READY TO END WAR

Porte Willing to Enter Peace Negotiations On Easy Terms.

(By Associated Press to the Cooos Bay Times.)

CONSTANTINOPLE, July 30.—The Turkish government is willing to enter into peace negotiations with Italy if they are conducted in a manner compatible with Turkey's honor and dignity. This was announced today during the reading of a new ministerial proclamation.

TELLS ABOUT RAILWAY LINE

Eugene Paper Prints Graphic Story of What Cooos Bay Road Will Mean.

The Eugene Guard prints an illustrated article on the new Cooos Bay-Eugene line in which it says in part: What the building of the Willamette Pacific railway from Eugene to Florence and Cooos Bay means to the cities along the route and to the entire country through which the road traverses is hardly realized by the average citizen. The road is being built through the finest body of standing timber in the world. This timber, as everyone knows, will find a market somewhere and every stick of it will be shipped, in the form of finished lumber or logs in the rough, through Eugene, Florence or the cities on Cooos Bay. This means that numerous sawmills of large capacity will be erected at the points mentioned, giving employment to thousands of men at good wages (and it is the wage earner that makes the country).

BIG TIME BY SHRINERS HERE

Initiation in September Will Bring Several Hundred From Ashland.

Upwards of two hundred Shriners will make the pilgrimage from Ashland and vicinity to Cooos Bay by auto for the big initiation to be conducted in Marshfield by Allah Temple, Ancient Arabic Order, Nobles of the Mystic Shrine, at Ashland, according to D. B. Grant who is here to arrange the preliminaries. The Shriners plan to have one of the biggest lodge doings here then that has ever been held in Southern Oregon. A class of about fifty will be initiated. There are now about twenty-five Shriners here. The newly initiated Shriners will be members of the Ashland Temple. An effort was made to get a charter for a temple here but it requires a membership of four hundred to secure a temple. The initiation and ceremonies attendant thereto will last for three days, September 2, 3 and 4. Besides the delegation from Ashland, it is expected that Shriners from Portland and many other Oregon towns will be in attendance. A. T. Haines, W. J. Rust, George Weststead, Geo. F. Murch and others are arranging to have the town gaily decorated to receive the visitors.

ALL JAPAN IS IN MOURNING

People of Flowery Kingdom Unite In Tribute to Dead Mikado Today.

(By Associated Press to The Cooos Bay Times.)

TOKIO, July 30.—Calm reigns throughout the empire and all the people have put on signs of mourning. Festivities and public functions have been stopped. In the meantime great state functionaries are conferring almost constantly at the imperial palace upon the arrangements for mourning and the body lying in state. It is expected that all members of the cabinet will offer their resignations as is customary when a change of rulers occurs. The new emperor and empress as well as the dowager empress remain virtually in seclusion.

REGRET IS EXPRESSED

President Taft Calls on Jap Ambassador Today

(By Associated Press to the Cooos Bay Times.)

WASHINGTON, D. C., July 30.—President Taft accompanied by his aide, Major L. L. Rhoades, called at the Japanese embassy today and expressed in person to the Ambassador his deep regret over the death of Emperor Mutsu Hito.

WILL DISCUSS WATER FRONT

Important Meeting to Be Held at the Chamber of Commerce Tonight.

It is expected that some definite plans for improving the Marshfield waterfront will be agreed upon at the meeting of the property owners affected and the business men which will be held at the Chamber of Commerce this evening to discuss the matter. The meeting was called by F. E. Allen, chairman of the waterfront committee of the city council, who has been an earnest advocate of beautifying the waterfront and making it more serviceable.

Some of the tenants of the buildings along the waterfront have been urging the clearing of the wharves for some time. It is said that all except one property owner in the two blocks between Commercial and the city hall have agreed to remove the warehouses and buildings on the wharves if the others do so. This will facilitate the matter considerably.

The plan is to take advantage of the government engineer's suggestion that if the property owners would concede a 20-foot strip, the government would set the harbor line out an additional 20 feet, enabling the opening of a 40-foot street along the waterfront. This would give the buildings east of Front street frontage on two streets, a decided business advantage in addition to making that section much more attractive to the newcomer who gets his first impression of Marshfield from a boat as he comes up the Bay. It is also expected that an endeavor will be made to clear away the ill-appearing old boat houses and sheds along the waterfront in the north part of town.

SUMNER WILL GO TO TURKEY

Former Cooos Bay Railroad Man to Build Line in Sultan's Domains.

H. A. Sumner who spent considerable time on the Bay is now arranging to go to Turkey where he will have charge of the construction of a railway, presumably for the MacArthur Perks people, according to word received by friends here today. Mr. Sumner did the preliminary work on the Pacific Great Western and Pacific Coast line for the MacArthur Perks people here. Mr. Sumner has been sort of "an advance guard" for the MacArthur Perks people.

There was very little other railway news afloat here today.

Circulate Petitions

Dr. E. Mingus was today circulating the petitions urging an adjustment of the differences between the Southern Pacific and the Terminal Railway. This was discussed at a meeting of the Chamber of Commerce a few weeks ago. The petitions, it is understood, were suggested as a means of securing an expression from the people of Cooos Bay of their attitude on granting the Southern Pacific an entrance to the city. C. A. Smith, especially, is understood to have requested such an expression. Mr. Smith is now in Europe and will not return for a few months.

MURDER PLOT IS REVEALED

Sensational Revelations in New York Gamblers and Police Frame-up.

(By Associated Press to Cooos Bay Times.)

NEW YORK, July 30.—Herford Marshall, "Jack Sullivan," "Jacob Reich," the go-between of Lieut. Becker and Jack Rose are now held in the Tombs in connection with the murder of Gambler Rosenthal. It was announced that Sullivan was ready to tell all he knew on the witness stand and that his story would prove more astounding than any yet told. Sullivan, he said, would not talk to the police or district attorney. The indictment and arrest of Police Lieutenant Charles Becker for the murder of the gambler, soon after the confessions of "Bald Jack" Rose, "Bridgie" Webber and Harry V. Allen revealed today to District Attorney Whitman "the Police System" in all its hideousness. The confessions are alleged to implicate those higher up than Becker. Rose confessed that Becker came to him and was desperate over Rosenthal's intention of telling all he knew of his relations with the police. The lieutenant said "Rosenthal has lived too long. He's got to be put out of the way." Rose told the public prosecutor and grand jury how the murder band was hired at the instigation of Becker and after the killing of Becker met with Webber and himself and promised complete police protection.

The confession shows that the murderers were "Lefty" Louis or Lewis Rosenawig, Harry Horwitz or "Gib the Blood," Frank Mullen or "White Jack" Lewis and "Dago Frank" Cirofici. Only Cirofici has been apprehended. These gun men who are members of the notorious "Mig Jack" Selig gang, pled themselves with liquor and then went out to shoot Rosenthal. The price said to have been paid them was five thousand dollars.

With the ground slipping from under him day by day, Rose accepted the advice of his counsel to confess. To his attorney, James Sullivan, he said, "If you see it that my wife and children are protected, I will come across and tell all about this. I am afraid it will be the end of me. No cell on earth will be strong enough to keep life in the man who gives up about this killing." Counsel for Webber and Valien, catching the drift of things, also advised their clients to tell the truth and become immune.

TO PROTECT AMERICANS

United States Serves Notice That Outrages Must Cease

(By Associated Press to The Cooos Bay Times.)

WASHINGTON, D. C., July 30.—Secretary Knox has officially informed General Pascualta Orozco, leader of the Mexican rebels, that attacks on American people and property in Northern Mexico must be stopped immediately or the United States will take preventative measures. President Madero has been requested to send troops to Northern Mexico and he has answered that troops are on the way and expects them to be there soon.

NEGROES CALL ON ROOSEVELT

Blacks Want to Know Stand of Progressive Party on Race Question.

(By Associated Press to Cooos Bay Times.)

NEW YORK, July 30.—The attitude of the National Progressive party on the race question inquired into today by a delegation of negroes who called on Col. Roosevelt. Representatives of three states were in the delegation. He assured them that he would do all in his power to secure for the negro his full rights under the constitution. Roosevelt postponed a detailed definite statement about the "Lilly Whites" saying that in a few days he would make a public statement of his ideas of the attitude of the National Progressive party.

TRIES TO ROB REES' HOME

Will Sneddon Thwarts Would-Be Burglar Last Night—One of Series.

Last night, some prowler tried to break into the Dave Rees home on Market avenue near Fourth street. Mr. Rees and family are camping at the beach but his brother-in-law, Will Sneddon, has been sleeping there. Mr. Sneddon was awakened by the efforts of the prowler to break in and arose. The latter immediately took to his heels and hit up a record breaking clip when Mr. Sneddon fired a couple of shots after him. Recently there have been a number of attempts to break into homes on the Bay but in practically every instance the miscreant has been thwarted. Careful watch has been kept but so far no definite clues have been secured. It is evidently the work of the same party.

During the last few weeks there have been a number of suspicious looking parties around town. Some of them were recently "vagged" by Marshal Carter.
